

The proposed Order provides that Scotts shall divest the Peters consumer water soluble fertilizer business no later than December 31, 1995. If Scotts does not divest the Peters consumer water soluble fertilizer business during the allotted time period, then a trustee may be appointed to divest the business. If the trustee does not divest the business within six (6) months, then the trustee may divest the entire Peter business (consisting of all consumer and professional horticultural products sold under the Peters brand name, as well as the assets needed to manufacture and sell those products) within a twelve (12) month period. The proposed Order requires Scotts to submit a report of compliance with the proposed Order's divestiture requirements within sixty (60) days following the date the proposed Order becomes final, and every sixty (60) days thereafter until Scotts has completed the divestiture.

Finally, the proposed Order prohibits Scotts from acquiring any interest in any other company engaged in the sale of water soluble fertilizer for consumer use, without prior approval from the Commission, for a period of ten (10) years.

The purpose of this analysis is to facilitate public comment on the proposed Order. This analysis is not intended to constitute an official interpretation of the Agreement or the proposed Order or in any way to modify the terms of the Agreement or the proposed Order.

Benjamin I. Berman,

Acting Secretary.

BILLING CODE 6750-01-M

GENERAL SERVICES ADMINISTRATION

Intent To Prepare an Environmental Impact Statement for the Development of a Clifton Road Campus Annex for the Centers for Disease Control and Prevention, Atlanta, Georgia

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces its intent to prepare an Environmental Impact Statement (EIS) for the long-term development of a campus annex (West Campus) to house the Centers for Disease Control and Prevention (CDC).

The EIS will examine the short and long term impacts on the natural and

built environments of developing and operating a mix of laboratory, office, and support space at the proposed West Campus. Potential impact assessment areas include but are not limited to air, water, public facilities & infrastructure, plant & animal life, transportation systems, parking, and community & economic issues.

The EIS will also examine measures to mitigate unavoidable adverse impacts of the proposed action. Concurrent with NEPA implementation, GSA will also implement its consultation requirements under Section 106 of the National Historic Preservation Act to determine the potential impacts of the proposed action on historic & cultural resources.

CDC's existing Main Campus occupies 27.6 acres, and is bounded by Clifton Road to the north, Michael Street to the south and east, and Clifton Way to the west.

CDC currently occupies approximately 884,000 gross square feet in 17 buildings, housing some 1,900 personnel. Approximately 60 percent of gross square footage consists of laboratory space, the remainder being office, administrative, and facility support space. There are approximately 1,800 parking spaces on site.

To meet CDC's known facility replacement needs, and to provide future expansion space, GSA proposes to acquire and develop approximately 16.8 acres bounded by Clifton Road to the north, Clifton Way to the east, and Michael Street to the south and west (West Campus). The maximum anticipated development over a twenty year planning horizon is approximately 633,000 additional gross square feet of laboratory, office, and support space, and 2,300 parking spaces.

GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, undertake no site acquisition and development at all.
- Development of the proposed West Campus Site, previously described in this Notice. This is the GSA/CDC preferred alternative.
- Development of the proposed West Campus housing requirements on the Main Campus.

GSA may examine alternative levels of development based on CDC's known and projected requirements in response to public comments received during the NEPA analysis period.

As part of the public scoping process, GSA encourages you to contact us in writing at the following address with your concerns regarding the proposed action: Mr. George Chandler, Technical Services Team Leader, PBS Portfolio Management—4PT, 401 West Peachtree

Street, NW, Suite 3000, Atlanta, GA 30365, or, FAX your comments to Mr. Chandler at 404-331-4540. Comments should be postmarked no later than July 9, 1995.

GSA intends to conduct a Public Scoping Meeting to solicit comments, and to address general questions concerning the proposed action and NEPA. GSA will place a Notice of this and all subsequent public meetings and document releases concerning the proposed action in the Atlanta Journal-Constitution approximately two weeks prior to the event. GSA will notify persons and organizations on our mailing list by mail. Persons who wish to be added to the mailing list should write or FAX GSA as indicated in this Notice.

Dated: June 1, 1995.

Jimmy H. Bridgeman,

Assistant Regional Administrator, Public Buildings Service.

BILLING CODE 6820-23-M

Intent To Prepare an Environmental Impact Statement for the Fresno United States Courthouse, CA

AGENCY: General Services Administration.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) for a new United States Courthouse.

SUMMARY: The action to be evaluated by this EIS is the construction of a new United States Courthouse in Fresno, California. The facility will be located on an approximately 4.5 acre site and includes construction of 392 subterranean and surface parking spaces.

ALTERNATIVES: The EIS will evaluate four alternative sites. Three of the sites are located in the downtown area of the city while the fourth is located in north Fresno. In addition, as required by the National Environmental Policy Act (NEPA), the EIS will also analyze the "No Action" alternative as a baseline for gauging the impacts of not building a new courthouse.

PUBLIC INVOLVEMENT: The public will be invited to participate in reviewing the Draft EIS and a public meeting that will be held at the City of Fresno Council's Chambers, 2600 Fresno Street in Fresno, California from 4:30 p.m. to 7:00 p.m. on June 16, 1995. A copy of the DEIS is available for public review at the Fresno County Library, 2420 Mariposa Street in Fresno, and at GSA's Field Office at the B.F. Sisk Federal Building—United

States Courthouse, 1130 'O' Street in Fresno.

POINT OF CONTACT: Mr. Javad Soltani, Asset Manager, United States General Services Administration, The Pacific Rim Region, at (415) 744-5255.

Dated: June 6, 1995.

Aki K. Nakao,

Deputy Regional Administrator.

BILLING CODE 4820-23-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Child Welfare Waiver Demonstrations Pursuant to Section 1130 of the Social Security Act (the Act); Titles IV-E and IV-B of the Act; Public Law 103-432

AGENCY: Administration on Children, Youth and Families (ACYF), ACF, DHHS.

ACTION: Public notice.

SUMMARY: This public notice announces that the Department of Health and Human Services (Department) is seeking proposals on child welfare demonstration projects and informs interested parties of (1) the principles the Department will consider in exercising its discretion to approve or disapprove demonstration projects under the authority in section 1130 (b) (of Part A of title XI) of the Social Security Act, added by Pub. L. 103-432; (2) the procedures the Department expects States to employ in involving the public in the development of proposed demonstration projects under section 1130; and (3) the procedures the Department will follow in receiving demonstration proposals. The principles and procedures described in the public notice are being provided for the information of interested parties and are not legally binding on the Department. This notice does not create any right or benefit, substantive or procedural, enforceable at law or equity, by any person or entity, against the United States, its agencies or instrumentalities, the States, or any other person.

FOR FURTHER INFORMATION CONTACT: Michael W. Ambrose, Children's Bureau, Administration on Children, Youth and Families, HHS at (202) 205-8740.

SUPPLEMENTARY INFORMATION:

I. Introduction

Demonstration Proposals Pursuant to Section 1130 of the Social Security Act—General Policies and Procedures

Under section 1130, the Department of Health and Human Services is given authority to permit as many as ten States to conduct demonstration projects which involve the waiver of certain requirements of titles IV-B and IV-E, the sections of the Social Security Act which govern foster care, adoption assistance, independent living, child welfare services, family preservation and support, and related expenses for program administration, training, and automated systems.

The Department desires to facilitate the testing of new approaches to the delivery of a broad range of child welfare services. Such demonstrations can provide valuable knowledge that will help lead to improvements in the delivery, effectiveness and efficiency of services. The Department is committed to both a thorough and an expeditious review of State requests to conduct such demonstrations.

In exercising her discretionary authority, the Secretary has developed a number of policies and procedures for reviewing proposals. In order to ensure a sound, expeditious and open decision-making process, the Department will be guided by the policies and procedures described in this statement in accepting and reviewing proposals submitted pursuant to Section 1130.

II. Background

The child welfare system is in a period of great crisis and great challenge. Current social and economic forces are placing enormous pressures and stresses on children and families and on the professionals and agencies that serve them. Rising rates of child and family poverty, a greater number of teen pregnancies, the substance abuse and AIDS epidemics and the increasing levels of interpersonal and community violence have resulted in a loss of family strength and unity and increasing multiple challenges to very fragile families. These issues have resulted in increasing caseloads, consisting of much more complex family problems. Community and State agencies with limited resources are struggling to address these issues.

New, creative efforts are needed to stimulate meaningful changes in the delivery of child welfare services and foster more effective methods of service delivery to children and families. Throughout the country, local and State

child welfare agency administrators are developing innovative responses to these circumstances. Knowledgeable child welfare professionals are developing new solutions to these challenges even when faced with insufficient resources. In order to meet the existing service needs of families with diminishing resources, more flexibility is needed in devising service programs.

In addition, a wide range of efforts is underway to foster more effective working relationships among Federal, State and local governments which will strengthen Federal-State partnerships in developing a responsive child welfare service delivery system. This new partnership is an integral part of several programs administered by the Administration for Children and Families (ACF). For example, the Family Preservation and Support Services program (Subpart 2 of title IV-B of the Social Security Act) provides funds to assist States in assessing the needs of children and families, re-examining the States' systems for meeting such needs, and developing a five-year plan for the implementation of family preservation and support services and for the accomplishment of systems change. The Family Preservation and Support planning process is designed to involve all the stakeholders and other appropriate parties in an effort to improve services for children and families.

Another aspect of the Family Preservation and Support effort provides funds for State Courts to assess their role in responding to the needs of children and families, and develop improvement plans based on these self-assessments. The Statewide Automated Child Welfare Information System (SACWIS) provides funds, at the rate of 75 percent Federal share, for the development or expansion of child welfare information systems which will help States link child welfare program data and operations with other programs, especially AFDC and child abuse and neglect programs.

Another key example of the Department's efforts to foster more effective working relationships is the development of a new outcomes-based approach to child welfare monitoring. Several States have agreed to participate with ACF in the conduct of monitoring pilot tests during fiscal year 1995.

General Considerations

Principles

The implementation of the Child Welfare Waiver Demonstration Project will be guided by the principles
