## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[CDC-561]

#### Announcement of Cooperative Agreement to the Association of State and Territorial Health Officials

##### Summary

The Centers for Disease Control and Prevention (CDC), National Immunization Program, announces the availability of fiscal year (FY) 1995 funds for a cooperative agreement with the Association of State and Territorial Health Officials (ASTHO) to identify improved methods of reaching and sustaining high immunization coverage, interrupting disease transmission, and improving vaccine preventable diseases surveillance for the States and territories. Approximately \$250,000 will be available in FY 1995 to support this project. It is expected the award will begin on or about September 15, 1995, for a 12-month budget period within a project period of 5 years. The funding estimate is subject to change.

The purposes of this immunization project are: to assure that the perspectives of State and territorial health officials are integrated into all programmatic aspects of the Childhood Immunization initiative; to provide linkage between States, private providers, and the Federal government in implementing the Vaccines for Children Program and other Federal and State vaccine initiatives; to coordinate efforts with the existing ASTHO school health project, maternal and child health programs and the existing ASTHO school health project, maternal and child health programs and the existing immunization efforts of the Association of Maternal and Child Health Programs (AMCHP), the Council of State and Territorial Epidemiologists (CSTE), and the Association for Vital Records and Health Statistics (AVRHS); and to facilitate outreach to private providers, non-profit organizations and entities involved in comprehensive school health to increase participation in the Vaccines for Children Program and other Federal and State vaccine initiatives.

In conducting activities to achieve the purpose of this program, CDC will: collaborate in the design of research protocols (e.g., Vaccines for Children (VFC) accountability studies, immunization coverage studies, random digit dialing (RDD) survey); the analysis and interpretation of data generated

from each project; and in the preparation of reports and manuscripts; provide other technical assistance in support of each project, as needed; collaborate in the planning, implementation, and evaluation of the various immunization training programs; and develop and coordinate immunization national policy and evaluation.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2000," a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority area of Immunization and Infectious Diseases. (For ordering a copy of "Healthy People 2000," see the section **Where to Obtain Additional Information.**)

##### Authority

This program is authorized under section 317(k) of the Public Health Service Act, 42 U.S.C. 247b(k), as amended.

##### Smoke-free Workplace

PHS strongly encourages all grant recipients to provide a smoke-free workplace and to promote the nonuse of all tobacco products, and Public Law 103-277, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

##### Eligible Applicant

Assistance will be provided only to ASTHO. No other applications are solicited. The Program Announcement and application kit have been sent to ASTHO. ASTHO is the most appropriate and qualified agency to conduct the activities under this cooperative agreement because ASTHO represents the chief public health official of each State and territory. Through its own membership, ASTHO has developed unique knowledge and understanding of the needs and operations of State health agencies. ASTHO members have already developed an enormous wealth of experience in immunization coverage and improving vaccine preventable diseases surveillance.

##### Executive Order 12372 Review

The application is not subject to review as governed by Executive Order 12372, Intergovernmental Review of Federal Programs (45 CFR Part 100).

#### Public Health System Reporting Requirements

This program is not subject to the Public Health System Reporting Requirements.

#### Catalog of Federal Domestic Assistance Number

The Catalog of Federal Domestic Assistance Number for this program is 93.185, Immunization Research, Demonstration, Public Information, and Education, Training, and Clinical Skills Improvement Projects.

#### Other Requirements

##### Paperwork Reduction Act

Individual studies or surveys that involve the collection of information from 10 or more individuals and funded by the cooperative agreement will be subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act.

#### Where To Obtain Additional Information

If you are interested in obtaining additional information regarding this project, please refer to Announcement 561 and contact Carole J. Tully, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Mailstop E-09, Atlanta, Georgia 30305, telephone (404) 842-6880.

A copy of "Healthy People 2000" (Full Report, Stock No. 017-001-00474-0) or "Healthy People 2000" (Summary Report, Stock No. 017-001-00473-1) referenced in the **Summary** may be obtained through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325, telephone (202) 512-1800.

Dated: May 30, 1995.
