National Park Service**Native American Graves Protection and Repatriation Review Committee: Meeting**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice.

Notice is hereby given in accordance with the Federal Advisory Committee Act (FACA), 5 U.S.C. Appendix (1988), that a meeting of the Native American Graves Protection and Repatriation Act Review Committee will be held on October 16, 17, and 18, 1995, in Anchorage, Alaska.

The Committee will meet in the Dillingham room at the Anchorage Hilton, 500 West 3rd Ave., Anchorage, AK 99510-9953. The final day of the meeting may be held in the Eagan Center, Anchorage, AK, in conjunction with the Alaska Federation of Natives annual convention. Meetings will begin each day at 8:30 a.m. and conclude not later than 5:00 p.m.

The Native American Graves Protection and Repatriation Review Committee was established by Public

Law 101-601 to monitor, review, and assist in implementation of the inventory and identification process and repatriation activities required under the statute.

On the agenda for this meeting will be comments to the Committee's draft recommendations regarding the disposition of culturally unidentifiable human remains in museums and Federal collections. The Committee will also hear public comment and discuss the application of the statute in Alaska.

Culturally unidentifiable human remains are those in museum or Federal agency collections for which, following the completion of inventories by November 16, 1995, no lineal descendants or culturally affiliated Indian tribe has been determined.

The meeting will be open to the public. However, facilities and space for accommodating members of the public are limited. Persons will be accommodated on a first-come, first-served basis. In addition, due to the presence of Alaska Federation of Natives delegates, hotel rooms in Anchorage may be scarce. Any member of the public may file a written statement concerning the matters to be discussed with Dr. Francis P. McManamon, Departmental Consulting Archeologist.

Persons wishing further information concerning this meeting, or who wish to submit written statements may contact Dr. Francis P. McManamon, Departmental Consulting Archeologist, Archeological Assistance Division (MS0436), National Park Service, P.O.
