SUPPLEMENTARY INFORMATION:

Background

On May 5, 1995, Customs published in the Federal Register (60 FR 22312) a notice of proposed rulemaking that (1) set forth proposed amendments to the interim Customs Regulations, published in the Federal Register on January 3, 1994, as T.D. 94–4, which established the rules for determining when the country of origin of a good is one of the parties to the North American Free Trade Agreement for purposes of Annex 311 of that Agreement and (2) republished, with some modifications, proposed amendments to the Customs Regulations to set forth uniform rules governing the determination of the country of origin of imported merchandise, which also had been published in the Federal Register on January 3, 1994. The document solicited public comments that were to be received on or before June 19, 1995.

Customs has been requested to extend the period of time for comments in order to afford interested parties additional time to study the proposed regulatory changes and prepare responsive comments. Customs believes that it would be appropriate to grant the request. Accordingly, the period of time for the submission of comments is being extended 30 days.
