

Warrants listed by the Amex, calling attention to certain compliance responsibilities when handling transactions in Peso Warrants.¹⁷

Based on the foregoing, the Commission believes that the listing and trading of Peso Warrants, within the framework described above, is appropriate and consistent with the Act.

The Commission finds good cause for approving Amendment Nos. 2 and 3 to the proposed rule change prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**. Specifically, Amendment No. 2 realigns the customer margin requirements to reflect more accurately the recent volatility of the Mexican peso in relation to the U.S. dollar. Moreover, the Commission notes that the original proposal and Amendment No. 1 to the proposal were published in the **Federal Register** for the full 21-day comment period and that no comments were received by the Commission regarding either the original proposal or the lower customer margin levels proposed in Amendment No. 1.

Amendment No. 3 provides that the Amex will review the volatility of the Mexican peso in relation to the U.S. dollar on at least a quarterly basis and increase the applicable customer margin levels if appropriate. Moreover, the Amex cannot lower the customer margin levels from the 18% and 15% levels provided above without Commission approval pursuant to Section 19(b) of the Act. As discussed above, the Commission believes these procedures will ensure that the customer margin requirements for Peso Warrants are maintained at levels adequate to cover present and future volatility of the Mexican Peso in relation to the U.S. dollar.

Based on the above and in order to allow the Amex to begin listing Peso Warrants without delay, the Commission believes it is consistent with Section 6(b)(5) of the Act to approve Amendment Nos. 2 and 3 to the Amex's proposal on an accelerated basis.

Interested persons are invited to submit written data, views and arguments concerning Amendments Nos. 2 and 3. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 50 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the

Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, N.W., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the Amex. All submissions should refer to the File No. SR-Amex-95-04 and should be submitted by July 3, 1995.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁸ that the proposed rule change (File No. SR-Amex-95-04), as amended by Amendment Nos. 2 and 3, is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁹

Rule Changes Regarding Depository
Eligibility Requirements**

June 1, 1995.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ the above-referenced self-regulatory organizations ("SROs") filed proposed rule changes² with the

¹⁸ 15 U.S.C. 78s(b)(2) (1988).

¹⁹ 17 CFR 200.30-3(a)(12) (1994).

¹ 15 U.S.C. 78s(b)(1) (1988).

² Proposed rule changes were filed with the Commission by each SRO in conjunction with substantially similar proposals by the other SROs as follows: American Stock Exchange, Inc. ("Amex") on May 16, 1995; Boston Stock Exchange, Incorporated ("BSE") on May 18, 1995; Chicago Stock Exchange Incorporated ("CHX") on April 26, 1995; National Association of Securities Dealers, Inc. ("NASD") on May 19, 1995; New York Stock Exchange, Inc. ("NYSE") on May 16, 1995; The Pacific Stock Exchange Incorporated ("PSE") on May 15, 1995; and Philadelphia Stock Exchange, Inc. ("PHLX") on May 19, 1995. On May 18, 1995, PHLX amended its proposed rule change to

Securities and Exchange Commission ("Commission") regarding depository eligibility requirements for issuers. Notices of the proposed rule changes were published in the **Federal Register** to solicit comments from interested persons.³ No comment letters were received. For the reasons discussed below, the Commission is approving the proposed rule changes on an accelerated basis to be effective on June 7, 1995.

I. Description of the Proposal

Under the rule changes,⁴ each SRO will adopt a depository eligibility rule⁵ for issuers that desire to have their securities listed on a national securities exchange or be eligible for inclusion in the Nasdaq Stock Market ("Nasdaq").⁶ The rule changes will require issuers to represent to a national securities exchange or the NASD that the CUSIP number identifying the securities⁷ to be listed on such exchange or to be eligible for inclusion in Nasdaq has been included in the file of eligible issues maintained by a securities depository registered as a clearing agency under Section 17A of the Act.⁸ This requirement will not apply to a security if the terms of such security cannot be reasonably modified to meet the criteria for depository eligibility at all securities depositories.

conform to the rule changes filed by the other SROs. Letter from Sharon S. Metzger, PHLX, to Christine Sibille, Senior Counsel, Division of Market Regulation, Commission (May 18, 1995).

³ Securities Exchange Act Release Nos. 35734 (May 18, 1995), 60 FR 27571 (Amex); 35735 (May 18, 1995), 60 FR 27572 (BSE); 35711 (May 12, 1995), 60 FR 27357 (CHX); 35774 (May 26, 1995), 60 FR 28813 (NASD); 35773 (May 26, 1995), 60 FR 28817 (NYSE); 35740 (May 19, 1995), 60 FR 27996 (PSE); 35772 (May 26, 1995), 60 FR 28815 (PHLX).

⁴ The uniform rule has been developed by the Legal and Regulatory Subgroup of the U.S. Working Committee of the Group of Thirty in coordination with each of the national securities exchanges and the NASD.

⁵ Rule 777 (Amex); Chapter III, Section 8(a) (BSE); Rule 7(I) (CHX); Part II, Section 1 (c)(23) of Schedule D to the NASD by-laws ("By-laws") and Section 11 of the Uniform Practice Code ("UPC") (NASD); Rule 227 (NYSE); Rule 5.9(d) (PSE); and Rule 853 (PHLX).

⁶ In addition to the adoption of the uniform depository eligibility rule for inclusion in the By-laws, the NASD has amended the definition of "depository eligibility" set forth in Section 11 of the UPC consistent with the uniform depository eligibility rule. The NASD had to amend the definition of "depository eligibility" because the NASD's depository settlement rule applies to all NASD members regardless of where the securities are listed. In comparison, each exchange's depository settlement rule only applies to transactions in the securities listed on that exchange.

⁷ This requirement does not apply to American Depository Receipts for securities of a foreign issuer (Amex, BSE, CHX, NYSE, PSE, and PHLX) or securities of a Canadian issuer (NASD).

⁸ 15 U.S.C. 78q-1 (1988).

¹⁷ See supra note 13.

The rule changes set forth additional requirements that must be met before a security will be deemed to be "depository eligible," within the meaning of the SROs' "uniform book-entry settlement rules."⁹ The new rules specify different requirements for depository eligibility depending upon whether a new issue is distributed by an underwriting syndicate before or after the date a securities depository system is available for monitoring repurchases of the distributed shares by syndicate members ("flipping tracking system").¹⁰ Prior to the availability of a flipping tracking system, the managing underwriter may delay the date a security is deemed "depository eligible" for up to three months after trading has commenced in the security. After the availability of a flipping tracking system, a new issue will be deemed to be depository eligible upon commencement of trading on a national securities exchange or Nasdaq.

II. Discussion

The Commission believes that the rule changes are consistent with Sections 6(b)(5)¹¹ and 15A(b)(6)¹² of the Act. Sections 6(b)(5) and 15A(b)(6), among other things, require that the rules of a national securities exchange and a national securities association, respectively, be designed to remove impediments to and perfect a national market system, and in general, to protect investors and the public interest. The depository-eligibility requirement should limit market impediments arising from the physical delivery of securities and thereby should promote the perfection of a national market system. Further, the rule changes should

serve to increase the efficiency of the U.S. clearance and settlement system and thereby should reduce the risks associated with that system and should serve to better protect investors and the public interest.

Furthermore, the Commission believes the rule changes should promote the purposes of Section 17A of the Act.¹³ In Section 17A, Congress called for the establishment of a national system for the prompt and accurate clearance and settlement of securities transactions. In Section 17A(e),¹⁴ Congress directed the Commission to use its authority to end the physical movement of securities certificates in connection with the settlement among brokers and dealers of transactions in securities.

Book-entry settlement of interdealer securities transactions has been a goal since Congress enacted the Securities Acts Amendments of 1975.¹⁵ Since 1975, substantial progress has been made in reducing the flow of physical certificates for settlement of interdealer and institutional securities transactions.¹⁶ In 1993, the Commission approved the uniform book-entry settlement rules applicable to transactions in depository eligible securities between SRO members and their customers when the SRO member extends certain credit privileges (*i.e.*, delivery versus payment) as a means to facilitate the conversion from a five-day settlement cycle to a three-day settlement cycle,¹⁷ which is set to occur June 7, 1995.¹⁸ The present rule changes are designed to facilitate efficient and timely settlement of trades through the various market facilities and to further aid the transition to a three-day

settlement cycle by increasing the number of depository-eligible securities.¹⁹ The uniform depository-eligibility requirement should reduce costs, risks, and delays associated with the physical delivery of securities certificates and should eliminate many of the labor intensive functions associated with physical delivery of nondepository eligible securities.

The SROs have requested that the Commission find good cause for approving the proposed rule changes prior to the thirtieth day after the date of publication of notice of the filing. The Commission finds good cause for so approving the proposed rule changes in order that they become effective on June 7, 1995, contemporaneously with the conversion to a three-day settlement cycle.²⁰

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposals are consistent with Sections, 6, 15A, and 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule changes (File Nos. SR-Amex-95-17, SR-BSE-95-09, SR-CHX-95-12, SR-NASD-95-24, SR-NYSE-95-19, SR-PSE-95-14, and R-PHLX-95-34) be and hereby are approved for effectiveness on June 7, 1995.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.²²

⁹ Each SRO has a uniform book-entry settlement rule which generally requires SRO members to use the facilities of a securities depository for the book-entry settlement of all transactions in depository-eligible securities with another financial intermediary (*e.g.* a broker, dealer, or bank) or institutional customer. See, *e.g.*, Amex Rules, Part IV, Section 3, Rule 776; UPC Section 11; and NYSE Rule 226.

¹⁰ Currently, a flipping tracking system is being developed that will include a securities depository service that (i) can be activated upon the request of the managing underwriter for a period of time that the managing underwriter specifies, (ii) in certain circumstances, will require the delivering participant to provide to the depository information sufficient to identify the seller of such shares as a precondition to the processing of book-entry delivery instructions for distributed shares, and (iii) will report to the managing underwriter the identity of any other syndicate member or selling group member whose customer(s) sold distributed shares (but will not report to the managing underwriter the identity of such customer[s]) and, in certain circumstances, will report to such syndicate member or selling group member the identity of such customer(s).

¹⁹ While the proposed rule changes should serve to further reduce the number of transactions in depository-eligible securities for which settlement is effected by the delivery of physical certificates, the rule changes will not eliminate the ability of investors to obtain physical certificates after settlement of the transaction. As the Commission recently noted, subject to an issuer's determination whether to make physical certificates available to shareholders, the Commission believes investors should be able to obtain negotiable certificates on request.
