

indicated as Lot 4 on Lake Travis Subdivision No. 2, Lime Creek Road, Leander, Travis County, Texas (PRT-800080).

The Applicant (Stephen I. Adler) plans to construct a single-family residence at the specific site indicated as Lot 12, Westlake Highlands, Section 5, Phase 2, Revised Plat Record V.31 P.2, Austin, Travis County, Texas (PRT-800130).

The Applicants (Cecil Eugene Ethridge and Doug Van Skyock) plan to construct a single-family residence at the specific site indicated as Lot 44 in Comanche Trail No. 3 Resubdivision, on Mountain Trail, Austin, Travis County, Texas (PRT-799863).

The proposed construction and operation of the single-family residences will comply with all local, State, and Federal environmental regulations addressing environmental impacts associated with this type of development. Details of the mitigation are provided in the individual Environmental Assessment/Habitat Conservation Plans. These conservation plan actions ensure that the criteria established for issuance of an incidental take permit will be fully satisfied.

#### Alternatives Considered

1. Proposed action,
2. Alternate site locations,
3. Alternative site designs,
4. Wait for issuance of a regional Section 10(a)(1)(B) permit,
5. No action.

#### Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plans, the Service has determined that these actions are not major Federal actions which would significantly affect the quality of the human environment within the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of Environmental Impact Statements on the proposed action is not warranted.

It is my decision to issue the Section 10(a)(1)(B) permits for the construction and operation of the single-family residences at the sites specified above in Travis County, Texas.

**INTERSTATE COMMERCE  
COMMISSION**

[Docket No. AB-418 (Sub-No. 1X)]

**Cooperstown and Charlotte Valley  
Railway Corporation—Abandonment  
Exemption—in Otsego County, NY**

Cooperstown and Charlotte Valley Railway Corporation (CCV), a subsidiary of Delaware Otsego Corporation, has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon its entire 15.49-mile line of railroad, between milepost 16.0, at Cooperstown Junction, and milepost 0.51, at Cooperstown, in Otsego County, NY.

CCV has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic on the line; (3) no formal complaint filed by a user of rail service on the line (or by a State or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

In its verified notice, applicant said that it "recognizes that this abandonment will be made subject to the customary employee protective conditions imposed by the Commission." Where, as here, however, a railroad proposes to abandon its entire line of railroad, employee protective conditions are normally not imposed. Thus, consistent with Commission precedent, employee protective conditions will not be imposed here.<sup>1</sup>

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 9, 1995, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>2</sup>

<sup>1</sup> The Commission will only consider imposing employee protective conditions in the context of an entire line abandonment when the evidence of record demonstrates the existence of: (1) a corporate affiliate that will continue substantially similar rail operations; or (2) a corporate parent that will realize substantial financial benefits over and above relief from the burden of deficit operations by its subsidiary railroad. See *Northampton and Bath R. Co.—Abandonment*, 354 I.C.C. 784 (1978).

<sup>2</sup> A stay will be issued routinely by the Commission in those proceedings where an informed decision on environmental issues (whether raised by a party or by the Commission's

formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),<sup>3</sup> and trail use/rail banking requests under 49 CFR 1152.29<sup>4</sup> must be filed by June 19, 1995. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by June 29, 1995, with: Office of the Secretary, Case Control Branch, Interstate Commerce Commission, Washington, DC 20423.

A copy of any pleading filed with the Commission should be sent to applicant's representative: Nathan R. Fenno, Cooperstown and Charlotte Valley Railway Corporation, 1 Railroad Ave., Cooperstown, NY 13326.

If the notice of exemption contains false or misleading information, the exemption is void *ab initio*.

CCV has filed an environmental report which addresses the effects of the abandonment, if any, on the environment and historic resources. The Commission's Section of Environmental Analysis (SEA) will issue an environmental assessment (EA) by June 14, 1995. Interested persons may obtain a copy of the EA by writing to SEA (Room 3219, Interstate Commerce Commission, Washington, DC 20423) or by calling Elaine Kaiser, Chief of SEA, at (202) 927-6248. Comments on environmental and historic preservation matters must be filed within 15 days after the EA is available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Decided: June 2, 1995.

By the Commission, David M. Konschnik, Director, Office of Proceedings.
