

**SUMMARY:** On February 28, 1995, the Department of Commerce (the Department) published the final results of its administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from Germany and Italy (60 FR 10900, 10959). On May 10, 1995, the Court of International Trade (CIT) ordered the Department to correct four ministerial errors in the final results with respect to AFBs from Germany sold by FAG and one ministerial error in the final results with respect to AFBs from Italy sold by FAG. Accordingly, we are amending our final results of administrative review of the antidumping duty orders on AFBs from Germany and Italy with respect to FAG. The reviews cover the period May 1, 1992, through April 30, 1993. The "classes or kinds" of merchandise covered by these reviews are ball bearings and parts thereof (BBs), cylindrical roller bearings and parts thereof (CRBs), and spherical plain bearings and parts thereof (SPBs).

**EFFECTIVE DATE:** June 13, 1995.

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 28, 1995, the Department published the final results of antidumping duty administrative review, partial termination, and revocation in part of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, et al. (60 FR 10900), and from Italy (60 FR 10959). The review period is May 1, 1992, through April 30, 1993. The classes or kinds of merchandise covered by these reviews are BBs, CRBs, and SPBs. For a detailed description of the products covered under these classes or kinds of merchandise, including a compilation of all pertinent scope determinations, see the "Scope Appendix" of the final results referenced above.

One respondent, FAG, challenged the final results before the CIT, alleging ministerial errors in the final results for AFBs from Germany and Italy. On May 10, 1995, the CIT ordered the Department to correct the errors and publish the amended final results in the **Federal Register**.

**Amended Final Results of Review**

The CIT ordered the Department to make the following corrections to its analysis for FAG Germany: (1) Calculate the profit on home market sales to related parties, and, where the profit is not significantly less than the profit on sales to unrelated parties, use the profit for the class or kind as reported by FAG; (2) in the calculation of profit for constructed value, deduct certain home market expenses from the net unit price; (3) make an addition of other revenue to the unit price prior to applying the best information available (BIA) rate to unit price; and (4) with respect to both FAG Germany and FAG Italy, remove sales FAG made to one U.S. customer for whom rebates were correctly reported prior to applying the BIA rebate rate. We have corrected the ministerial errors in FAG's margin calculations for the amended final results of review for the period May 1, 1992, through April 30, 1993.

Based on the correction of the ministerial errors in our calculations for FAG, we have determined that the following percentage weighted-average margins exist for the period May 1, 1992, through April 30, 1993:

Manufacturer/exporter	Country	BBs	CRBs	SPBs
FAG .....	Germany .....	11.85	16.25	18.98
FAG .....	Italy .....	2.70	(*)	.....

\* No U.S. sales during the review period.

Based on these results, the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the final results of these reviews. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: June 6, 1995.
