Details of the mitigation are provided in the individual Environmental Assessment/Habitat Conservation Plans. These conservation plan actions ensure that the criteria established for issuance of an incidental take permit will be fully satisfied.

Alternatives Considered

1. Proposed action,
2. Alternate site locations,
3. Alternative site designs,
4. Wait for issuance of a regional Section 10(a)(1)(B) permit,
5. No action.

Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plans, the Service has determined that these actions are not major Federal actions which would significantly affect the quality of the human environment within the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of Environmental Impact Statements on the proposed action is not warranted.

It is my decision to issue the Section 10(a)(1)(B) permits for the construction and operation of the single-family residences at the sites specified above in Travis County, Texas.

Lynn B. Starnes,

Acting Regional Director, Region 2, Albuquerque, New Mexico.
