

applicable, to determine whether there is adequate demonstration of compliance with: (1) the certification requirements of § 85.1406, including whether the testing accurately substantiates the claimed emission reduction or emission levels; and, (2) the requirements of § 85.1407 for a notification of intent to certify, including whether the data provided by DDC complies with the life cycle cost requirements.

The Agency requests that those commenting also consider these regulatory requirements, plus provide comments on any experience or knowledge concerning: (a) problems with installing, maintaining, and/or using the candidate equipment on applicable engines; and, (b) whether the equipment is compatible with affected vehicles.

The date of this notice initiates a 45 day period during which the Agency will accept written comments relevant to whether or not the equipment described in the DDC notification of intent to certify should be certified pursuant to the urban bus retrofit/rebuild regulations. Interested parties are encouraged to review the notification of intent to certify and provide comment during the 45-day period. Please send separate copies of your comments to each of the above two addresses.

The Agency will review this notification of intent to certify, along with comments received from interested parties, and attempt to resolve or clarify issues as necessary. During the review process, the Agency may add additional documents to the docket as a result of the review process. These documents will also be available for public review and comment within the 45-day period.

Dated: May 10, 1995.

Mary D. Nichols,

Assistant Administrator for Air and Radiation.

BILLING CODE 6560-50-P-M

[FRL-5215-9]

Notice of Final Decision To Grant Chemical Waste Management, Inc. a Modification of an Exemption From the Land Disposal Restrictions of the Hazardous and Solid Waste Amendments of 1984 Regarding Injection of Hazardous Wastes

AGENCY: United States Environmental Protection Agency.

ACTION: Notice of Final Decision on a Request to Modify an Exemption from the Hazardous and Solid Waste Amendments of the Resource Conservation and Recovery Act (RCRA).

SUMMARY: Notice is hereby given by the United States Environmental Protection Agency (USEPA or Agency) that modification of an exemption to the land disposal restrictions under the 1984 Hazardous and Solid Waste Amendments to RCRA has been granted to Chemical Waste Management, Inc. (CWM) of Oakbrook, Illinois. As required by Title 40 of the Code of Federal Regulations (40 CFR part 148), CWM has demonstrated, to a reasonable degree of certainty, that there will be no migration of hazardous constituents from the injection zone utilized by CWM's waste disposal facility located near Vickery, Ohio, for as long as the waste remains hazardous. This modification allows CWM to inject additional RCRA-regulated hazardous wastes, identified by codes F037, F038, K086, K107, K108, K109, K110, K123, K124, K125, K126, K131, K132, K141, K142, K143, K144, K145, K147, K148, K149, K150, and K151 through four waste disposal wells (WDWs) at the facility at Vickery, Ohio. This decision constitutes a final Agency action for which there is no administrative appeal.

Background

CWM submitted a petition for an exemption from the restrictions on land disposal of hazardous wastes on January 19, 1988. Revised documents were received on December 4, 1989, and several supplemental submittals were subsequently made. The exemption was granted on August 7, 1990. On September 12, 1994, and October 28, 1994, CWM submitted a petition to modify the exemption to include wastes bearing 23 additional wastes codes.

After careful review of the material submitted, the USEPA has determined, as required by 40 CFR 148.20(f), that there is a reasonable degree of certainty that waste streams containing constituents designated by these codes will behave hydraulically and chemically like wastes for which CWM was granted an exemption, and will not migrate from the injection zone within 10,000 years. The injection zone is the Mt. Simon Sandstone and the Rome, Conasauga, Kerbel, and Knox Formations. The confining zone is comprised of the Wells Creek and Black River Formations. A fact sheet

containing a summary of the decision now being modified was published in the **Federal Register** on June 18, 1990, at 55 FR 24629 et seq. The proposed decision for this modification was published in the **Federal Register** on February 14, 1995, at 60 FR 8378 et seq.

A public notice of the proposed decision was issued on February 14, 1995, and a public hearing was held in Fremont, Ohio, on March 16, 1995. The public comment period expired on March 31, 1995. A number of comments were received and all comments have been considered in reaching this final decision. A responsiveness summary has been mailed to all commentors and included as part of the Administrative Record relating to this decision.

As a result of this action, CWM may inject the wastes bearing the RCRA codes: F037, F038, K086, K107, K108, K109, K110, K123, K124, K125, K126, K141, K142, K143, K144, K145, K147, K148, K149, K150, and K151 in addition to wastes designated by the codes listed in the fact sheet for this decision. CWM may continue to inject wastes designated as K131 and K132 after they are banned from land disposal on June 30, 1995.

Errata

Several errors were made in compiling the list of waste codes which are covered in the original exemption. Following are corrections:

Waste codes K100, K117, K118, and P110 were inadvertently omitted. CWM's existing exemption includes these waste codes.

The listing included U013 and U175 in error; there are currently no such waste codes, and, should such codes be used to designate wastes in the future, CWM may not inject those wastes unless they can be shown to behave similarly to previously exempted wastes and the CWM exemption is modified to include them.

The duplication of U003 was inadvertent and the second occurrence has no significance.

'T's were used instead of '1's in U150, U176, and U178. These codes should have been written using '1's.

A full list of all the RCRA waste codes for which CWM has been granted exemption follows:

Conditions

General conditions of this exemption are found at 40 CFR part 148. The exemption granted to CWM on August 7, 1990 included a number of conditions. Conditions numbered (1), (2), (3), (4), and (9) remain in force. Monitoring under condition 5, which called for construction and operation of a deep monitoring well, will continue through the life of the facility. Conditions numbered (5), (6), (7), and (8) have been satisfied.

DATES: This action is effective as of May 16, 1995.

FOR FURTHER INFORMATION CONTACT:

Harlan Gerrish or Nathan Wiser, Lead Petition Reviewers, USEPA, Region 5, telephone numbers (312) 886-2939 and (312) 353-9569, respectively. Copies of the petition and all pertinent information relating thereto are on file and are part of the Administrative Record. It is recommended that you contact the lead reviewers prior to reviewing the Administrative record.

Edward P. Watters,

Acting Director, Water Division.

BILLING CODE 6560-50-P

[FRL-5215-7]

Availability of Draft Proposed Compliance Agreement Between Environmental Protection Agency and Department of Energy Related to Noncompliance of the Los Alamos National Laboratory With National Emission Standards for Hazardous Air Pollutants, 40 CFR Part 61, Subpart H (Radionuclides); and Notice of Public Information Meetings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of draft proposed compliance agreement and notice of public information meetings.

SUMMARY: The Environmental Protection Agency is hereby giving notice of availability for public review and comment, a draft Federal Facility Compliance Agreement (FFCA) between the Environmental Protection Agency (EPA) and the Department of Energy (DOE), in the matter of the DOE's Los Alamos National Laboratory, Los Alamos, New Mexico. The draft FFCA has been negotiated pursuant to the Clean Air Act, 42 U.S.C. 7401, et seq., and Executive Order 12088, October 13, 1978, (43 FR 47707). The FFCA will resolve violations of the National Emission Standards for Hazardous Air Pollutants relating to Emissions of Radionuclides Other Than Radon From

Department of Energy Facilities (NESHAP), 40 CFR part 61, subpart H, set forth in Notices of Noncompliance issued by EPA to DOE effective November 27, 1991, and November 23, 1992. The draft FFCA incorporates (at Appendix A) a Compliance Plan which requires DOE to upgrade the facility and operations to achieve full compliance with NESHAP Subpart H. EPA seeks comment on the draft FFCA within 60 days of the date of publication of this notice. Single copies of the draft FFCA may be obtained on request, or the draft FFCA may be examined at any of the locations listed below (see ADDRESSES). Single copies of the draft FFCA are available on request from Mr. Hank May, U.S. Environmental Protection Agency (6T-E), 1445 Ross Avenue, Dallas, Texas 75202-2733. The request may be made via facsimile at (214) 665-2164, or by calling a 24-hour message system at (214) 665-7225. If request is made on 24-hour telephone message system or by facsimile, message will be acknowledged promptly and the draft FFCA mailed as soon as possible. On request, the draft FFCA will be sent instead on PC disk in WordPerfect 5.1.

Three informational meetings will be held early in the 60-day comment period, and will be open to the public. The purpose of these meetings is not to receive comments on the FFCA, but rather to explain the background and basis of the FFCA to those interested, and answer questions related to the FFCA. Meetings will be held in Los Alamos, NM at the Fuller Lodge, 2132 Central Avenue (at 20th Street) from 7 p.m. to 10 p.m. on June 27, 1995; in Española at the Española National Guard Building, West Fairview Lane (2.3 miles west of U.S. Highway 285) from 7 p.m. to 10 p.m. on June 28, 1995; and in Santa Fe at the auditorium in the Runnels Building, New Mexico Department of Environment, 1190 St. Francis Drive from 7:00 p.m. to 10:00 p.m. on June 29, 1995. All meetings will be conducted in English, but a Spanish translator will be available to assist with questions and answers. Facilities will not be available to receive comments, and it is emphasized that *comments on the draft FFCA cannot be received at these informational meetings.*

DATES: Comments on the draft FFCA must be received in writing by no later than August 4, 1995.

ADDRESSES: Written comments on the draft FFCA should be submitted in writing to Mr. Samuel Coleman, Director Air, Pesticides and Toxics Division (6T), U.S. Environmental Protection Agency, 1445 Ross Avenue, Dallas, TX 75202-2733.

A copy of the draft FFCA is available for inspection at the following locations: Albuquerque Public Library, 501 Copper Avenue NW, Albuquerque, New Mexico.

Santa Fe Public Library, 145 Washington Avenue, Santa Fe, New Mexico.

Los Alamos DOE Community Reading Room, 1350 Central Avenue, Suite 101, Los Alamos, New Mexico; also in Los Alamos at the Mesa Public Library, 2400 Central Avenue, Los Alamos, New Mexico.

Española Public Library, 314 Onate, Española, New Mexico.

EPA Library, 401 "M" Street, SW. (West Tower, Room 2904), Washington, DC.

FOR FURTHER INFORMATION CONTACT: Mr. Hank May, Air Enforcement Branch (6T-E), U.S. Environmental Protection Agency, 1445 Ross Avenue, Dallas, Texas 75202-2733, telephone (214) 665-7297.

Dated: May 26, 1995.

Samuel Coleman,

Director, Air, Pesticides and Toxics Division (6T), EPA Region 6.

Common Sense Initiatives Council (CSIC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of Public Advisory CSI Printing and Iron and Steel Sector Subcommittee Meetings; Open Meetings.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Printing and Iron and Steel Sector Subcommittees of the Common Sense Initiative Council (CSIC) will meet on the dates and times described below. All times noted are Eastern Time. All meetings are open to the public. Seating at meetings will be on a first-come basis. For further information concerning specific meetings, please contact the individuals listed with the two Sector Subcommittee announcements below.

(1) Printing Sector Subcommittee—June 21, 1995

The Common Sense Initiative Council, Printing Sector Subcommittee (CSIC-PSS) is convening an open meeting on June 21, 1995 from 8:30 am to 3:30 pm. The workgroups will meet the day before on June 20, 1995 from approximately 10:00 am until about 5:30
