BILLING CODE 6450-01-P

Golden Field Office; Notice of Federal Assistance Award to United States Export Council for Renewable Energy

AGENCY: Department of Energy.

ACTION: Notice of Financial Assistance Award in Response to an Unsolicited Financial Assistance Application; Export Support to the U.S. Renewable Energy Industry, DE-FG36-95GO10072.

SUMMARY: The U.S. Department of Energy (DOE), pursuant to the DOE Financial Assistance Rules, 10 CFR 600.7, is announcing its intention to grant funding to the United States Export Council For Renewable Energy (US/ECRE). DOE is promoting the development and application in foreign countries of renewable energy products and services and supporting domestic firms with the export of their renewable energy products and services. The United States Export Council For Renewable Energy (US/ECRE) is a United States, non-profit association, comprised of six renewable energy member trade associations and two sister organizations, representing the renewable energy industry. US/ECRE's mission is the promotion of domestic

renewable energy industry technology and United States companies in the international marketplace. The series of grant proposals by US/ECRE directly relates to that objective and will be a significant step towards promoting renewable energy markets and technology.

ADDRESSES: Questions regarding this announcement may be addressed to the U.S. Department of Energy, Golden Field Office, 1617 Cole Blvd., Golden, Colorado 80401, Attention: John Motz, Contract Specialist. The telephone number is 303-275-4737. The Contracting Officer for this action is John W. Meeker.

SUPPLEMENTARY INFORMATION: DOE has evaluated, in accordance with the DOE Federal Assistance Regulations, 10 CFR section 600.14, the unsolicited proposal entitled, "Export Support to the U.S. Renewable Energy Industry," submitted by United States Export Council For Renewable Energy (US/ECRE), be accepted for support without further competition in accordance with section 600.7 of the Federal Assistance Regulations.

One financial assistance agreement, between DOE and US/ECRE, encompassing separate fixed obligation awards is proposed under the deviation to CFR 600.109 permitting fixed obligations awards. The prime objectives of the umbrella agreement with US/ECRE, composed of a series of grants, are: (1) Preparation of outreach activities that will gather and distribute information on project opportunities for U.S. renewable industries as they emerge in the international marketplace, (2) promoting United States renewable energy development initiatives in emerging markets, and (3) developing market potential methodology that will determine environmental and economic impacts under various scenarios. US/ECRE tasks, with the resources of the member trade associations, include: newsletters, conferences, consulting services, exhibits, and training activities related to promoting United States renewable technology and companies.

US/ECRE, a consortium of the six renewable energy member trade associations, has been formed to bring together the member companies within the respective renewable energy industries for the purpose of promoting the use of U.S. technologies and member companies in projects overseas. The United States Export Council for Renewable Energy (US/ECRE) will serve as the lead organization issuing subcontracts to member associations. US/ECRE will coordinate the proposed projects and will rely heavily on the

resources of the member associations to implement the grants which support the renewable energy export development efforts.

US/ECRE will implement the umbrella agreement with DOE, composed of a series of grants, through subcontracts to the member trade associations and non-profit sister organizations who are uniquely qualified to fulfill the objectives of each grant. US/ECRE, through a grant from DOE under this agreement, will provide the management and oversight of each subcontract to facilitate synergy between activities funded through this agreement, as well as those funded through other Government agencies.

The series of grants represent a continued opportunity to promote United States renewable energy and energy efficiency technology and domestic companies in an international marketplace. The promotion of these activities will not only serve to educate, but also serves as a means for United States companies to expand their services in the global marketplace. The participating entities have been found to possess unique capabilities to successfully meet the objectives stated.

The estimated grant is \$1,308,000. This notice is published for public comment at least fourteen calendar days prior to making an award.

Issued in Golden, Colorado, on May 18, 1995.

John W. Meeker,

Chief, Procurement, GO.

BILLING CODE 6450-01-P

Environmental Management Site Specific Advisory Board, Fernald

AGENCY: Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463, 86 Stat. 770) notice is hereby given of the following Advisory Committee meeting: Environmental Management Site Specific Advisory Board (EM SSAB), Fernald.

DATES: Saturday, June 10: 8:30 a.m.–12:30 p.m. (public comment session, 10:15 a.m.–10:30 a.m.).

ADDRESS: The Joint Information Center, 6025 Dixie Highway, Route 4, Fairfield, Ohio.

FOR FURTHER INFORMATION CONTACT: John S. Applegate, Chair of the Fernald Citizens Task Force, P.O. Box 544, Ross, Ohio 45061, or call the Fernald Citizens

Task Force message line (513) 648-6478.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE and its regulators in the areas of future use, cleanup levels, waste disposition and cleanup priorities at the Fernald site.

Tentative Agenda

Saturday, June 10, 1995

Final Report Development

8:30 a.m. Task Force Administration, (Call to order; Approval of Minutes; Chair's Remarks).
 8:50 a.m. Identification and Discussion of Unresolved Issues.
 10:00 a.m. Break.
 10:15 a.m. Opportunity for Public Input.
 10:30 a.m. Resolution of Unresolved Issues.
 11:00 a.m. Discussion of Draft Final Report.
 12:15 p.m. Wrap Up.
 12:30 p.m. Adjourn.

A final agenda will be available at the meeting, Saturday, June 10, 1995.

Public Participation: The meeting is open to the public. Written statements may be filed with the Task Force chair either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact the Task Force chair at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Designated Federal Official, Kenneth Morgan, Public Affairs Officer, Ohio Field Office, U.S. Department of Energy, is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments. Due to programmatic issues that had to be resolved, the Federal Register notice is being published less than fifteen days before the date of the meeting.

Minutes: The minutes of this meeting will be available for public review and copying at the Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW, Washington, DC 20585 between 9 a.m. and 4 p.m., Monday-Friday, except Federal holidays. Minutes will also be available by writing to John S. Applegate, Chair, the Fernald Citizens Task Force, P.O. Box 544, Ross, Ohio 45061 or by calling the Task Force message line at (513) 648-6478.

Issued at Washington, DC on May 25, 1995.

Rachel Murphy Samuel,

Acting Deputy Advisory Committee Management Officer.
