

commodity related data, while carriers will be responsible for providing primary transportation related data. These two segments of AES data, commodity and transportation, provide the details needed to complete the export transaction reporting requirements.

During the initial implementation of Phase I of AES, exporters, or their agents, and carriers will be required to continue to report export information under current regulatory requirements using the Shipper's Export Declaration or the Automated Export Reporting Program in addition to reporting export information to AES. This dual reporting period for AES participants is not expected to last past December 31, 1995. The length of the dual reporting period may be adjusted pending the outcome of the evaluation of Phase I of AES. The dual reporting requirement only applies to the export activities of the voluntary participants within the above specified ports. Following this dual reporting period, AES will be extended to other vessel ports to be announced.

DATA CONTROLS: Certain data contained in AES will fall under the purview of the Freedom of Information Act as well as the Privacy Act.
