

The proposed Order provides that Scotts shall divest the Peters consumer water soluble fertilizer business no later than December 31, 1995. If Scotts does not divest the Peters consumer water soluble fertilizer business during the allotted time period, then a trustee may be appointed to divest the business. If the trustee does not divest the business within six (6) months, then the trustee may divest the entire Peter business (consisting of all consumer and professional horticultural products sold under the Peters brand name, as well as the assets needed to manufacture and sell those products) within a twelve (12) month period. The proposed Order requires Scotts to submit a report of compliance with the proposed Order's divestiture requirements within sixty (60) days following the date the proposed Order becomes final, and every sixty (60) days thereafter until Scotts has completed the divestiture.

Finally, the proposed Order prohibits Scotts from acquiring any interest in any other company engaged in the sale of water soluble fertilizer for consumer use, without prior approval from the Commission, for a period of ten (10) years.

The purpose of this analysis is to facilitate public comment on the proposed Order. This analysis is not intended to constitute an official interpretation of the Agreement or the proposed Order or in any way to modify the terms of the Agreement or the proposed Order.

Benjamin I. Berman,

Acting Secretary.

BILLING CODE 6750-01-M

GENERAL SERVICES ADMINISTRATION

Intent To Prepare an Environmental Impact Statement for the Development of a Clifton Road Campus Annex for the Centers for Disease Control and Prevention, Atlanta, Georgia

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces its intent to prepare an Environmental Impact Statement (EIS) for the long-term development of a campus annex (West Campus) to house the Centers for Disease Control and Prevention (CDC).

The EIS will examine the short and long term impacts on the natural and

built environments of developing and operating a mix of laboratory, office, and support space at the proposed West Campus. Potential impact assessment areas include but are not limited to air, water, public facilities & infrastructure, plant & animal life, transportation systems, parking, and community & economic issues.

The EIS will also examine measures to mitigate unavoidable adverse impacts of the proposed action. Concurrent with NEPA implementation, GSA will also implement its consultation requirements under Section 106 of the National Historic Preservation Act to determine the potential impacts of the proposed action on historic & cultural resources.

CDC's existing Main Campus occupies 27.6 acres, and is bounded by Clifton Road to the north, Michael Street to the south and east, and Clifton Way to the west.

CDC currently occupies approximately 884,000 gross square feet in 17 buildings, housing some 1,900 personnel. Approximately 60 percent of gross square footage consists of laboratory space, the remainder being office, administrative, and facility support space. There are approximately 1,800 parking spaces on site.

To meet CDC's known facility replacement needs, and to provide future expansion space, GSA proposes to acquire and develop approximately 16.8 acres bounded by Clifton Road to the north, Clifton Way to the east, and Michael Street to the south and west (West Campus). The maximum anticipated development over a twenty year planning horizon is approximately 633,000 additional gross square feet of laboratory, office, and support space, and 2,300 parking spaces.

GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, undertake no site acquisition and development at all.
- Development of the proposed West Campus Site, previously described in this Notice. This is the GSA/CDC preferred alternative.
- Development of the proposed West Campus housing requirements on the Main Campus.

GSA may examine alternative levels of development based on CDC's known and projected requirements in response to public comments received during the NEPA analysis period.

As part of the public scoping process, GSA encourages you to contact us in writing at the following address with your concerns regarding the proposed action: Mr. George Chandler, Technical Services Team Leader, PBS Portfolio Management—4PT, 401 West Peachtree

Street, NW, Suite 3000, Atlanta, GA 30365, or, FAX your comments to Mr. Chandler at 404-331-4540. Comments should be postmarked no later than July 9, 1995.

GSA intends to conduct a Public Scoping Meeting to solicit comments, and to address general questions concerning the proposed action and NEPA. GSA will place a Notice of this and all subsequent public meetings and document releases concerning the proposed action in the Atlanta Journal-Constitution approximately two weeks prior to the event. GSA will notify persons and organizations on our mailing list by mail. Persons who wish to be added to the mailing list should write or FAX GSA as indicated in this Notice.

Dated: June 1, 1995.

Jimmy H. Bridgeman,

Assistant Regional Administrator, Public Buildings Service.

BILLING CODE 6820-23-M

Intent To Prepare an Environmental Impact Statement for the Fresno United States Courthouse, CA

AGENCY: General Services Administration.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) for a new United States Courthouse.

SUMMARY: The action to be evaluated by this EIS is the construction of a new United States Courthouse in Fresno, California. The facility will be located on an approximately 4.5 acre site and includes construction of 392 subterranean and surface parking spaces.

ALTERNATIVES: The EIS will evaluate four alternative sites. Three of the sites are located in the downtown area of the city while the fourth is located in north Fresno. In addition, as required by the National Environmental Policy Act (NEPA), the EIS will also analyze the "No Action" alternative as a baseline for gauging the impacts of not building a new courthouse.

PUBLIC INVOLVEMENT: The public will be invited to participate in reviewing the Draft EIS and a public meeting that will be held at the City of Fresno Council's Chambers, 2600 Fresno Street in Fresno, California from 4:30 p.m. to 7:00 p.m. on June 16, 1995. A copy of the DEIS is available for public review at the Fresno County Library, 2420 Mariposa Street in Fresno, and at GSA's Field Office at the B.F. Sisk Federal Building—United
