SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Report and Order*, CS Docket No. 94-95, adopted May 16, 1995 and released May 25, 1995. The complete text of this document is available for inspection and copying during normal business hours in the FCC Reference Center (room 239), 1919 M Street NW., Washington, DC 20554, and may be purchased from the Commission's copy contractor, International Transcription Service, (202) 857-3800, 1919 M Street NW., Washington, DC 20554.

Synopsis of the Report and Order

1. Before the Commission is the *Notice of Proposed Rule Making* adopted on August 12, 1994 and released on August 15, 1994, 59 FR 43805 (1994), issued in response to a petition filed by Public Interest Corporation, licensee of television station WTMV(TV), channel 32, Lakeland, Florida ("WTMV"). The *Notice* proposed to amend § 76.51 of the Commission's Rules, to change the designation of the Tampa-St. Petersburg-Clearwater, Florida television market to

"Tampa-St. Petersburg-Clearwater-Lakeland, Florida." No comments in opposition to this proposal have been filed.

Background

2. Section 76.51 of the Commission's Rules enumerates the top 100 television markets and the designated communities within those markets. Among other things, this market list is used to determine the scope of territorial exclusivity rights that television broadcast stations may purchase and, in addition, may help define the scope of compulsory copyright license liability for cable operators in certain circumstances. Certain cable television syndicated exclusivity and network nonduplication rights are also determined by the presence of broadcast station communities of license on this list. Some of the markets consist of more than one named community (a "hyphenated market"). Such "hyphenation" of a market is based on the premise that stations licensed to any of the named communities in the hyphenated market do, in fact, compete with all stations licensed to such communities. Market hyphenation "helps equalize competition" where portions of the market are located beyond the Grade B contours of some stations in the area yet the stations compete for economic support.

3. Section 4 of the Cable Television Consumer Protection and Competition Act of 1992 ("Cable Act"), which amended Section 614 of the Communications Act of 1934, as amended ("Act"), requires the Commission to make revisions needed to update the list of top 100 television markets and their designated communities in § 76.51 of the Commission's Rules.

Rule Making Comments

4. The petitioner contends that WTMV in Lakeland competes directly with television stations in the Tampa-St. Petersburg-Clearwater hyphenated market for audience share and advertising revenues. Although Lakeland is located inside the Tampa-St. Petersburg "area of dominant influence" ("ADI"), the petitioner argues that because Lakeland is not a designated community in the above market, WTMV is considered a "distant signal" for purposes of compulsory copyright license liability if carried on cable systems more than 35 miles from Lakeland. According to the petitioner, the consequence of being classified as a "distant signal" is that cable systems will have to pay significant copyright
