Northwest Pipeline Corporation; Notice of Proposed Change in FERC Gas Tariff

May 31, 1995.

Take notice that on May 26, 1995, Northwest Pipeline Corporation (Northwest), tendered for filing and acceptance as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets with a proposed effective date of March 2, 1995:

Second Revised Sheet No. 202

Fourth Revised Sheet No. 231

First Revised Sheet No. 231-A

Original Sheet No. 303

Original Sheet No. 303-A

Northwest states that the purpose of this filing is to respond to the directives of the Commission staff at the technical conference held on April 25, 1995 in Docket No. RP95-145 wherein

Northwest was instructed to submit revised tariff sheets to the Commission by May 26, 1995. Northwest states that the proposed tariff provisions establish a new Section 32 in its General Terms and Conditions that allows Northwest to sell: (i) gas that becomes the property of Northwest pursuant to the provisions of terminated transportation or storage agreements or due to tariff provisions relating to interruptible storage or shipper imbalances; and (ii) other volumes of gas in de minimis quantities or in limited or infrequent situations.

Northwest states that it is proposing to credit its customers for certain gas sales revenues through a revenue crediting mechanism or, in the alternative, to credit its customers volumetrically for certain gas that becomes the property of Northwest by reducing the fuel use requirements

factors. Likewise, Northwest states that its customers would bear the risk for certain gas that Northwest is unable to recover in imbalance situations.

Northwest further states that it is seeking to withdraw the proposed tariff sheets submitted on January 30, 1995 and March 16, 1995 in this docket.

Northwest is requesting limited waiver of the Commission's conduct and reporting regulations in Order No. 497 with regard to the sales of this gas.

Northwest states that a copy of this filing has been served upon Northwest's jurisdictional customers, upon all intervenors in Docket No. RP95-145-000 and upon interested state regulatory commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. North Penn Gas Co.; Notice of Filing

May 31, 1995.

Take notice that on May 25, 1995, North Penn Gas Company (North Penn) tendered for filing a request for authority to provide payment to its current customers for (a) past North Penn overrecoveries of take-or-pay (TOP) dollars, as reduced by (b) three percent TOP payments by North Penn. As explained below, application of North Penn's tariff would allow North Penn to provide payment of \$63,619 in TOP overrecoveries, which would be the amount owed, including interest, as of July 31, 1995.

As its primary relief, however, North Penn requests authority to provide payment of TOP overrecoveries as of December 29, 1995, which will reflect the remaining North Penn TOP payments of which North Penn is aware. If the Commission denies the primary relief, then North Penn requests

authority to provide payment of the aforesaid \$63,619.

North Penn requests waiver of any of the Commission's Rules and Regulations as may be required to implement the filing.

North Penn states that copies of the letter of transmittal and all enclosures are being mailed to each of North Penn's affect customers and State Commissions shown on the service list attached to the filing.
