Granite State Gas Transmission, Inc.; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Granite State LNG Project and Request for Additional Comments on Environmental Issues

June 9, 1995.

On March 16, 1995, the Federal Energy Regulatory Commission (FERC) issued a Notice of Intent to Prepare an Environmental Assessment for the proposed Granite State LNG Project and Request for Comments on Environmental Issues. One of the specific comments sought was whether an environmental assessment (EA) was the proper environmental document or whether an environmental impact statement (EIS) was necessary. On May 15, 1995, the Commission staff conducted a site visit and a public scoping meeting in Wells, Maine. Given the number of written requests and oral requests at the public scoping meeting for an EIS versus an EA, the Commission herein gives notice that an EIS will be prepared for the Granite State LNG Project. If anyone wishes to file additional comments, please follow the instructions below. If you have already submitted comments on the March 16, 1995, notice or at the May 15, 1995, public scoping meeting, you do not have to resubmit them; they will be considered as comments to this notice.

- Address your letter to: Lois Cashell, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, D.C. 20426.

- Reference Docket No. CP95-52-000
- Send a *copy* of your letter to: Mr. Chris Zerby, EIS Project Manager, Federal Energy Regulatory Commission, 825 North Capitol Street NE., Room 7312, Washington, DC 20426; and

- Mail your comments so that they are received in Washington, D.C. on or before July 7, 1995.

The staff intends to conduct additional site visits and meetings with the public during various phases of the environmental process, e.g., public meetings to receive comments on the future Draft Environmental Impact Statement once it is prepared and circulated for public comment. Such site visits and public meetings will be noticed prior to their occurrence.

For further information on the EIS process, call Chris Zerby, EIS Project Manager, at (202) 208-0111.
