

ACTION: Notice of public meeting.

SUMMARY: Under the Federal Advisory Committee Act, PL 92463, EPA gives notice of a two-day meeting of the Ecosystems Information and Assessments Committee of the National Advisory Council for Environmental Policy and Technology (NACEPT). NACEPT provides advice and recommendations to the Administrator of EPA on a broad range of environmental policy issues, and this meeting is being held to discuss the Ecosystems Information and Assessments Committee agenda for the coming year. The Administrator has asked NACEPT to concentrate on ecosystem management and how long-term ecological, economic, and social needs can be integrated to achieve a community-based approach to environmental management.

The Ecosystems Information and Assessments Committee will concentrate on specific information and assessment issues required to support a successful community-based approach to environmental management. These issues will include discussion of the role of EPA in information access and dissemination to support community-based environmental management; discussion of information technologies available to support community-based environmental management; and discussion of the role of science in support of community-based environmental management; and discussion of appropriate methodologies in support of community-based environmental management.

The Ecosystems Information and Assessments Committee, as does NACEPT, comprises a representative cross-section of EPA's partners and constituents. However, in order to gain additional insights and perspectives from all interested parties as this committee begins its work, time has been allotted during the meeting for oral comments from the public. Any member of the public wishing to present oral comments on any of these issues can schedule an appointment by contacting Joe Sierra at the address and telephone numbers below, no later than Sept. 1, 1995. Due to time constraints, oral presentations will be strictly held to five minutes, and slots are limited. Available time slots will be allocated on a first-come first served basis to those scheduling a presentation in advance. Written comments will be accepted at any time prior to, or at, the meeting.

DATES: The two-day public meeting will be held on Wednesday, September 13, 1995, from 9 a.m. to 5 p.m., and on Thursday, September 14, 1995, from 8

a.m. to 3 p.m. On both days the meeting will be held at the Dupont Plaza Hotel, 1500 New Hampshire Ave. N.W., Washington, D.C. 20036.

ADDRESSES: Written comments should be sent to: Joseph A. Sierra, DFO, Ecosystems Information & Assessments, Committee/NACEPT, Office of Cooperative Environmental Management, U.S. EPA (1601F), 401 M St. S.W., Washington, D.C. 20460.

FOR FURTHER INFORMATION CONTACT: Joseph A. Sierra, Designated Federal Official, Direct line (202) 260-6839, Secretary's line (202) 260-6891.

Dated: June 2, 1995.

Joseph A. Sierra,

Designated Federal Official.

Chlorothalonil; Request for an Exception to Worker Protection Standard Early Entry Prohibition for Hand Harvest of Cantaloupe and Squash

AGENCY: Environmental Protection Agency (EPA).

ACTION: Announcement of receipt of petition for an exception; request for comment.

SUMMARY: EPA's Worker Protection Standard (WPS) allows the Agency to grant exceptions to the entry restrictions contained in 40 CFR 170.112(e). The State of Delaware has petitioned the Agency to allow workers to enter chlorothalonil-treated cantaloupe and squash fields to perform hand labor harvesting before expiration of the 48-hour restricted entry interval (REI). The time period for this exception request is during the harvest season from July 1 through September 15, 1995. This Notice acknowledges receipt of the exception request and invites comments from the public on the request.

DATES: Comments, data, or evidence should be submitted on or before July 12, 1995.

ADDRESSES: The Agency invites any interested person to submit written comments identified by docket number "OPP-250106" to: By mail: Public Response and Program Resources Branch, Field Operations Division (7506C), Environmental Protection Agency, 401 M St., SW., Washington,
