**NETP, Inc., Niagara Falls, New York;  
Amended Certification Regarding  
Eligibility To Apply for NAFTA  
Transitional Adjustment Assistance**

In accordance with section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on December 2, 1994, applicable to all workers at the subject firm. The notice was published in the **Federal Register** on December 16, 1994 (59 FR 65078).

New information received from the company shows that separations at the subject plant continue to occur. Separations are not limited to those workers producing 5 circuit and 7 circuit assemblies of electrical wire harnesses. Workers in all areas of support services and production of electrical wire harnesses are affected.

The intent of the Department's certification is to include all workers who are adversely affected by increased imports.

Accordingly, the Department is amending the certification to expand the coverage to all workers of NETP, Inc.

The amended notice applicable to NAFTA-00264 is hereby issued as follows:

"All workers of NETP, Inc., Niagara Falls, New York who became totally or partially separated from employment on or after January 23, 1994 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974."

Signed at Washington, DC, this 26th day of May 1995.
