AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of municipal interest rates on advances from insured electric loans for the third quarter of 1995.

SUMMARY: The Rural Utilities Service hereby announces the interest rates for advances on municipal rate loans with interest rate terms beginning during the third calendar quarter of 1995.

DATES: These interest rates are effective for interest rate terms that commence during the period beginning July 1, 1995, and ending September 30, 1995.

FOR FURTHER INFORMATION CONTACT: Sue Arnold, Financial Analyst, U.S. Department of Agriculture, Rural Utilities Service, room 2230-s, 14th Street & Independence Avenue, SW, AgBox 1522, Washington, DC 20250-1500. Telephone: 202-720-0736. FAX: 202-720-4120.

SUPPLEMENTARY INFORMATION: The Rural Utilities Service (RUS) hereby announces the interest rates on advances made during the third calendar quarter of 1995 for municipal rate electric loans. Pursuant to regulations originally published by the Rural Electrification Administration (REA) at 7 CFR 1714.5, the interest rates on advances from municipal rate loans are based on indexes published in the "Bond Buyer" for the four weeks prior to the first Friday of the last month before the beginning of the quarter.

The Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub.L. 103-354, 101 Stat. 3178), signed by President Clinton on October 13, 1994, provides for the establishment of RUS as successor to REA with respect to various programs, including the electric loan program established by the Rural Electrification Act of 1936 (7 U.S.C. 901 *et seq.*). On October 20, 1994, the Secretary of Agriculture issued Secretary's Memorandum 1010-1, establishing RUS and abolishing REA. Therefore, RUS is publishing this notice implementing a rule originally published by REA.

In accordance with 7 CFR 1714.5, the interest rates are established as shown in the following table for all interest rate terms that begin at any time during the third calendar quarter of 1995.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 30-95]

Foreign-Trade Zone 2, New Orleans, LA; Proposed Foreign-Trade Subzone Mobil Corporation, (Oil Refinery Complex) New Orleans, Louisiana, Area

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Board of Commissioners of the Port of New Orleans, grantee of FTZ 2, requesting special-purpose subzone status for the oil refinery complex of Mobil Corporation, located in St. Bernard/Jefferson/St. Charles Parishes, Louisiana (New Orleans area). The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on June 8, 1995.

The refinery complex (400 acres) consists of 3 sites in St. Bernard/Jefferson/St. Charles Parishes, Louisiana: *Site 1* (310 acres)—main refinery and petrochemical feedstock complex located on the Mississippi River at 500 West St. Bernard Highway, Chalmette, St. Bernard Parish, some 5 miles east of New Orleans; *Site 2* (200,000 barrel leased capacity)—Amerada Hess Tank Farm, located at 200 Douglass Road, Jefferson Parish,

some 10 miles west of the refinery; *Site 3* (236,000 barrel leased capacity)—GATX Tank Farm, located at 1601 River Road, St. Charles Parish, some 20 miles west of the refinery.

The refinery (191,000 barrels per day; 690 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, distillates, residual fuels, and naphthas. Petrochemicals include methane, ethane, propane, benzene, toluene, xylenes, and butane. Refinery by-products include petroleum coke and sulfur. Some 55 percent of the crude oil (90 percent of inputs), and some feedstocks and motor fuel blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 15, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to August 30, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, Hale Boggs Federal Building, 501 Magazine Street, Room 1043, New Orleans, Louisiana 70130

[Docket A(32b1)-8-95 Docket A(32b1)-9-95]

Requests for Modification of Restrictions

In the matter of: Foreign-Trade Zone 122—Corpus Christi, TX Subzone 122I; CITGO Refining and Chemicals, Inc. (Crude Oil Refinery Complex) and Foreign-Trade Zone 87—Lake Charles, LA, Subzone 87B, CITGO Petroleum Corporation (Crude Oil Refinery Complex)

Requests have been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Corpus Christi Authority, grantee of FTZ 122, and the Lake Charles Harbor & Terminal District, grantee of FTZ 87, pursuant to § 400.32(b)(1) of the Board's regulations, for modification of FTZ Board Order 407 (53 FR 52457, 12/28/88) and Board Order 420 (54 FR 27660, 6/30/89), which authorized subzone status at the crude oil refinery complexes of CITGO Refining and Chemicals, Inc. in Corpus Christi, Texas (Subzone 122I), and CITGO Petroleum Corporation in Lake Charles, Louisiana (Subzone 87B), respectively. The requests were formally filed on June 9, 1995.

The Board Orders in question were issued subject to certain standard restrictions, including one that required the election of privileged foreign status on incoming foreign merchandise. The zone grantees have requested that the latter restriction be modified in each Board Order so that CITGO would have the option available under the FTZ Act to choose non-privileged foreign (NPF) status on foreign refinery inputs used to produce certain petrochemical feedstocks and by-products, including the following: benzene, toluene, xylenes, other aromatic hydrocarbon mixtures, distillates/residual fuel oils, kerosene, naphtha, natural gas, ethane, propane, butane, ethylene, propylene, butylene, butadiene, cumene, petroleum coke, paraffin wax, asphalt, sulfur, and sulfuric acid.

The requests cite the FTZ Board's recent decision in the Amoco, Texas City, Texas case (Board Order 731, 60 FR 13118, 3/10/95), which authorized subzone status with the NPF option noted above. In the Amoco case, the Board concluded that the restriction that precluded this NPF option was not needed under current oil refinery industry circumstances.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 17, 1995.
