**FOR FURTHER INFORMATION CONTACT:** Pauline C. Campbell, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3606.

**SUPPLEMENTARY INFORMATION:** Notice is hereby given that, in a letter dated May 12, 1995, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*), as follows.

I have determined that the damage in certain areas of the State of Mississippi, resulting from severe storms, tornadoes, and flooding on May 8, 1995, and continuing is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("the Stafford Act"). I, therefore, declare that such a major disaster exists in the State of Mississippi.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes, such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Individual Assistance in the designated areas. Public Assistance may be added at a later date, if warranted. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance will be limited to 75 percent of the total eligible costs.

The time period prescribed for the implementation of section 310(a), Priority to Certain Applications for Public Facility and Public Housing Assistance, 42 U.S.C. 5153, shall be for a period not to exceed six months after the date of this declaration.

Notice is hereby given that pursuant to the authority vested in the Director of the Federal Emergency Management Agency under Executive Order 12148, I hereby appoint Michael J. Polny of the Federal Emergency Management Agency to act as the Federal Coordinating Officer for this declared disaster.

I do hereby determine the following areas of the State of Mississippi to have been affected adversely by this declared major disaster:

**BACKGROUND:** On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act of 1980, as per 5 CFR 1320.9, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR 1320.9. Board-approved collections of information will be incorporated into the official OMB inventory of currently approved collections of information. A copy of the OMB 83-I and supporting statement and the approved collection of information instruments will be placed into OMB's public docket files. The following forms, which are being handled under this delegated authority, have received initial Board approval and are hereby published for comment. At the end of

the comment period, the proposed information collections, along with an analysis of comments and recommendations received, will be submitted to the Board for final approval under OMB delegated authority.

**DATES:** Comments must be submitted on or before July 1, 1995.

**ADDRESSES:** Comments, which should refer to the OMB Docket number (or Agency form number in the case of a new information collection that has not yet been assigned an OMB number), should be addressed to Mr. William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, 20th and C Streets, N.W., Washington, D.C. 20551, or delivered to the Board's mail room between 8:45 a.m. and 5:15 p.m., and to the security control room outside of those hours. Both the mail room and the security control room are accessible from the courtyard entrance on 20th Street between Constitution Avenue and C Street, N.W. Proposal to approve under OMB delegated authority the extension, with revision, of the following reports:

1. *Report title:* Registration Statement for Persons who Extend Credit Secured by Margin Stock, Deregistration Statement for Persons Registered Pursuant to Regulation G, and Annual Report.

*Agency form numbers:* FR G-1, FR G-2, and FR G-4

OMB Docket number: 7100-0011  
 Frequency: On occasion  
 Reporters: Individuals and businesses  
 Annual reporting hours: 1,478  
 Estimated average hours per response: 1.90  
 Number of respondents: 778  
 Small businesses are affected.

*General description of report:* This information collection is mandatory (15 U.S.C. 78g). The FR G-1 and FR G-4 are given confidential treatment (5 U.S.C. 552(b)(4)). The FR G-2 does not request confidential information.

*Abstract:* Regulation G was adopted in response to concerns of the Federal Reserve and the Securities Exchange Commission that unregulated lenders were circumventing the margin requirements of Regulations T and U. These reports are event-generated and are filed with the appropriate Federal Reserve Bank. The proposed revisions include a further breakdown of an existing item regarding employee stock option, purchase, and ownership plans on the FR G-1 and FR G-4, the addition of the registrant's telephone number to the FR G-2, and clarifications to the existing reporting instructions for the FR G-1 and FR G-4. The proposed revisions are expected to have no appreciable effect on respondent burden for these reports.

Proposal to approve under OMB delegated authority the extension, without revision, of the following reports:

1. *Report title:* Statement of Purpose for an Extension of Credit Secured by Margin Stock by a Person Subject to Registration under Regulation G.  
*Agency form number:* FR G-3  
*OMB Docket number:* 7100-0018  
*Frequency:* On occasion  
*Reporters:* Individuals and businesses  
*Annual reporting hours:* 2,240  
*Estimated average hours per response:* .16  
*Number of respondents:* 700  
 Small businesses are affected.

*General description of report:* This information collection is mandatory (15 U.S.C. 78g). Since the FR G-3 is not filed with the Federal Reserve, no issue of confidentiality arises.

*Abstract:* Regulation G was adopted in response to concerns of the Federal Reserve and the Securities Exchange Commission that unregulated lenders were circumventing the margin requirements of Regulations T and U. This report is event-generated and is not filed with the Federal Reserve System but retained by the lender. The report is needed to ensure that a Regulation G lender does not extend credit to purchase or carry securities in excess of the amount permitted by the Federal

Reserve Board pursuant to Regulation G and to ensure that a borrower does not violate Regulation X.

2. *Report title:* Agreement of Domestic and Foreign Nonmember Banks.  
*Agency form number:* FR T-1, T-2  
*OMB Docket number:* 7100-0191  
*Frequency:* On occasion  
*Reporters:* Nonmember Banks  
*Annual reporting hours:* .50  
*Estimated average hours per response:* .50  
*Number of respondents:* 1  
 Small businesses are not affected.

*General description of report:* This information collection is mandatory (15 U.S.C. 78h) and is not given confidential treatment.

*Abstract:* The Federal Reserve adopted Regulation T, "Credit by Brokers and Dealers," in 1934 to regulate extension of credit by and to brokers and dealers; it also covers related transactions within the Federal Reserve's authority under the act. It imposes, among other obligations, initial margin requirements and payment rules on securities transactions. Pursuant to Section 8 of the Securities Exchange Act of 1934 and Regulation T, domestic and foreign banks that are not members of the Federal Reserve System are required to file a FR T-1, T-2 with the appropriate Federal Reserve Bank in the event that they wish to extend credit to brokers/dealers using exchange-traded securities as collateral. In addition, the form must be filed by foreign nonmember banks that issue letters of credit used as deposits against borrowings of securities by brokers-dealers. The FR T-1, T-2 requires a domestic or foreign nonmember bank to state that it is a "bank" as defined in section 3(a)(6) of the Securities Exchange Act of 1934, and list the state or country in which it was organized and the location of its principal place of business. No substantive changes are being proposed to the FR T-1, T-2. However, the Federal Reserve proposes to add the phrase "(indicate state for domestic bank or country for foreign bank)" to explicitly state this requirement of Regulation T.

3. *Report title:* Statement of Purpose of Extension of Credit by a Creditor (under Regulation T).  
*Agency form number:* FR T-4  
*OMB Docket number:* 7100-0019  
*Frequency:* On occasion  
*Reporters:* Individuals and businesses  
*Annual reporting hours:* 42  
*Estimated average hours per response:* .17  
*Number of respondents:* 250  
 Small businesses are affected.

*General description of report:* This information collection is mandatory (15

U.S.C. 78g). Because the FR T-4 is not filed with the Federal Reserve, no issue of confidentiality arises.

*Abstract:* The Federal Reserve adopted Regulation T, "Credit by Brokers and Dealers," in 1934 to regulate extension of credit by and to brokers and dealers; it also covers related transactions within the Federal Reserve's authority under the act. It imposes, among other obligations, initial margin requirements and payment rules on securities transactions. Regulation T presumes that any extension of credit by a broker/dealer to a customer is made for the purpose of purchasing, trading, or carrying securities, and thus is subject to the Board's margin requirements. Customers and creditors are required to complete and retain the FR T-4 in the event that the customer can rebut the presumption and the creditor is thereby permitted to extend credit in excess of the amount otherwise permitted under Regulation T. The FR T-4 solicits information from borrowers regarding the purpose of each loan, and from creditors identifying collateral. No changes are proposed for the FR T-4 reporting form.

4. *Report title:* Statement of Purpose for an Extension of Credit Secured by Margin Stock.

*Agency form number:* FR U-1  
*OMB Docket number:* 7100-0115  
*Frequency:* On occasion  
*Reporters:* Individuals and businesses  
*Annual reporting hours:* 157,853  
*Estimated average hours per response:* .07  
*Number of respondents:* 10,637  
 Small businesses are not affected.

*General description of report:* This information collection is mandatory (15 U.S.C. 78g). Since the FR U-1 is not filed with the Federal Reserve no issue of confidentiality arises.

*Abstract:* In 1936, the Federal Reserve adopted Regulation U, "Credit by Banks for the Purpose of Purchasing or Carrying Margin Stock," as a companion to Regulation T which applies to securities credit extended by brokers/dealers. Regulation U imposes restrictions upon "banks" (as defined in section 221.2(b) of Regulation U) that extend credit for the purpose of buying or carrying margin stock if the credit is secured directly or indirectly by margin stock. Banks may not extend more than the minimum loan value of the collateral securing such credit, as set by the Federal Reserve in section 221.8 of Regulation U. Regulation U requires that a purpose statement be completed and retained in the event that a bank extends credit in an amount exceeding \$100,000

secured directly or indirectly by margin stock.

In all cases, the FR U-1 collects the following loan information from the borrower:

- (1) The amount of credit being obtained; and
- (2) Whether the loan is to purchase or carry margin stocks and, if not, the purpose of the loan. If the borrower affirms that the purpose of the loan is to purchase or carry margin stocks, the bank provides the following collateral information in Part II:
  - (3) The number of shares of stock serving as collateral;
  - (4) The name of the stock (issue);
  - (5) The market price per share;
  - (6) The date and source of valuation (not required if market value is obtained from regularly published information in a journal of general circulation or from an automated quotation system);
  - (7) The total market value per issue; and
  - (8) The amount of any other collateral securing the loan. No substantive changes are proposed for the FR U-1 reporting form. However, the Federal Reserve proposes to
    - (i) Revise the phrase "maximum loan value of margin stock is ... per cent" for items 1 and 2 of Part II to "maximum loan value of margin stock is 50 per cent," and
    - (ii) Add the phrase "or from an automated quotation system." to the note below item 3.

5. *Report title:* Written Security Program for State Member Banks.  
*Agency form number:* FR 4004  
*OMB Docket number:* 7100-0112  
*Frequency:* Annual  
*Reporters:* State member banks  
*Annual reporting hours:* 484  
*Estimated average hours per response:* 0.5  
*Number of respondents:* 968  
 Small businesses are affected.

*General description of report:* This recordkeeping requirement is mandatory (12 U.S.C. §§ 1882(a), 248(a)(1), and 325). Because written security programs are maintained at state member banks, no issue of confidentiality under the Freedom of Information Act arises.

*Abstract:* The Congress adopted the Bank Protection Act of 1968 (12 U.S.C. 1882) to promulgate rules establishing minimum standards for banks as to the installation, maintenance, and operation of security devices and procedures to discourage robberies, burglaries, and larcenies and to assist in the identification and apprehension of persons who commit such acts.

In response to the passage of the Bank Protection Act (Act), each of the federal

financial institution supervisory agencies established minimum standards for security devices and procedures. The requirements established by the Board of Governors of the Federal Reserve System in 1969 for state member banks are contained in Regulation P. In the regulation, the Federal Reserve requires the board of directors of each state member bank to designate a security officer to assume the responsibility for the development, administration, and maintenance of a written security program. The original Act also contained provisions requiring financial institutions to submit periodic reports to their primary federal supervisory agency with respect to the installation, maintenance, and operation of security devices and the development of security procedures.

The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) includes provisions that amend the Act: eliminating the requirement that each bank submit periodic reports to its regulator, but retaining the requirement that each bank maintain a written security program. The Federal Reserve amended Regulation P in 1991 to reflect this change. Each state member bank must maintain a written security program in its records. This program should include a requirement to install security devices and should establish procedures that satisfy minimum standards in the regulation, with the security officer determining the need for additional security devices and procedures based on the location of the banking office. No changes are being proposed to the recordkeeping requirement.

6. *Report title:* Annual Report on Status of Disposition of Assets Acquired in Satisfaction of Debts Previously Contracted.

*Agency form number:* FR 4006  
*OMB Docket number:* 7100-0129  
*Frequency:* Annual  
*Reporters:* Bank holding companies that have acquired assets or shares through foreclosure in the ordinary course of collecting a debt previously contracted.  
*Annual reporting hours:* 3,000  
*Estimated average hours per response:* 5  
*Number of respondents:* 600  
 Small businesses are affected.

*General description of report:* This information collection is mandatory (12 U.S.C. 1843(c)(2) and 1844(c) and may be given confidential treatment upon request (5 U.S.C. 552(b)(4)).

*Abstract:* The Federal Reserve has statutory responsibility for regulation and supervision of bank holding companies (BHCs) under the Bank Holding Company Act of 1956, as amended (Act). Under the Act, the

Federal Reserve must ensure that impermissible assets are divested in a manner consistent with the statute. The Act sets forth the time frame within which assets and shares acquired in collecting a debt previously contracted (DPC) must be divested.

The Federal Reserve does not require BHCs to obtain prior approval for their acquisition of DPC shares or assets so long as they divest them within two years of the date of their initial acquisition. If the BHC is unsuccessful in divesting them within the two-year period, it must request and obtain approval to continue to hold them. The Board may extend the initial two-year period for up to three additional one-year periods. Further, for real estate or other DPC assets that are demonstrated to have value and marketability characteristics similar to real estate, the Board may permit additional extensions for up to five years (for a total of ten years).

The Federal Reserve does require that the BHC make good faith efforts to dispose of DPC shares or assets and notify it annually of the progress being made with respect to their disposition. Beginning two years after the date of acquisition of DPC assets or shares, the BHC must report annually to the Federal Reserve on its efforts to divest them.

The Federal Reserve uses the information to determine:

- (1) Whether a BHC has made timely, good faith efforts to comply with the requirements of the Act; and
- (2) The effect that the sale or retention of the property will have on the organization. This report serves to identify potentially unsound situations and to encourage timely compliance with the divestiture requirement as contained in the statutes and regulation. The Federal Reserve monitors the BHC's efforts to effect an orderly divestiture, and may require divestiture before the end of the approved period if supervisory concerns warrant such action.

The reporting requirement only applies to those BHCs that fail to divest DPC shares or assets within two years. They must file an annual report on their efforts to accomplish divestiture of the shares or assets. The report must describe the efforts made to date to effect divestiture (including reasons for any delay in the pace of divestiture), and must include financial and descriptive data with respect to assets as well as the sales price of divested assets.

Affected BHCs file the annual report on their progress toward divestiture with their district Federal Reserve Bank. The due date for the report is based on the date the BHC acquired the DPC

assets or shares. The BHC submits the information in a letter format, which is neither stored electronically nor published. No changes are being proposed to the FR 4006 reporting requirement.
