

Name of SEP: Behavioral and Neurosciences.

Date: July 24, 1995.

Time: 8:30 a.m.

Place: Jefferson Hotel, Washington, DC.

Contact Person: Dr. Lynwood Jones, Scientific Review Admin., 6701 Rockledge Drive, Room 5204, Bethesda, MD 20892, (301) 435-1261.

Name of SEP: Multidisciplinary Sciences.

Date: July 9-10, 1995.

Time: 6:00 p.m.

Place: Holiday Inn, Chevy Chase, MD.

Contact Person: Dr. Richard Panniers, Scientific Review Admin., 6701 Rockledge Drive, Room 5106, Bethesda, MD 20892, (301) 435-1166.

Purpose/Agenda: To review Small Business Innovation Research Program grant applications.

Name of SEP: Multidisciplinary Sciences.

Date: July 16-18, 1995.

Time: 6:00 p.m.

Place: Hyatt Regency, Bethesda, MD.

Contact Person: Dr. Richard Panniers, Scientific Review Admin., 6701 Rockledge Drive, Room 5106, Bethesda, MD 20892, (301) 435-1166.

The meetings will be closed in accordance with the provisions set forth in secs. 552b(c)(4) and 552b(c)(6), Title 5, U.S.C. Applications and/or proposals and the discussions could reveal confidential trade secrets or commercial property such as patentable material and personal information concerning individuals associated with the applications and/or proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

This notice is being published less than 15 days prior to the meeting due to the urgent need to meet timing limitations imposed by the grant review cycle.

BILLING CODE 4140-01-M

Public Health Service

Health Resources and Services Administration; Statement of Organization, Functions and Delegations of Authority

Part H, Chapter HB (Health Resources and Services Administration) of the

Statement of Organizations, Functions and Delegations of Authority of the Department of Health and Human Services (47 FR 38409-24, August 31, 1982, as amended most recently at 60 FR 10396-37, February 24, 1995) is amended to reflect the current functions assigned to the Maternal and Child Health Bureau (HBM).

Under Section HB-20, Functions, delete in its entirety the functional statements under the *Maternal and Child Health Bureau (HBM)* and substitute the following:

Maternal and Child Health Bureau (HBM)

Office of the Director (HBM1)

Provides national leadership and policy direction for the planning, development, implementation and evaluation of the programs and activities of the Bureau. These programs are designed to improve the health of women of childbearing age, infants, children, adolescents, and their families, of children with special health needs, and of persons with hemophilia. Specifically: (1) Oversees the day-to-day management and operations of the Bureau's Offices and Divisions; (2) coordinates all internal functions of the Bureau and facilitates effective, collaborative relationships with other health and related programs; (3) establishes a program mission, goals, objectives, and policy positions consistent with legislation and broad Administration guidelines; (4) serves as the focal point for managing the Bureau-wide strategic planning operation as it relates to long and short range programmatic goals and objectives for the Bureau; (5) develops and administers internal operating policies and procedures and provides guidance and direction to regional staff, to State Health Officers, and to State Maternal and Child Health and Special Health Needs Coordinators; (6) serves as principal contact point to the agency, the Public Health Service, the Department, OMB, and the White House on matters concerning the health status of America's mothers and children; (7) directs and coordinates the Bureau's program responsibilities, including the Maternal and Child Health block grants to States, contracts, and other funding arrangements in the areas of research, training, genetics, hemophilia, and health service improvement through regionally and nationally significant projects, a program of consultation, technical assistance and training designed to improve health, nutrition, mental and dental health services for children in Head Start programs, a

national program to improve emergency medical services for children, a Healthy Start program designed to strengthen and improve the delivery of health services, a demonstration program in Pediatric AIDS, and a national service demonstration program for the treatment and prevention of AIDS in persons with hemophilia; (8) directs and coordinates the planning, implementation and monitoring of a national maternal and child health data and information system based in State and local jurisdictions; (9) provides direction and serves as the focal point for international matters of concern to the health of mothers, children, and their families; (10) develops a policy statement and an action plan to address the health needs of mothers and children from culturally diverse groups; (11) directs and coordinates Bureau activities in support of Equal Opportunity programs; (12) provides direction for the Bureau's Civil Rights compliance activities; (13) provides information and reports on the Bureau's programs to public, health, education and related professional associations, the Congress, other Federal and PHS agencies, OMB, and the White House; (14) coordinates public communications and public affairs activities for the Bureau; (15) administers the implementation of the Privacy Act and the Freedom of Information Act in the Bureau; and (16) performs the executive secretariat functions and coordinates responses to General Accounting Office audit reports and monitors the implementation of GAO recommendations.

Office of Operations and Management (HBM15)

Plans, directs, coordinates, and evaluates Bureau-wide administrative and management activities; coordinates and monitors program and administrative policy implementation; and maintains close liaison with officials of the Agency, the Office of the Assistant Secretary for Health, and the Office of the Secretary on matters relating to these activities. Specifically: (1) Serves as the Bureau Director's and Bureau's principal source for management and administrative advice and assistance for Headquarters and Regional Office staff operations; (2) provides or serves as liaison for program support services and resources, such as procurement of equipment and supplies, space, property, etc.; (3) provides leadership on intergovernmental activities of the Bureau which requires central administrative direction or intergovernmental activities of the

Bureau which require central direction of cross cutting administrative issues affecting program activities; (4) participates in the development of strategic plans, regulatory activities, policy papers, and legislative proposals relating to MCH programs; (5) serves as liaison with the Division of Personnel, HRSA, and coordinates personnel activities for the Bureau; (6) directs, conducts, and coordinates manpower management activities and advises on the allocation of personnel resources including interagency agreements of Federal assignees to MCH programs; (7) manages the performance appraisal and employee performance management systems; (8) develops and carries out a full range of financial management activities, including the annual budget formulation, presentation, and execution functions; (9) determines State allocations of MCH Block Grant funds based on formula and current census data; (10) is responsible for planning, directing, coordinating, and evaluating Bureau-wide grants management activities, including cooperative agreement operations; (11) coordinates the development and processing of Bureau contract procurement activities and maintains liaison with the Division of Grants and Procurement Management, HRSA, and with the Office of the Assistant Secretary for Health; (12) plans, coordinates, and facilitates the Bureau's intra- and interagency agreement activities; (13) provides organization and management analysis, develops policies and procedures for internal operations, and interprets and implements the Administration's management policies, procedures and systems; (14) coordinates the Bureau's program and administrative delegations of authority activities; (15) provides staff services in the operational planning and program analysis; (16) is responsible for paperwork management functions, including the development and maintenance of manual issuances; (17) provides direction regarding new developments in office management activities; and (18) participates in international health activities of the Bureau.

Office of Program Development (HBM13)

Serves as the Bureau focal point for the management of the planning, evaluation, legislation, and legislative implementation activities, including the development, coordination, and dissemination of program objectives, policy positions, reports and strategic plans. Specifically: (1) Advises and assists the Bureau Director and the

Bureau in the development, coordination and management of legislative planning documents, responses to Departmental and HRSA initiatives, and information papers to support Bureau and Administration goals; (2) interprets evaluation requirements, develops, coordinates, and manages preparation of the annual evaluation plans and activities, and conducts or contracts for specific evaluation projects related to the performance of MCHB programs; (3) provides staff services, disseminates information, and develops, coordinates, and manages Bureau activities relating to legislation and regulations, and develops and coordinates legislative proposals and regulations; (4) develops, coordinates, and manages Bureau activities related to the development, clearance, and dissemination of **Federal Register** notices, guidelines, final grant reports, and periodic and annual reports to other Federal and non-Federal agencies; (5) participates in the development of budget submissions related to the office's functions; (6) coordinates activities closely and continuously with the Office of Planning, Evaluation and Legislation, HRSA, and other MCHB Divisions and Offices in promoting program objectives and the mission of the Bureau; (7) provides liaison with public, private, professional, and voluntary organizations on programs related to MCHB planning and legislative issues; and (8) participates in international health activities of the Bureau.

Office of State and Community Health (HBM14)

In collaboration with MCHB Divisions and Offices, serves as the organizational focus for the administration of responsibilities related to the MCH Block Grant to States Program, including guidance to States on community health activities, reporting requirements and assurances, coordination of the provision of technical assistance and consultation, oversight of the Regional staff workplan, and development of national information and data systems for management of the Block Grant Program. Specifically: (1) Provides national leadership, direction, coordination, and administrative oversight related to the development and management of the State MCH Block Grant applications and the annual reports; (2) develops, plans, manages, and monitors a Bureau-wide program of technical assistance and consultation in collaboration with other MCHB Divisions and agencies and organizations and based on review of

State Block applications and annual reports, and provides assistance related to the State Block Grant and community health activities; (3) coordinates, facilitates, supports, and monitors the development of national information and data systems for management of the Block Grant; (4) coordinates the analysis of data related to the State Block Grant activities; (5) directly or through grants, contracts, or cooperative agreements, and in concert with the MCHB Divisions, provides for the collection of State MCH health data and assures the utilization of the data in preparation of the Annual Report to the Congress; (6) provides leadership and direction to the ten Regional Office staffs in concert with the MCHB Divisions through the development, implementation, monitoring, and management of the Regional staff/Headquarters workplan guidance; (7) participates in activities related to the Special Projects of Regional and National Significance (SPRANS) program to facilitate the dissemination of effective knowledge related to State MCH functions; (8) manages and monitors interagency agreements of Federal assignees to State MCH programs; (9) maintains liaison with other public, private, professional and voluntary organizations, institutions, and associations dealing with the State MCH Block Grant program; (10) promotes program objectives and the mission of the Bureau; (11) participates in the development of strategic plans, regulatory activities, policy papers, legislative proposals, and budget submissions relating to health services for women of childbearing age, infants, children, adolescents, children with special health care needs and their families; (12) participates in international health activities of the Bureau and coordinates the Pacific Basin activities; and (13) accounts for the administration of funds and other resources for grants, contracts, and cooperative agreements.

Division of Services for Children With Special Health Needs (HBM2)

Provides national leadership in planning, directing, coordinating, monitoring, and evaluating national programs focusing on the promotion of health and prevention of disease among children with special health needs, and their families with special emphasis on the development and implementation of family-centered, comprehensive, care-coordinated, community-based and culturally competent systems of care for such populations. Specifically: (1) Administers a program which supports the development of systems of care and

services for children with special health care needs and their families; (2) develops policies and guidelines and promulgates standards for professional services and effective organization and administration of health programs for children with special health care needs, and their families; (3) accounts for the administration of funds and other resources for grants, contracts and programmatic consultation and assistance; (4) coordinates with other MCHB Divisions and Offices in promoting program objectives and the mission of the Bureau; (5) serves as the focal point within the Bureau in implementing programmatic statutory requirements for State programs for children with special health care needs, and their families; (6) provides consultation and technical assistance to State programs for children with special health care needs and to local communities, consistent with a Bureau-wide technical assistance consultation plan, and in concert with other agencies and organizations; (7) provides liaison with public, private, professional and voluntary organizations on programs designed to improve services for children with special health care needs, and their families; (8) develops and implements a national program for those at-risk-for or suffering from genetic diseases, implementing a system of projects related to genetic services, counseling information and referral; (9) develops and implements a national program for persons with hemophilia; (10) develops and implements a national program relating to women, children, and adolescents with HIV infection; (11) develops and implements community-based service and systems of care for children with disabling conditions and chronic illnesses; (12) coordinates within this Agency and with other Federal programs (particularly Title XIX of the Social Security Act) to extend and improve comprehensive, coordinated services and promote integrated State-based systems of care for children with special health care needs, and their families; (13) disseminates information on preventive health services and advances in the care and treatment of children with special health care needs, and their families; (14) participates in the development of strategic plans, regulatory activities, policy papers, legislative proposals, and budget submissions relating to health services for children with special health care needs and their families; (15) provides a focus for international health activities of the Bureau for services for children with special health care needs and their

families, and (16) participates in the development of interagency agreements of Federal assignees to State MCH programs.

Division of Maternal, Infant, Child, and Adolescent Health (HBM3)

Provides national leadership in planning, directing, coordinating, monitoring, and evaluating national programs focusing on the promotion of health and prevention of disease among women of childbearing age, infants, children, adolescents, and their families with special emphasis on the development and implementation of family-centered, comprehensive, care coordinated, community based and culturally competent systems of care for such populations. Specifically: (1) Administers a program which supports the development of systems of care and services for women of childbearing age, infants, children, adolescents, and their families; (2) develops policies and guidelines and promulgates standards for professional services and effective organization and administration of health programs for women of childbearing age, infants, children, adolescents, and their families; (3) accounts for the administration of funds and other resources for grants, contracts and programmatic consultation and assistance; (4) coordinates with other MCHB Divisions and Offices in promoting program objectives and the mission of the Bureau; (5) serves as the focal point within the Bureau in implementing programmatic statutory requirements for State programs for women of childbearing age, infants, children, adolescents, and their families; (6) provides consultation and technical assistance to State programs for women of childbearing age, infants, children, adolescents, and their families and to local communities, consistent with a Bureau-wide technical assistance consultation plan, working with other agencies and organizations; (7) provides liaison with public, private, professional and voluntary organizations on programs designed to improve services for women of childbearing age, infants, children, adolescents, and their families; (8) serves as the national focus for reducing unacceptably high rates of infant and maternal mortality and morbidity and associated problems of low birthweight infants; (9) serves as the national focus for improving the health and well-being of adolescents; (10) carries out a national program on school staff development activities; (11) carries out a national program designed to improve the provision of emergency medical services for children; (12) coordinates within this Agency and

with other Federal programs (particularly Title XIX of the Social Security Act) to extend and improve comprehensive, coordinated services and promote integrated State-based systems of care for women of childbearing age, infants, children, adolescents, and their families; (13) disseminates information on preventive health services and advances in the care and treatment of women of childbearing age, infants, children, adolescents, and their families; (14) participates in the development of strategic plans, regulatory activities, policy papers, legislative proposals, and budget submissions relating to health services for women of childbearing age, infants, children, adolescents, and their families; (15) provides a focus for international health activities of the Bureau for services for women of childbearing age, infants, children, adolescents, and their families; and (16) participates in the development of interagency agreement of Federal assignees to State MCH programs.

Division of Science, Education, and Analysis (HBM6)

Provides national leadership in planning, directing, coordinating, monitoring, and evaluating national programs related to research, professional and public education, analysis, and computer science and Information Resources Management (IRM) application activities focusing on the promotion of health and prevention of disease among women of childbearing age, infants, children, adolescents and their families, with special emphasis on the development and implementation of family-centered, comprehensive, care-coordinated, community-based and culturally competent systems of care for such populations. Specifically: (1) Administers a program which supports the development of systems of care and services for mothers, children, and their families; (2) develops policies and guidelines and promulgates standards through research, professional and public education, analysis, and computer science and IRM application activities for the Bureau; (3) accounts for the administration of funds and other resources for grants, contracts and programmatic consultation and assistance; (4) coordinates with other MCHB Divisions and Offices in promoting program objectives and the mission of the Bureau; (5) serves as the focal point within the Bureau, in collaboration with other MCHB Offices and Divisions, in implementing research, professional and public education, quantitative and qualitative

analytic activities, and computer science and IRM application requirements for State programs for women of childbearing age, infants, children, adolescents, children with special health care needs, and their families; (6) provides consultation and technical assistance to State programs and local communities, consistent with a Bureau-wide technical assistance consultation plan, working with other agencies and organizations; (7) serves as the focal point in the Bureau for IRM functions and activities, including the planning, directing, and coordination of IRM acquisitions, and development and support of Bureau-wide and Regional Office staff information systems; (8) provides liaison with public, private, professional and voluntary organizations on programs and activities; (9) coordinates within this Agency and with other Federal programs (particularly Title XIX of the Social Security Act) to extend and improve comprehensive, coordinated services and promote integrated State-based systems of care; (10) disseminates information on research, professional and public education, analysis, and computer science and IRM activities to States and localities related to preventive health services, health promotion efforts, and advances in the care and treatment of women of childbearing age, infants, children, adolescents, children with special health care needs, and their families; (11) participates in the development of strategic plans, regulatory activities, policy papers, legislative proposals, and budget submissions; (12) provides a focus for international health activities of the Bureau relating to research, professional and public education, analysis, and computer science and IRM activities for the Bureau; and (13) participates in the development of interagency agreements of Federal assignees to State MCH programs.

Division of Healthy Start (HBM5)

Provides national leadership in planning, directing, coordinating, monitoring and evaluating the implementation of the Presidential Healthy Start Initiative to strengthen and improve the delivery of health services in the 15 Healthy Start communities. Specifically: (1) Administers a national Healthy Start program which collects and analyzes information regarding the Healthy Start projects; (2) provides program policy direction, technical assistance, and professional consultation on Healthy Start activities; (3) accounts for the administration of funds and other resources for grants, contracts and

programmatic consultation and assistance; (4) coordinates with other MCHB Divisions and Offices in promoting program objectives and the mission of the Bureau; (5) services as the focal point within the Bureau in implementing programmatic requirements for a national Healthy Start program; (6) coordinates Healthy Start activities within this Agency, particularly with the PHS Interagency Committee on Infant Mortality and with the Office of Communications pertaining to its national public information and public education campaign, and with other Federal programs, such as the Health Care Financing Administration, and the Administration for Children and Families; (7) provides liaison with public, private, professional and voluntary organizations on programs designed to improve delivery of health care and social services for Healthy Start projects; (8) disseminates information on Healthy Start activities; (9) participates in the development of strategic plans, regulatory activities, policy papers, legislative proposals, and budget submissions relating to Healthy Start activities; and (10) provides a focus for international health activities of the Bureau of Healthy Start activities.

Section HB-49, Delegations of Authority

All delegations and redelegations of authorities to officers and employees of the Maternal and Child Health Bureau which were in effect immediately prior to the effective date of this reorganization will be continued in effect in them or their successors, pending further redelegation provided they are consistent with reorganization.

This reorganization is effective February 28, 1995.

Dated: May 24, 1995.

Ciro V. Sumaya,
Administrator.
