

information addressed will include summaries of interested parties' concerns, suggestions, and positions as well as the DOD position when applicable. It will also include contemplated service requirements for inclusion in a solicitation, notifications and status reports, and other relevant information.

To subscribe to AT&T EasyLink services, carriers may contact AT&T EasyLink representative Lynn Phelps at 1-800-346-1557. Procedures to access the bulletin board system are as follows:

MTMC BBS Access

To access the MTMC BBS, a communication software is required. The software could be EasyLink's Office Access, Procomm Plus, or some other type of off the shelf communication software. Also required is an account on the EasyLink network.

Office Access Software

- At the Main Menu type *C* for the On-line Communication Menu
- At the On-line Communication Menu type *F* for FYI. The software will dial the network and exit into FYI.
- The network will ask for CATEGORY NAME, type *MTMC*. This will place you in the MTMC BBS.
- To maneuver within the BBS to ADCSOPS for Quality.
 - a. From the main menu TYPE *2* for the ADCSOPS for Quality.
 - b. TYPE *1* for the Re-Engineered Personal Property Program.
 - c. TYPE *1* for Contacts.
 - d. TYPE *2* for Information.

As information scrolls across the screen, the information is automatically downloaded to the hard drive on your computer.

- Press *END* key to disconnect from EasyLink.
- Press *ESC* key and return to the Main Menu.
- Type *I* to access the Inbound Journal.
- High light the message and Press *ENTER* to view the BBS categories that were scanned.

Procomm Plus Software

- At the Dialing Directory press *R* to Revise Entry. Type in the entry name.
- The remaining setup entries are as follows:
 - Number=1-800-325-4112 or 1-800-445-7523.
 - BAUD=2400.
 - PARITY=Even.
 - DATA BITS=7.
 - STOP BITS=1.
 - DUPLEX=HALF.
 - SCRIPT=BLANK.
 - PROTOCOL=ASCII.

- TERMINAL=ANSI.
- Press *ENTER* to dial the network.
- At the EASYLINK ID prompt type your *USERID AND PASSWORD*.
 - At the PTS prompt type *EXIT*. This will exit the EasyLink network and provide an EasyLink Service Menu.
 - Press *2* to select FYI.
 - Hold down the *ALT* key and press *F1* and type a log name. This will open the log and allow the capture of the BBS data as it is scanned.
 - The network will ask for CATEGORY NAME, type *MTMC*. This will place you in the MTMC BBS.
 - To maneuver within the BBS to ADCSOPS for Quality.
 - a. From the main menu TYPE *2* for the ADCSOPS for Quality.
 - b. TYPE *1* for the Re-Engineered Personal Property Program.
 - c. TYPE *1* for Contacts.
 - d. TYPE *2* for information.
 - The software will automatically capture the categories that are typed. After the category scan is completed, press *ALT* and the *H* keys to logoff.
 - Hold down the *ALT* key and press *F1* to close the log.
 - Hold down the *ALT* key and press *V*. Type the log name to view it. This will allow the captured BBS data to be viewed.

Department of the Navy

Record of Decision for the Lease of Fleet and Industrial Supply Center Property to the Port of Oakland for Development of Intermodal Rail Facilities and Maritime Cargo-Related Tenant Uses at Oakland, CA

Pursuant to section 102(2) of the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality Regulations on Implementing NEPA Procedures (40 CFR 1500-1508), the Department of the Navy announces its decision to implement the preferred alternative presented in the Final Environmental Impact Report/Environmental Impact Statement (FEIR/EIS) for the Lease of Fleet and Industrial Supply Center property to the Port of Oakland for development of intermodal rail facilities and maritime-related tenant uses at Oakland, California. This decision fulfills Navy responsibility in compliance with NEPA process. The Port of Oakland will make its decision in compliance with the California Environmental Quality Act (CEQA).

In response to 10 U.S.C. 2667 and Public Law 102-484 (Section 2834(b)) of the Fiscal Year 1993 Defense Authorization Act, as amended, the Navy is authorized to lease to the Port of Oakland, real property, together with improvements thereon, at the Fleet and Industrial Supply Center, Oakland (FISCO), Alameda County, California.

The action is granting of a lease of up to 220 acres of the FISC Oakland property to the Port of Oakland for expansion of their existing intermodal rail facilities and maritime-related tenant activities. In addition, the proposed development includes another 87 acres of the Port of Oakland's and Union Pacific Railroad's properties directly south of the Supply Center. The Port of Oakland proposes to establish maritime and transportation activities and to redevelop the site for port operations in support of the Oakland Harbor Area.

The 307 total acres have been divided into six areas for planning purposes. Development of Area A (83 acres of the Center) would include demolition of most of the existing facilities and construction of new intermodal railtracks and associated appurtenances, such as straddle carrier runways and container staging support areas. Development of Area B (40 acres of the Center) would include demolition of existing facilities and construction of new container transfer and storage areas and a transloading facility. The transloading facility would be a narrow, dock-high platform with rail tracks on one side and truck spaces on the other side. Development of Area C (67 acres of the Center) would include demolition of some existing facilities, construction of an entrance for the intermodal rail facility (including a gatehouse and maintenance and repair building) and maintenance of existing warehouses for continued warehousing and/or distribution uses. Development of Areas D and E (87 acres of Port and Union Pacific Railroad properties) would include demolition of existing facilities and construction of a new terminal expansion area to be used for development of Area F (20 to 30 acres of the Center) may be included in the lease, depending on the results of discussions between the Port of Oakland and the Center. If the agreement is reached, the additional area would be used for warehousing and/or distribution.

The alternatives, including the preferred alternative, may be categorized as four development alternatives and the "no action" alternative. The development alternatives vary from extensive

intermodal rail facilities to increased maritime related/industrial tenant activities. The lease and development alternatives would introduce major changes in scale and character of the Historic District at FISCO. In compliance with Section 106 of the National Historic Preservation Act (16 U.S.C. Section 470(f)), the Navy has consulted the State Historic Preservation Officer, and a Memorandum of Agreement has been reached regarding mitigation for adverse effects. The action will result in net air pollution emissions that will be below established threshold levels. A record of non-applicability for the proposed action has been prepared pursuant to 40 CFR Parts 51 and 93 and no Clean Air Act Conformity determination is necessary. There will not be any disproportionately high and adverse human health or environmental effects from the action on minority and low-income populations.

A Draft EIR/EIS was prepared by the Port and the Navy, and distributed to agencies and officials of federal, state and local governments, citizen groups and associates, public libraries, and other interested parties for review and comment. A public hearing to inform the public of the DEIR/EIS findings and to solicit comments was held on September 19, 1994. Public comments concentrated on existing adverse commercial truck traffic conditions in the West Oakland neighborhood. The Port of Oakland has been working with community-based organizations to arrive at appropriate and reasonable measures to ease these existing conditions. Copies of all comments received were included in the Final EIR/EIS. Six sets of written comments were received in response to the FEIR/EIS during the 30-day public review period. Two sets of these comments focused on technical questions pertaining to FISCO biological resources, and the asbestos survey at the site. The organizations making these comments will be directed to the appropriate sections of the FEIR/EIS that addressed their concerns. The principal emphasis of the remaining four sets of comments was regarding the action and its relationship to the Port's broader long-term expansion plan, including associated impacts—especially from increased commercial truck traffic. As part of the Port's "Vision 2000" long-term conceptual plan, the Port is investigating the feasibility of leasing an additional 200 acres of FISCO property for future expansion and development of maritime and rail facilities beyond the action. The Port will prepare a separate or

supplemental NEPA/CEQA document that will suitably evaluate the environmental impacts of such future expansion plan, as components of the plan become reasonably foreseeable.

Questions regarding the Draft and Final Environmental Impact Report/Environmental Impact Statement prepared for this action may be directed to: (1) Mr. Raymond Chiang, Environmental Planning Branch, Engineering Field Activity West, Naval Facilities Engineering Command, P.O. Box 727, San Bruno, California 94066, FAX (415) 244-3737 for questions pertaining to the Navy action; and (2) Mr. Charles Schwarz, Environmental Department, Port of Oakland, 530 Water Street, Oakland, California 94607, FAX (510) 465-3755 for questions pertaining to the Port of Oakland action.

Dated: May 25, 1995

Robert B. Pirie, Jr.,

Assistant Secretary of the Navy (Installation and Environment).
