

**Intent To Prepare a Draft Environmental Impact Statement to Evaluate a Permit Application for a Confined Dredged Material Disposal Facility in Newark Bay, New Jersey**

**AGENCY:** U.S. Army Corps of Engineers—New York District, Department of the Army, Department of Defense.

**ACTION:** Notice of intent to prepare a draft environmental impact statement.

**SUMMARY:** The construction of a Confined Dredged Material Disposal Facility in navigable waters of the United States requires a Department of the Army Permit pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403) and Section 404 of the Clean Water Act (33 U.S.C. 1344). The EIS process will assist the U.S. Army Corps of Engineers' (USACE) in determining whether to issue a permit for the project under these authorities. This action is taking place in accordance with the USACE procedures for implementing the National Environmental Policy Act (33 CFR Part 325).

**FOR FURTHER INFORMATION CONTACT:** Mr. Joseph J. Seebode, Chief, Regulatory Branch New York District Corps of Engineers, 26 Federal Plaza, Room 1937, New York, New York 10278-0090, telephone (212) 264-3996.

**SUPPLEMENTARY INFORMATION:**

**1. Projected Description**

The proposed Newark Bay Confined Disposal Facility (CDF) would provide an alternate regional disposal site for contaminated dredged material that is unsuitable for ocean disposal, or that requires special management procedures at the federally designated Mud Dump Site located six miles off the coast of Sandy Hook, New Jersey. The CDF would be constructed by excavating two large subaqueous pits, to a maximum depth of approximately 90 feet below the plane of Mean Low Water, by clamshell bucket dredge. The two pits would occupy a surface area of approximately 160 acres and have a total volume capacity of approximately 14 million cubic yards. The larger of the two pits would measure approximately 100 acres in size and have a capacity of approximately 9.3 million cubic yards, while a second, smaller pit would have a surface area of approximately 60 acres and a capacity of 4.7 million cubic yards.

**2. Reasonable Alternatives**

In addition to the no action alternative, reasonable alternatives to be considered include the following:

- a. Alternative pit location
- b. Alternative methods of filling pit(s):
  - (1) Fill completely
  - (2) Partially fill so that some depression remains
  - (3) Capping alternative (sand vs. mud vs. no cap)
- c. Alternative methods of dredged material disposal:
  - (1) Ocean disposal
  - (2) Containment islands and areas (land extension)
  - (3) Upland disposal
  - (4) Sanitary landfill cover
  - (5) Wetlands Creation

**3. EIS Scoping**

As part of the EIS scoping process, comments on the proposed scope of the EIS will be accepted until 45 days after the publication of this NOI in the **Federal Register**; all comments should be addressed to the contact person indicated above. In addition to receiving written comments, the USACE will receive oral comments during a public scoping meeting scheduled for the latter part of the scoping period. Formal notice of this meeting will be made through mailings and/or legal notices in local newspapers.

**4. Public Participation in the EIS Process**

The EIS process will provide opportunities for full participation by interested federal, state, and local agencies, as well as other interested organizations and the general public. These opportunities will include periodic public meetings and agency availability sessions. All interested parties are encouraged to submit their names and addresses to the contact person indicated above for inclusion on the distribution list for the draft and final EIS and any related public notices.

**5. Federal Agency Participation in the EIS Process**

Federal agencies with an interest in this EIS effort are requested to participate as cooperating agencies pursuant to 40 CFR Part 1501.6. All interested federal agencies are requested to submit a letter of intent to Colonel Thomas A. York, Corps of Engineers District Engineer.

**Department of the Navy**

**Notice of Public Hearing for the Draft Environmental Impact Statement for the Disposal and Reuse of the Naval Training Center (NTC), Orlando, FL**

Pursuant to Council on Environmental Quality Regulations (40 CFR parts 1500-1508) implementing procedural provisions of the National Environmental Policy Act, the Department of the Navy has prepared and filed with the U.S. Environmental Protection Agency the Draft Environmental Impact Statement (DEIS) for the Proposed Disposal and Reuse of the NTC Orlando, Florida.

In response to the recommendations of the 1993 Department of Defense Base Realignment and Closure Commission (BRAC-93) and to legislative requirements of the 1990 Base Realignment and Closure Act (Public Law 101-510), the Naval Training Center (NTC), Orlando, Florida, is to be closed and the property to be made available for disposal and reuse. The Navy has prepared a DEIS which addresses the environmental impacts of disposing NTC Orlando and of its potential reuse. The purpose of the DEIS is to assist the Secretary of the Navy in making a decision concerning the disposition of NTC property. It is the Navy's policy to adopt the community's redevelopment plan as its preferred alternative. The preferred alternative presented in the DEIS is the NTC Reuse Plan approved by the City of Orlando.

The preferred alternative for the Main Base is a combination of land uses, featuring a Village Center, which would provide pedestrian-oriented retail, office, and residential uses. The Village Center would be surrounded by offices, a business park, education, recreation, and open space. The primary use of McCoy Annex would be warehouse/distribution and residential. Open space uses would include retention of the nine-hole golf course and other non-developed areas. Area C would be used for warehouse and industrial, and the Herndon Annex would be developed as a distribution facility associated with the Orlando Executive Airport. The preferred alternative would generate more than 15,500 jobs at full buildout in 2015, and increase traffic in the area substantially.

The DEIS has been distributed to various federal, state, and local agencies, elected officials, special interest groups, and the media. A limited number of single copies are available at the address listed at the end of this notice.

A public hearing to inform the public of the DEIS findings and to solicit comments will be held at the Audobon Elementary School, 1500 Falcon Drive, Orlando, Florida, on Thursday evening, June 15, 1995, from 7 p.m. until the end of public comment or 12 midnight.

The public hearing will be conducted by the Navy. Federal, state and local agencies, and interested parties are invited and urged to be present or represented at the hearing. Oral statements will be heard and transcribed by a legal stenographer; however, to ensure accuracy of the record, all statements should be submitted in writing. All statements, oral and written, will become a part of the public record of this study, and will be responded to in the Final Environmental Impact Statement. Equal weight will be given to both oral and written statements.

In the interest of available time, each speaker will be asked to limit his/her comments to five minutes. If longer statements are to be presented, they should be summarized for the public hearing and submitted in long-form at the hearing or mailed to the address listed at the end of this announcement. All written comments must be postmarked by 26 June 1995, to become a part of the official record.

Additional information concerning this notice may be obtained by contacting Ronnie Lattimore (Code 064RL), Southern Division, Naval Facilities Engineering Command, PO Box 190010, North Charleston, South Carolina, 29419-9010, telephone (803) 743-0888.

Dated: May 25, 1995.

## DEPARTMENT OF EDUCATION

### Notice of Proposed Information Collection Requests

**AGENCY:** Department of Education.

**ACTION:** Notice of proposed information collection requests.

**SUMMARY:** The Director, Information Resources Group, invites comments on proposed information collection requests as required by the Paperwork Reduction Act of 1980.

**DATES:** An expedited review has been requested in accordance with the Act, since allowing for the normal review period would adversely affect the public

interest. Approval by the Office of Management and Budget (OMB) has been requested by June 30, 1995.

**ADDRESSES:** Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Dan Chenok, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street NW., Room 3208, New Executive Office Building, Washington, D.C. 20503. Requests for copies of the proposed information collection request should be addressed to Patrick J. Sherrill, Department of Education, 600 Independence Avenue SW., Room 5624, Regional Office Building 3, Washington, D.C. 20202-4651.

**FOR FURTHER INFORMATION CONTACT:**

Patrick J. Sherrill, (202) 708-9915. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

**SUPPLEMENTARY INFORMATION:** Section 3517 of the Paperwork Reduction Act of 1980 (44 U.S.C. Chapter 3517) requires that the Director of OMB provide interested Federal agencies and persons an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations.

The Director, Information Resources Group, publishes this notice with the attached proposed information collection request prior to submission of this request to OMB. This notice contains the following information: (1) Type of review requests, e.g., expedited; (2) Title; (3) Abstract; (4) Additional Information; (5) Frequency of collection; (6) Affected public, and (7) Reporting and/or Recordkeeping burden. Because an expedited review has been requested, a description of the information to be collected is also included as an attachment to this notice.

Dated: May 24, 1995.

**Gloria Parker,**

*Director, Information Resources Group.*

### Office of Elementary and Secondary Education

*Type of Review:* Expedited

*Title:* Notice of Final Priority Under Section 1308(a) of the Elementary and Secondary Education Act

*Frequency:* One time

*Affected Public:* State, Local and Tribal Governments

*Reporting Burden:*

Responses: 51

Burden Hours: 13

*Recordkeeping Burden:*

Recordkeepers: 0

Burden Hours: 0

*Abstract:* Information will be used to make grant awards, on a one-time basis in FY 1995, to provide additional resources to State Educational Agencies to assist them in the transfer for educational and health records of migratory children.

*Additional Information:* Clearance for this information collection is requested by June 30, 1995. The Department must obligate these funds by September 30, 1995 because this priority was originally set aside for FY 1994 Migrant Education Program appropriation.
