June 9, 1995.

On March 16, 1995, the Federal Energy Regulatory Commission (FERC) issued a Notice of Intent to Prepare an Environmental Assessment for the proposed Granite State LNG Project and Request for Comments on Environmental Issues. One of the specific comments sought was whether an environmental assessment (EA) was the proper environmental document or whether an environmental impact statement (EIS) was necessary. On May 15, 1995, the Commission staff conducted a site visit and a public scoping meeting in Wells, Maine. Given the number of written requests and oral requests at the public scoping meeting for an EIS versus an EA, the Commission herein gives notice that an EIS will be prepared for the Granite State LNG Project. If anyone wishes to file additional comments, please follow the instructions below. If you have already submitted comments on the March 16, 1995, notice or at the May 15, 1995, public scoping meeting, you do not have to resubmit them; they will be considered as comments to this notice.
