S.D. Warren Co.; Notice of Extension of Comment Due Date

May 26, 1995.

On April 3, 1995, the S.D. Warren Company, licensee for the Eel Weir Project, submitted its Final Proposed Level Management Plan for Sebago Lake (Sebago Lake Plan). The plan was submitted in accordance with the Federal Energy Regulatory Commission's (Commission) Order on Complaint, dated August 4, 1994 and Order Granting Extension of Time, dated December 20, 1994 and March 7, 1995. The submittal, prepared by S.D. Warren Company, is a lake level plan that seeks to balance the various competing uses of Sebago Lake.

On April 26, 1995, the Commission issued a Notice of Reservoir Level Management Plan for Sebago Lake. The notice was published in the Portland Press Herald on May 12, 1995, and provided the public with the opportunity to comment on S.D. Warren's Sebago Lake Plan. The notice required that comments be filed no later than June 12, 1995.

By letter dated May 12, 1995, State of Maine Department of Environmental Protection (DEP) requested an extension of the comment due date from June 12, 1995 to June 30, 1995. In support of its request, the DEP states that it, in conjunction with the Maine Departments of Conservation, Environmental Protection, and Inland Fisheries and Wildlife, has scheduled a public meeting for May 31, 1995, in order to receive public comment on the Sebago Lake Plan. The DEP believes a 30-day comment period from the date of the public meeting is appropriate and sufficient to allow for public comment. Accordingly, the DEP requests an

extension of the comment deadline from June 12 to June 30, 1995.

The Commission finds the DEP's request reasonable and will hereby extend the comment due date for the Sebago Lake Plan from June 12, 1995 to June 30, 1995.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared April 24, 1995 Through April 28, 1995 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 260-5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 14, 1995 (72 FR 19047).

Draft EISs

ERP No. D-AFS-K65169-CA Rating LO, Snowy Trail Off-Highway Vehicle Re-Route, Smith Fork Parcel of Los Padres National Forest, Approval and Implementation, Mount Pinos Ranger District, Ventura County, CA.

Summary: EPA had no objection to the action but did request that the final document discuss the applicability of the Clean Water Act's stormwater permitting provisions.

ERP No. D-AFS-K67029-AZ Rating Eu3, Carlota Open-Pit Copper Mine Project, Construction and Operation, Plan of Operations and COE Section 404 Permit, Tonto National Forest, Gila and Pinal Counties, AZ.

Summary: EPA identified potential adverse impacts that would be unsatisfactory from the standpoint of environmental quality. Specific

concerns relate to ground and surface water impacts. The proposal lacks an adequate alternative analysis and mitigation measures. EPA also expressed serious concerns regarding potential significant adverse effects on air quality and residential water supply wells in the project vicinity. EPA recommended that the document should be formally revised.
