SUPPLEMENTARY INFORMATION: The Goals 2000: Educate America Act (Pub. L. 103-227) (20 U.S.C. 5801 *et seq.*) (the Act) promotes systemic education reform through the development and

implementation of comprehensive improvement plans based on challenging academic standards and high expectations for all students. One of the basic premises of Goals 2000 is that reform should be promoted from the bottom up in communities, local educational agencies (LEAs), and schools, and guided by the coordination and facilitation of State and local leaders. Consistent with the concept of bottom-up reform, a State educational agency (SEA) awards most of the funds that it receives under title III of the Act to LEAs for local reform initiatives, preservice teacher education, and professional development activities. Only a small portion of the funding is retained by the SEA for the development and implementation of the State improvement plan. Likewise, an LEA awards most of its local reform funds to individual public schools to develop and implement comprehensive school improvement plans that are designed to help all students meet challenging State content and student performance standards.

Title III also reserves for the Secretary of the Interior funds for, among other things, the development of a system-wide reform plan that provides for the fundamental restructuring and improvement of elementary and secondary education in schools funded by the BIA. Similar to SEA grants, the funds to BIA also support the development and implementation of comprehensive school improvement plans—in this case, reform plans for BIA-funded schools (i.e., schools that receive funding from the BIA and are operated either by BIA or a tribe).

Recognizing the importance of coordinating the various school reform initiatives affecting Indian children, Congress has authorized under section 314(a)(4) of the Act grants to tribal divisions of education for coordination efforts between school reform plans developed for public schools and plans developed for BIA-funded schools. The coordination efforts, which include tribal activities in support of the plans, are essential because Indian children from the same tribe are often served by a patchwork of schools from different jurisdictions throughout their elementary and secondary education. In many instances, there is little consistency in educational policy, standards, and curriculum among the various public and BIA-funded schools. Furthermore, the high transfer rates of Indian students among schools and, in some areas, the large number of Indian students in public schools underscore the necessity for improved coordination activities.

Because a recipient tribal division of education under this program would help coordinate the reform efforts of BIA-funded and public schools, eligible applicants are limited to tribal divisions of education of federally recognized tribes. A federally recognized tribe is any Indian tribe, band, Nation, or other organized group or community that is recognized by the Secretary of the Interior as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A "tribal division of education" would include a department, agency, board, committee, or other institution within the tribe whose primary responsibility is planning, developing, and coordinating existing elementary and secondary education programs for the children of the tribe.

Many school reform plans are being developed and implemented with funds from sources other than Goals 2000. A tribal division of education is eligible to apply for a grant under section 314(a)(4) regardless of whether the relevant schools are receiving Goals 2000 funds to support reform initiatives or are even located in a State that is participating in the Goals 2000 Title III grant program. However, in order for a tribal division of education to be eligible for a grant, the public and BIA-funded schools that the children of the tribe attend must be implementing (or in the process of developing and implementing) comprehensive school reform plans that are designed to meet the needs of their particular student population and help all students meet challenging academic standards.

A tribal division of education receiving a grant under section 314(a)(4) will be given maximum flexibility to implement a program that fits the unique circumstances of the children in the tribe. The grants will assist tribal divisions of education in building partnerships between public and BIA-funded schools, and could be used to support many types of coordination efforts, including activities such as improving consistency and compatibility of curricula among public and BIA-funded schools, assisting in the development of curricula that are culturally sensitive, creating mechanisms to increase communication among parents and the schools that their children attend, increasing tribal participation in the development and implementation of school improvement plans, and conducting professional development programs for local teachers.

The Secretary strongly encourages an applicant to propose coordination

efforts that include broad-based outreach and collaborative processes involving parents, teachers, school administrators, and business and tribal leaders, as appropriate. A meritorious proposal would also demonstrate that the relevant public and BIA-funded schools are committed to cooperate with and assist the applicant in its activities.

In demonstrating that there is a specific need for improved coordination efforts between the school reform plans for the BIA-funded schools and the plans for the public schools attended by the children of the tribe, the Secretary encourages applicants to consider factors such as—

(a) The rate of mobility of students between or among public and BIA-funded schools;

(b) The lack of an effective system for tracking the transfer of students between or among public and BIA-funded schools;

(c) The lack of consistency and compatibility in curriculum among public and BIA-funded schools;

(d) Social and academic adjustment problems of students transferring from one school to another;

(e) The number of children from the tribe attending public schools; and

(f) Insufficient ongoing coordination efforts between and among public and BIA-funded schools in the development or implementation of their school reform plans.

Selection Criteria

The Secretary will use the selection criteria in 34 CFR 75.210 to evaluate applications under this competition. The Secretary assigns the 15 points that are reserved in 34 CFR 75.210(c) as follows: 10 additional points to selection criterion (3)—Plan of operation—for a total of 25 points for that criterion; 3 additional points to selection criterion (4)—Quality of key personnel—for a total of 10 points for that criterion; and 2 additional points to criterion (6)—evaluation plan—for a total of 7 points for that criterion.

The maximum score for all of the criteria totals 100 points. The maximum score for each criterion is indicated in parenthesis with the criterion. The criteria are as follows:

(1) *Meeting the purposes of the authorizing statute.* (30 points) The Secretary reviews each application to determine how well the project will meet the purposes of the authorizing statute (i.e., sections 2 and 314(a)(4) of the Goals 2000: Educate America Act), including consideration of—

(i) The objectives of the project; and

(ii) How the objectives of the project further the purposes of the authorizing statute.

(2) *Extent of need for the project.* (20 points) The Secretary reviews each application to determine the extent to which the project meets specific needs recognized in the statute that authorizes the program, including consideration of—

(i) The needs addressed by the project;

(ii) How the applicant identified those needs;

(iii) How those needs will be met by the project; and

(iv) The benefits to be gained by meeting those needs.

(3) *Plan of operation.* (25 points) The Secretary reviews each application to determine the quality of the plan of operation for the project, including—

(i) The quality of the design of the project;

(ii) The extent to which the plan of management is effective and ensures proper and efficient administration of the project;

(iii) How well the objectives of the project relate to the purpose of the program;

(iv) The quality of the applicant's plan to use its resources and personnel to achieve each objective; and

(v) How the applicant will ensure that project participants who are otherwise eligible to participate are selected without regard to race, color, national origin, gender, age, or disability.

(4) *Quality of key personnel.* (10 points)

(i) The Secretary reviews each application to determine the quality of key personnel the applicant plans to use on the project, including—

(A) The qualifications of the project director (if one is to be used);

(B) The qualifications of each of the other key personnel to be used in the project;

(C) The time that each person referred to in paragraphs (4)(i)(A) and (B) will commit to the project; and

(D) How the applicant, as part of its nondiscriminatory employment practices, will ensure that its personnel are selected for employment without regard to race, color, national origin, gender, age, or disability.

Note: Section 7(b) of the Indian Self-Determination and Education Assistance Act (Pub. L. 93-638) requires that, to the greatest extent feasible, a grantee under this program (1) give to Indians preferences and opportunities for training and employment in connection with the administration of the grant, and (2) give to Indian organizations and to Indian-owned economic enterprises preference in the award of contracts in

connection with the administration of the grant.

(ii) To determine personnel qualifications under paragraphs (4)(i)(A) and (B), the Secretary considers—

(A) Experience and training in fields related to the objectives of the project; and

(B) Any other qualifications that pertain to the quality of the project.

(5) *Budget and effectiveness.* (5 points) The Secretary reviews each application to determine the extent to which—

(i) The budget is adequate to support the project; and

(ii) Costs are reasonable in relation to the objectives of the project.

(6) *Evaluation plan.* (7 points) The Secretary reviews each application to determine the quality of the evaluation plan for the project, including the extent to which the applicant's methods of evaluation—

(i) Are appropriate to the project; and

(ii) To the extent possible, are objective and produce data that are quantifiable.

(7) *Adequacy of resources.* (3 points)

The Secretary reviews each application to determine the adequacy of the resources that the applicant plans to devote to the project, including facilities, equipment, and supplies.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion—Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- (1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
