¹The Act expired on August 20, 1994. Executive Order 12924 (59 Fed. Reg. 43437, August 23, 1994) continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C.A. §§ 1701-1706 (1991)).

²Pursuant to appropriate delegations of authority that are reflected in the Regulations, the Director, Office of Export Licensing, in consultation with the

Parts 768–799 (1995)) (the Regulations) for a period of up to 10 years from the date of the conviction. In addition, any export license issued pursuant to the Act in which such a person had any interest at the time of conviction may be revoked.

Pursuant to Sections 770.15 and 772.1(g) of the Regulations, upon notification that a person has been convicted of violating the Act, the Director, Office of Export Licensing, in consultation with the Director, Office of Export Enforcement, shall determine whether to deny that person permission to apply for or use any export license issued pursuant to, or provided by, the Act and the Regulations, and shall also determine whether to revoke any export license previously issued to such a person.

Having received notice of Franco's conviction for violating the Act, and following consultations with the Director, Office of Export Enforcement, I have decided to deny Franco permission to apply for or use any export license, including any general license, issued pursuant to, or provided by, the Act and the Regulations, for a period of 10 years from the date of his conviction. The 10-year period ends on December 13, 2004. I have also decided to revoke all export licenses issued pursuant to the Act in which Franco had an interest at the time of his conviction.

Accordingly, it is hereby ordered.

I. All outstanding individual validated licenses in which Franco appears or participates, in any manner or capacity, are hereby revoked and shall be returned forthwith to the Office of Export Licensing for cancellation. III. After notice and opportunity for comment as provided in Section 770.15(h) of the Regulations, any person, firm, corporation, or business organization related to Franco by affiliation, ownership, control, or position of responsibility in the conduct of trade or related services may also be subject to the provisions of this Order.

IV. As provided in Section 787.12(a) of the Regulations, without prior disclosure of the facts to and specific authorization of the Office of Export Licensing, in consultation with the Office of Export Enforcement, no person may directly or indirectly, in any manner or capacity: (i) apply for, obtain, or use any license, Shipper's Export Declaration, bill of lading, or other export control document relating to an export or reexport of commodities or technical data by, to, or for another person then subject to an order revoking or denying his export privileges or then excluded from practice before the Bureau of Export Administration; or (ii) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport, finance, or otherwise service or participate: (a) in any transaction which may involve any commodity or technical data exported or to be exported from the United States; (b) in any reexport thereof; or (c) in any other transaction which is subject to the Export Administration Regulations, if

Foreign-Trade Zones Board

[Docket 27–95]

Foreign-Trade Zone 142, Camden, New Jersey, Proposed Foreign-Trade Subzone, Mobil Corp. (Oil Refinery), Paulsboro, New Jersey

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the South Jersey Port Corporation, grantee of FTZ 142, requesting special-purpose subzone status for the oil refinery complex of Mobil Corporation (Mobil), located in the Paulsboro, New Jersey, area. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 24, 1995.

The refinery complex (678 acres) consists of 2 sites in Gloucester County, New Jersey: Site 1—main refinery complex, located on the Delaware River near Paulsboro, New Jersey, some 10 miles south of Philadelphia; Site 2—MTBE and light cycle oil storage facility located within GATX Terminals Corporation storage facility, adjacent to the refinery. The refinery (140,000 barrels per day; 600 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, distillates such as diesel fuel and fuel oil, lubricating oil, residual fuels and naphthas. Petrochemical feedstocks include methane, ethane, mixed butanes, and propane. Refinery by-products include asphalt, petroleum coke and sulfur. All of the crude oil (89% of inputs), some feedstocks, and some blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate

Director, Office of Export Enforcement, exercises the authority granted to the Secretary by Section 11(h) of the Act. Because of a recent Bureau of Export Administration reorganization, this responsibility now rests with the Director, Office of Exporter Services. Subsequent regulatory references herein to the "Director, Office of Export Licensing," should be read as meaning "Director, Office of Exporter".
