SUPPLEMENTARY INFORMATION:

Background

Section 804(b) of the Atlantic Coastal Fisheries Cooperative Management Act (ACFCMA), 16 U.S.C 5101 *et seq.*, states that, in the absence of an approved and implemented Fishery Management Plan (FMP) under the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*) (Magnuson Act), and after consultation with the appropriate Fishery Management Council(s), the Secretary of Commerce (Secretary) may implement regulations to govern fishing in the EEZ, i.e., from 3-200 nautical miles (5.6-370.6 km). These regulations must be (1) necessary to support the effective implementation of an Interstate Fishery Management Plan (ISFMP) developed by the Atlantic States Marine Fisheries Commission (Commission); and (2) consistent with the national standards set forth in section 301 of the Magnuson Act (16 U.S.C. 1851).

The Commission adopted a weakfish ISFMP in 1985, amended the plan in 1994, and is currently developing a new amendment to rebuild declining stocks
