BILLING CODE 4120-01-P

Health Resources and Services Administration Advisory Council; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), announcement is made of the following National Advisory body scheduled to meet during the month of June 1995.

Name: National Advisory Council on the National Health Service Corps

Date and Time: June 23-26, 1995

Place: Hyatt Regency Crystal City, 2799 Jefferson Davis Highway, Crystal City, Virginia, (703) 418-1234.

The meeting is open to the public.

Purpose: The Council will advise and make appropriate recommendations on the National Health Service Corps (NHSC) program as mandated by legislation. It will also review and comment on proposed regulations promulgated by the Secretary under provision of the legislation.

Agenda: The agenda will include updates on the Bureau of Primary Health Care,

National Health Service Corps and testimony on papers prepared for the June 24 and 25 conference entitled "NHSC: Creating a Road Map for the Future". The papers address the following: "Preparing Students to Become Student-Oriented Clinicians"; "Preparing Communities for Service-Oriented Clinicians"; "Matching Service-Oriented Clinicians and Communities"; and "Assuring Clinicians Positive Community Experiences". The Council will also participate in this conference at the Hyatt Regency.

The meetings will begin at 8:00 a.m. and adjourn at 5:00 p.m. on June 23-25. The Council will reconvene Monday June 26, at 8:00 a.m. to discuss further business and adjourn at 12:00 noon.

Anyone requiring information regarding the subject Council should contact Ms. Nada Schnabel, National Advisory Council on the National Health Service Corps, 8th floor, 4350 East West Highway, Rockville, Maryland 20857, Telephone (301) 594-4147.

Agenda Items are subject to change as priorities dictate.

Dated: June 8, 1995.

Jackie E. Baum,

Advisory Committee Management Officer, HRSA.

BILLING CODE 4160-15-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Outer Continental Shelf, Central and Western Gulf of Mexico, Oil and Gas Lease Sales 166 and 168

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Call for Information and Nominations, and Notice of Intent (Call/NOI) to Prepare an Environmental Impact Statement (EIS).

1. *Authority.* This Call is published pursuant to the Outer Continental Shelf (OCS) Lands Act as amended (43 U. S. C. 1331-1356, (1988)) (OCSLA), and the regulations issued thereunder (30 CFR Part 256).

The NOI is published pursuant to the regulations (40 CFR 1501.7) implementing the provisions of the National Environmental Policy Act of 1969 as amended (42 U. S. C. 4321 et seq. (1988))(NEPA)

2. *Purpose of Call.* The purpose of the Call is to gather information for Outer Continental Shelf (OCS) Lease Sale 166 in the Central Gulf of Mexico (CGOM) Planning Area, tentatively scheduled for March 1997, and OCS Lease Sale 168 in the Western Gulf of Mexico (WGOM) Planning Area, tentatively scheduled for August 1997.

Information and nominations on oil and gas leasing, exploration, and

development and production within the Central Gulf of Mexico and Western Gulf of Mexico Planning Areas are sought from all interested parties. This early planning and consultation step is important for ensuring that all interests and concerns are communicated to the Department of the Interior for future decisions in the leasing process pursuant to the OCSLA, and regulations at 30 CFR 256. This Call does not indicate a preliminary decision to lease in the area described below. Final delineation of the area for possible leasing will be made at a later date and in compliance with applicable laws including all requirements of the NEPA and the OCSLA. Established departmental procedures will be employed.

3. *Description of Area.* The general area of this Call covers the entire central and western portions of the Gulf of Mexico between approximately 88 degrees W. longitude on the east and approximately 97 degrees W. longitude on the west and extends from the Federal-State boundaries seaward to the provisional maritime boundary between the United States and Mexico. The entire Call area is offshore the States of Texas, Louisiana, Mississippi, and Alabama and is divided into two planning areas.

The Central Gulf Planning Area is bounded on the east by approximately 88 degrees W. longitude. Its western boundary begins at the offshore boundary between Texas and Louisiana and proceeds southeasterly to approximately 28 degrees N. latitude, thence east to approximately 92 degrees W. longitude, thence south to the provisional maritime boundary with Mexico which constitutes the southern boundary of the area. The northern part of the area is bounded by the Federal-State boundary offshore Louisiana, Mississippi, and Alabama. The area available for nominations and comments at this time consists of approximately 47.8 million acres.

The Western Gulf Planning Area is bounded on the west and north by the Federal-State boundary and on the east by the Central Gulf Planning Area. It extends south to the provisional maritime boundary with Mexico. It is offshore Texas and, in deeper water, offshore Louisiana. The area available for nominations and comments consists of about 35.9 million acres.

A standard Call for Information Map depicting each planning area on a block-by-block basis is available without charge from: Minerals Management Service, Public Information Unit (MS 5034), 1201 Elmwood Park Boulevard,

New Orleans, Louisiana 70123-2394, Telephone: 1-800-200-GULF.

4. *Areas Deferred from this Call.* High Island Area, East Addition, South Extension, (Flower Gardens), Block A-375 and Block A-398 (WGOM).

Mustang Island Area, Blocks 793, 799 and 816 (offshore Corpus Christi) are excluded from this Call.

5. *Instructions on Call.* Indications of interest and comments must be received no later than 45 days following publication of this document in the **Federal Register** in envelopes labeled "Nominations for Proposed 1997 Lease Sales in the Gulf of Mexico" or "Comments on the Call for Information and Nominations for Proposed 1997 Lease Sales in the Gulf of Mexico." The standard Call for Information Map and indications of interest and/or comments must be submitted to the Regional Supervisor, Leasing and Environment, Gulf of Mexico OCS Region, at the above address.

The standard Call for Information Map delineates the Call area, all of which has been identified by the MMS as having potential for the discovery of accumulations of oil and gas. Respondents are requested to indicate interest in and comment on any or all of the Federal acreage within the boundaries of the Call area that they wish to have included in proposed Sale 166 in the Central Gulf and proposed Sale 168 in the Western Gulf.

Although individual indications of interest are considered to be privileged and proprietary information, the names of persons or entities indicating interest or submitting comments will be of public record. Those indicating such interest are required to do so on the standard Call for Information Map by outlining the areas of interest along block lines.

Respondents should rank areas in which they have expressed interest according to priority of their interest (e.g., priority 1 [high], 2 [medium], or 3 [low]). Respondents are encouraged to be specific in indicating blocks by priority, as blanket nominations on large areas are not useful in the analysis of industry interest. Areas where interest has been indicated but on which respondents have not indicated priorities will be considered priority 3 [low].

Respondents may also submit a detailed list of blocks nominated (by Official Protraction Diagram and Leasing Map designations) to ensure correct interpretation of their nominations. Specific questions may be directed to the Chief, Leasing Activities Section at (504) 736-2761. Official

Protraction Diagrams and Leasing Maps can be purchased from the Public Information Unit referred to above.

Comments are sought from all interested parties about particular geological, environmental, biological, archaeological and socioeconomic conditions or conflicts, or other information that might bear upon the potential leasing and development of particular areas. Comments are also sought on possible conflicts between future OCS oil and gas activities that may result from the proposed sales and State Coastal Management Programs (CMP's). If possible, these comments should identify specific CMP policies of concern, the nature of the conflict foreseen, and steps that the MMS could take to avoid or mitigate the potential conflict. Comments may either be in terms of broad areas or restricted to particular blocks of concern. Those submitting comments are requested to list block numbers or outline the subject area on the standard Call for Information Map.

6. *Use of Information from Call.* Information submitted in response to this Call will be used for several purposes. First, responses will be used to identify the areas of potential for oil and gas development. Second, comments on possible environmental effects and potential use conflicts will be used in the analysis of environmental conditions in and near the Call area. This information will be used to make a preliminary determination of the potential advantages and disadvantages of oil and gas exploration and development to the region and the Nation. A third purpose for this Call is to use the comments collected to initiate the scoping process for the Environmental Impact Statement (EIS) and to develop a proposed action and alternatives. Fourth, comments may be used in developing lease terms and conditions to ensure safe offshore operations. And, fifth, comments may be used to assess potential conflicts between offshore gas and oil activities and a State CMP.

7. *Existing Information.* Prior to the Call, the sale planning process includes an Information Base Review (IBR), a documented MMS assessment of the status of information acquisition efforts and the quality of the information base for potential decisions on a specific leasing proposal.

The Information Transfer Meeting in November 1994 served as the initial forum for soliciting information enhancements for the IBR. In February-March 1995, an internal review of available data and planned studies was

conducted by the Gulf of Mexico Region to obtain a comprehensive assessment of the status of the information base. The information base, in part, is documented in the Long-Range Strategic Plan for Environmental Studies in the Gulf of Mexico, 1995-1999.

Appropriate study proposals and research plans will be incorporated into the environmental studies planning and evaluation process, the direction of the Technology Assessment, and Research Program, and other mechanisms in MMS (reviews and Industry Standards Committees). No comments were received from parties outside the MMS.

As a result, it has been determined that the status of the existing data available for planning, analysis, and decisionmaking is adequate and extensive. In accordance with the relevant statutes and regulations which govern OCS oil and gas leasing, no informational needs were identified which would provide a legal basis for the delay or cancellation of the leasing process. Therefore, the lease sale process should continue with the next step, a Call for Information and Nominations.

An extensive environmental studies program has been underway in this area since 1973. The emphasis, including continuing studies, has been on environmental characterization of biologically sensitive habitats, physical oceanography, ocean-circulation modeling, and ecological effects of oil and gas activities. A complete listing of available study reports, and information for ordering copies, can be obtained from the Public Information Unit referenced above. The reports may also be ordered, for a fee, from the U.S. Department of Commerce, National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161, or telephone (703) 487-4650. In addition, a program status report for continuing studies in this area can be obtained from the Chief, Environmental Studies Section, Gulf of Mexico OCS Region (see address under "Description of Area"), or telephone (504) 736-2896.

Summary Reports and Indices and technical and geological reports are available for review at the MMS, Gulf of Mexico OCS Region. Copies of the Gulf of Mexico OCS Regional Summary Reports may be obtained from the OCS Information Program, Office of Offshore Information and Publications, Minerals Management Service, at 381 Elden Street, Herndon, Virginia 22070.

8. *Tentative Schedule.* The following is a list of tentative milestone dates preceding Sale 166 and Sale 168:

	CGOM sale 166	WGOM sale 168
Comments due on Call and Notice Of Intent (Scoping)	July 1995	July 1995.
Area Identification	Aug. 1995	Aug. 1995.
Draft EIS published	Mar. 1996	Mar. 1996.
Proposed Notice Issued	Mar. 1996	Mar. 1996.
Public Hearings	May 1996	May 1996.
Governors' Comments Due on Proposed Notice	June 1996	June 1996.
Final EIS published	Nov. 1996	Nov. 1996.
Consistency Determination	Nov. 1996	Apr. 1996.
Final Notice of Sale	Feb. 1997	July 1997.
Sale Date	Mar. 1997	Aug. 1997.

9. Purpose of Notice of Intent.

Pursuant to the regulations implementing the procedural provisions of the NEPA, the MMS is announcing its intent to prepare an EIS on the oil and gas leasing proposals known as Sale 166 in the Central Gulf, and Sale 168 in the Western Gulf, off the States of Texas, Louisiana, Mississippi, and Alabama. The NOI also serves to announce the scoping process that will be followed for this EIS. Throughout the scoping process, Federal Agencies and State and local governments and other interested parties have the opportunity to aid the MMS in determining the significant issues and alternatives to be analyzed in the EIS.

The EIS analysis will focus on the potential environmental effects of leasing, exploration, and development of the blocks included in the areas defined in the Area Identification procedure as the proposed areas of the Federal actions. Alternatives to the proposal which may be considered for each sale are to delay the sale, cancel the sale, or modify the sale.

10. Instructions on NOI to Prepare an EIS. Federal Agencies and State and local governments and other interested parties are requested to send their written comments on the scope of the EIS, significant issues which should be addressed, and alternatives that should be considered to the Regional Supervisor, Leasing and Environment, Gulf of Mexico OCS Region, at the address stated under "Description of Area." Comments should be enclosed in an envelope labeled "Comments on the NOI to Prepare an EIS on the proposed 1997 Lease Sales in the Gulf of Mexico." Comments on the NOI should be submitted no later than 45 days from publication of this Notice. Scoping meetings will be held in appropriate locations to obtain additional comments and information regarding the scope of the EIS.

Approved: June 6, 1995.

Cynthia Quarterman,
Director, Minerals Management Service.

Sylvia V. Baca,
Deputy Assistant Secretary—Land and Minerals Management.
