### National Park Service

#### **Draft General Management Plan for Cabrillo National Monument, California; Notice of Management Proposals and Notice of Availability of Draft Environmental Impact Statement**

**SUMMARY:** Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (P.L. 91-190 as amended), the National Park Service has prepared an environmental impact statement (EIS) and General Management Plan for Cabrillo National Monument, California.

This Draft General Management Plan and Environmental Impact Statement presents a proposal and three other alternatives for the management, use, and development of Cabrillo National Monument. The Proposal (Alternative B) would add staff and facilities to more adequately protect and interpret the monument's significant resources. Resource management programs would be increased to protect the tidpool ecosystem and coastal sage scrub habitat and to open safe military defense structures to public use and enjoyment. The Proposal would result in a broader range of visitor choices and experiences within the monument than is available now. A new location for the entrance station would provide better orientation to the monument, allow entrance fees to be collected from those who use the tidepools, and include the tidepools and western part of the monument in the visitors' perception of the monument. An interpretive building would be constructed at the lighthouse. The Navy Marine Science facility near the tidepools would be converted to an intertidal interpretive center, if the Navy declares the facility excess to its needs and it is transferred to the monument.

Outdoor educational facility seating would be improved at the Ballast View rest area. The Whale Overlook would be replaced to accommodate more visitors and improve its aesthetic quality. The Bayside Trail would be extended to form a loop trail. Administrative and storage space would be added to increase staff efficiency and effectiveness and to better care for museum artifacts and resources.

Alternatives described in this document, in addition to the Proposal, include No Action (Alternative A), Minimum Requirements (Alternative C), and Enhanced Visitor Use (Alternative D). Alternative C would improve resource management, relocate the entrance station, improve the outdoor educational facility, and open some defense structures to the public, but would not include adding interpretive facilities at the lighthouse or the tidepools or extending the Bayside Trail. Administrative or storage needs would only be partially met. Alternative D is similar to the Proposal but includes construction of an amphitheater at the Ballast View rest area as the outdoor educational facility and considers an alternative location for the lighthouse interpretive facility.

The environmental consequences of the proposed action and other alternatives are documented.

**SUPPLEMENTARY INFORMATION:** The public review period for this document will end 60 days after the publication of a notice of availability in the **Federal Register**. Comments will be accepted until August 18, 1995. All review comments must be received by that time and should be addressed to Regional Director, Western Region, Attention Meredith Kaplan, National Park Service, 600 Harrison Street, Suite 600, San Francisco, CA 94107-1372. For further information, write to the above address or telephone at 415-744-3968. For copies of the document, please contact the Superintendent of Cabrillo National Monument by writing to P.O. Box 6670, San Diego, CA 92166-0670 or by telephoning to 619-557-5450. Copies of the documents are also available at libraries in San Diego, California.

Dated: June 6, 1995.

### Notice of Request for Proposals in Democracy and Governance

The U.S. Agency for International Development's (USAID's) Center for Democracy and Governance has the goal of promoting sustainable development by providing technical and intellectual leadership services in democracy and governance. The purpose of the activities that constitute the Democracy Center's program is to enhance the Agency's capacity to support the growth and sustainability of (1) legal and judicial systems which promote a rule of law consistent with respect for human rights and democratic principles; (2) civil societies capable of participating in governance decision making and implementation at the national and local levels; (3) improved public sector governance performance and particularly its ability to manage public affairs accountably, transparently, responsively, and efficiently; and (4) electoral and political process development in transition and sustainable development countries, and non-presence countries.

To assist in achieving these objectives, the Democracy Center anticipates awarding several Indefinite Quantity Contracts (IQCs) in each of the four program areas mentioned above as well as general democracy and governance analytical services. One contract will be reserved for a small business under the Governance activities; and one contract will be reserved for a Gray Amendment entity under the Rule of Law activity.

*Subcontracting With Disadvantaged Enterprises:* Unless the offeror is a

disadvantaged enterprise (Gray Amendment entity), no less than 10 percent of the total value of the contract will have to be subcontracted to Gray Amendment entities (U.S. socially and economically disadvantaged, including women-owned businesses: Historically Black Colleges and Universities; U.S. colleges and universities with at least 40 percent Hispanic American students; and U.S. Private Voluntary Organizations controlled by socially and economically disadvantaged individuals including women). To help identify potential subcontractors, a list of all organizations requesting a copy of the solicitation will be sent with each solicitation document. Organizations are encouraged to indicate whether they are Gray Amendment entities when requesting the solicitation and may include if they do not wish to be included on the list. By providing the list, USAID does not endorse the listed. What is the effect of preferring one to the other? Organization as being capable of carrying out the activity, nor does USAID verify the claimed status of the organizations. Necessarily the list will contain the names of only those organizations known prior to the issuance of the solicitation document.

*Subcontracting With Small and Small Disadvantaged Business Concerns:* In addition to the above requirement, in accordance with FAR 52.219, a small business/small disadvantaged business subcontracting plan must be submitted unless the offeror is a small business or small disadvantaged business.

The RFP will be issued no less than 15 days after publication of this synopsis and will close 45 days after issuance. Those interested in receiving a Request for Proposal should send a letter referencing solicitation OP/B/AEP 95-006 along with 3 self-addressed mailing labels. Telephone or fax requests for the solicitation will NOT be honored. All RFP's will be mailed through the U.S. postal service. RFP's will not be expressed mailed. Address requests to:

United States Agency for International Development, M/OP/B/AEP, Ms. Anne Quinlan, SA-14, Room 1543, Washington DC 20523-1429

This CBD notice can be viewed and downloaded using the Agency Gopher. The RFP can be downloaded from the Agency Gopher. The Gopher address is GOPHER.INFO.USAID.GOV. Select USAID Procurement and Business Opportunities from the Gopher menu. The RFP text can be downloaded via Anonymous File Transfer Protocol (FTP). The FTP address is FTP.INFO.USAID.GOV. Log on using

the user identification of "anonymous" and the password is your e-mail address. Look under the following directory for the RFP: pub/OP/RFP/BAEP506/baep506.rfp. Receipt of this RFP through Internet must be confirmed by written notification to the contact person noted above. This will ensure that you will receive amendments to the solicitation. It is the responsibility of the recipient of this solicitation document to ensure that it has been received from Internet in its entirety and USAID bears no responsibility for data errors resulting from transmission or conversion processes.
