47 CFR Part 73

[MM Docket No. 93-228; RM-8295]

Radio Broadcasting Services; Tawas City, MI

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for reconsideration.

SUMMARY: The Commission dismisses the petition filed by Patricia Mason for reconsideration of the *Report and Order* in MM Docket 93-228, 59 FR 46932, September 13, 1994. In that proceeding, Ives Broadcasting, Inc., licensee of Station WHST-FM, Tawas City, Michigan, was modified to operate on Channel 291A in lieu of Channel 297A. In response to Patricia Mason's interest in Channel 291A, Channel 277A was allotted to Tawas City as an additional channel. Mason's petition for reconsideration argues that Channel 277A is not an equivalent channel, and,

therefore, Channel 291A should be made available for application to all parties. The Commission considers channels of the same class to be equivalent unless showings have been made that a station cannot be constructed for reasons such as environmental consequences or hazard to air navigation. Since no showings were made, we have dismissed the petition for reconsideration.

EFFECTIVE DATE: June 14, 1995.

47 CFR Part 73

[MM Docket No. 89-500; RM-6070]

Radio Broadcasting Services; Stephenson, MI

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for reconsideration.

SUMMARY: The Commission dismisses a Petition for Reconsideration filed by Value Radio Corporation (Value). Value sought reconsideration of the action taken by the Chief, Allocations Branch in MM Docket No. 89-500 on the basis that the action precluded its proposal, in another proceeding, for amendment of the Commission's FM Table of Allotments. See 56 FR 19039 (April 25, 1991). The Commission dismissed Value's petition as moot in light of the fact that Value's rulemaking proposal was subsequently approved and was not precluded by the action taken in MM Docket 89-500.

EFFECTIVE DATE: June 14, 1995.

[MM Docket No. 92-246, RM-8091]

Television Broadcasting Services; Ridgecrest, CA

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for reconsideration.

SUMMARY: This document denies the petition for reconsideration filed by Valley Public Television of the *Report and Order*, 58 FR 58833 (November 4, 1993), in which the Commission dismissed Valley's proposal either to substitute Channel *41 for Channel *25 or place a site restriction on Channel *25 at Ridgecrest, California, after Valley requested and was granted dismissal of the application which it intended to accommodate. The Commission determined that the reason given in support of the petition for reconsideration, to accommodate Valley's future plan to apply for Channel *39 at Bakersfield, California, was speculative and did not warrant reconsideration of its action dismissing the Ridgecrest proposal. With this action, this proceeding is terminated.

50 CFR Part 18

RIN 1018-AD21

Marine Mammals; Incidental Take During Specified Activities

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: The Fish and Wildlife Service (Service) hereby extends for an additional 60 days through August 15, 1995, the final regulations that authorize and govern the incidental, unintentional take of small numbers of polar bear and walrus during year-around oil and gas industry operations (exploration, development, and production) in the Beaufort Sea and adjacent north coast of Alaska.

DATES: This rule will be effective on June 14, 1995. It extends the effective period of regulations that appear at 50 CFR Part 18, Subpart J, for 60 days through August 15, 1995.

SUPPLEMENTARY INFORMATION: Under provisions of section 101(a)(5)(A) of the Marine Mammal Protection Act of 1972, as amended (MMPA), the taking of small numbers of marine mammals may be allowed incidental to specified activities other than commercial fishing if the Director of the Service finds, based on the best scientific evidence available, that the cumulative total of such taking over a five-year period will have negligible effect on these species and will not have an unmitigable adverse impact on the availability of these species for subsistence uses by Alaskan Natives. If these findings are made, the Service is required to establish specific regulations for the
