Societe Generale; Notice to Engage in Nonbanking Activities; Correction

This notice corrects a notice (FR Doc. 95-13212) published on page 28,412 of the issue for Wednesday, May 31, 1995.

The entry for Societe Generale, Paris, France (Notificant), is revised to include engaging in certain foreign exchange-related activities through FIMAT Futures USA, Inc., Chicago, Illinois (Company). In 1994, Company received authority to act as agent in executing and provide investment advice in connection with certain foreign exchange transactions. See *Societe Generale*, 80 Federal Reserve Bulletin 646 (1994). In approving that application the Board relied, in part, on Notificant's commitments that Company would not:

(1) engage in any foreign exchange activities for its own account,
 (2) charge its advisory customers a separate fee for executing transactions in foreign exchange, or
 (3) provide foreign exchange services to customers other than sophisticated institutional customers. In connection with its proposal that Company act as riskless principal in connection with certain foreign exchange transactions, Notificant proposes that Company be permitted to purchase foreign exchange for its own account to hedge financial statement translations of income for its French parent, Fimat International Bank, or as may be necessary for the payment of invoices denominated in foreign currencies. Notificant also proposes that Company be permitted to charge its advisory customers an execution fee (but not an advisory fee) for transactions in which Company acts as riskless principal, and to execute foreign currency transactions for noninstitutional commercial hedger customers to whom Company would provide futures commission merchant services. Notificant has stated that Company would not provide foreign exchange-related advisory services to noninstitutional commercial hedger customers and would observe the standards of care and conduct applicable to a fiduciary with respect to its foreign exchange advisory activities.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, DC 20551, not later than July 7, 1995. Any request for a hearing on this application must, as required by § 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party

commenting would be aggrieved by approval of the proposal.

This application may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of New York.

Board of Governors of the Federal Reserve System, June 7, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

SUPPLEMENTARY INFORMATION:

I. Background

Under section 1115 of the Social Security Act (the Act), the Department of Health and Human Services (HHS) may consider and approve research and demonstration proposals with a broad range of policy objectives. These demonstrations can lead to improvements in achieving the purposes of the Act.

In exercising her discretionary authority, the Secretary has developed a number of policies and procedures for reviewing proposals. On September 27,

1994, we published a notice in the **Federal Register** (59 FR 49249) that specified (1) the principles that we ordinarily will consider when approving or disapproving demonstration projects under the authority in section 1115(a) of the Act; (2) the procedures we expect States to use in involving the public in the development of proposed demonstration projects under section 1115; and (3) the procedures we ordinarily will follow in reviewing demonstration proposals. We are committed to a thorough and expeditious review of State requests to conduct such demonstrations.

II. Listing of New, Pending, Approved, and Withdrawn Proposals for the Months of February and March 1995

As part of our procedures, we publish a notice in the **Federal Register** with a monthly listing of all new submissions, pending proposals, approvals, disapprovals, and withdrawn proposals. Proposals submitted in response to a grant solicitation or other competitive process are reported as received during the month that such grant or bid is awarded, so as to prevent interference with the awards process. We have added a new category in this notice entitled "Withdrawn Proposals" to identify project proposals that the States have withdrawn from consideration for approval under section 1115.
