

**PART 73—[AMENDED]**

1. The authority citation for part 73 continues to read as follows:

**Authority:** Secs. 303, 48 Stat., as amended, 1082; 47 U.S.C. 154, as amended.

**§ 73.202 [Amended]**

2. Section 73.202(b), the Table of FM Allotments under Texas, is amended by adding Channel 242A at Hudson.

Federal Communications Commission.

**John A. Karousos,**

*Chief, Allocations Branch, Policy and Rules Division, Mass Media Bureau.*

[FR Doc. 95-15144 Filed 6-20-95; 8:45 am]

BILLING CODE 6712-01-F

**INTERSTATE COMMERCE COMMISSION**

**49 CFR Part 1105**

[Ex Parte No. 511]

**Petition for Rulemaking—Protection of Surveying Benchmarks in Railroad Abandonments**

**AGENCY:** Interstate Commerce Commission.

**ACTION:** Final rule.

**SUMMARY:** The Commission is modifying the notice requirements for environmental reports submitted in abandonment and abandonment exemption proceedings by adding to the list of individuals or agencies on which the railroad must serve a copy of the environmental report a single designated agent as representative of both the National Geodetic Survey (formerly the Coast and Geodetic Survey) and the U.S. Geological Survey.

**EFFECTIVE DATE:** This rule is effective July 21, 1995.

**FOR FURTHER INFORMATION CONTACT:** Joseph H. Dettmar, (202) 927-7245, or Ronald M. Smullian, (202) 927-5292. (TDD for the hearing impaired: (202) 927-5721).

**SUPPLEMENTARY INFORMATION:** The American Congress on Surveying and Mapping filed a petition with the Commission requesting the institution of a rulemaking proceeding for the purpose of considering the protection and preservation of surveying monuments and markers exposed to possible destruction when, pursuant to a Commission-authorized abandonment, railroad tracks are dismantled. On October 1, 1993, the Commission issued a notice soliciting public comment and/or specific proposals to assist it in determining whether to institute the requested rulemaking. Comments were

received and analyzed. A decision denying the request for rulemaking but modifying the notice requirements of 49 CFR 1105.7(b) is being served concurrently with the publication of this notice. Section 1105.7(b) is modified by adding the National Geodetic Survey (formerly known as the Coast and Geodetic Survey), as designated agent for the National Geodetic Survey and the U.S. Geological Survey, to the list of individuals or agencies on which a copy of the railroad's environmental report submitted in abandonment and abandonment exemption proceedings must be served.

Additional information is contained in the Commission's decision in Ex Parte No. 511. To purchase a copy of this decision, write to, call, or pick up in person from: Dynamic Concepts, Inc., Interstate Commerce Commission Building, 1201 Constitution Avenue NW., Room 2229, Washington, D.C. 20423. Telephone: (202) 289-4357/4359. (Assistance for the hearing impaired is available through TDD services, (202) 927-5721.)

This action simply broadens the notice requirement of 49 CFR 1105.7(b) by adding one new party to the required railroad environmental report service list. Accordingly, the economic impact of this action, if any, will be minimal and is not likely to be felt by a substantial number of small entities. See 5 U.S.C. 605(b).

**Environmental Statement**

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

**List of Subjects in 49 CFR Part 1105**

Environmental impact statements, Reporting and recordkeeping requirements.

Decided: June 2, 1995.

By the Commission, Chairman Morgan, Vice Chairman Owen, and Commissioners McDonald and Simmons.

**Vernon A. Williams,**  
*Secretary.*

For the reasons set forth in the preamble, title 49, chapter X, part 1105 of the Code of Federal Regulations is amended as follows:

**PART 1105—PROCEDURES FOR IMPLEMENTATION OF ENVIRONMENTAL LAWS**

1. The authority citation for part 1105 continues to read as follows:

**Authority:** 49 U.S.C. 10321, 10505, 10901, 10903-10906, and 11343; 16 U.S.C. 470f,

1451, and 1531; 42 U.S.C. 4332 and 6362(b); and 5 U.S.C. 553 and 559.

2. Section 1105.7, paragraph (b) is amended as follows:

(a) In paragraph (b)(9) after the semicolon, remove the word "and";

(b) Paragraph (b)(10) is redesignated as paragraph (b)(11); and

(c) A new paragraph (b)(10) is added to read as follows:

**§ 1105.7 Environmental reports.**

\* \* \* \* \*

(b) \* \* \*

(10) The National Geodetic Survey (formerly known as the Coast and Geodetic Survey) as designated agent for the National Geodetic Survey and the U.S. Geological Survey; and

\* \* \* \* \*

BILLING CODE 7035-01-P

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 661**

[Docket No. 950426116-5116-01; I.D. 060195D]

**Ocean Salmon Fisheries Off the Coasts of Washington, Oregon, and California; Inseason Adjustments**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Inseason adjustments.

**SUMMARY:** NMFS announces that the commercial salmon fishery in the area from Sisters Rocks to House Rock, OR, opened 7 days a week beginning May 18, 1995. This adjustment is intended to provide additional fishing opportunity to commercial fishermen and maximize the harvest of chinook salmon without exceeding the ocean share allocated to the commercial fishery in this area. NMFS also announces that the gear restriction in the recreational fishery between Cape Falcon and Humbug Mountain, OR, is modified to be consistent with state regulations.

**DATES:** The modification of fishing days per week was effective at 0001 hours local time, May 18, 1995, until July 1, 1995. The modification of the gear restriction is effective on June 16, 1995 until July 1, 1995. Comments will be accepted through July 3, 1995.

**ADDRESSES:** Comments may be mailed to William Stelle, Jr., Director, Northwest Region, National Marine Fisheries

Service, NOAA, 7600 Sand Point Way NE., BIN C15700-Bldg. 1, Seattle, WA 98115-0070. Information relevant to this notice has been compiled in aggregate form and is available for public review during business hours at the office of the NMFS Northwest Regional Director.

**FOR FURTHER INFORMATION CONTACT:** William L. Robinson, 206-526-6140.

**SUPPLEMENTARY INFORMATION:** In the annual management measures for ocean salmon fisheries (60 FR 21746, May 3, 1995), NMFS announced that the 1995 commercial fishery in the area between Sisters Rocks and House Rock, OR, would open on May 1 and fishing would be allowed on designated days (May 1-2, 5-6, 10-11, 14-15, 18-19, 23-24, 27-28, and 31) or until attainment of the quota. The preseason objective for implementing the open/closure cycle was to dampen catch rates and extend the fishing season for as long as possible.

The best available information on May 16 indicated that commercial catch and effort rates have been low, with catches totaling 155 chinook salmon. The fishery is scheduled to close the earlier of May 31 or attainment of the 1,000-chinook salmon quota. The preseason management measure that opened this fishery for 2-day periods is being rescinded because its use as a catch dampening measure is now considered to be too restrictive. Conversion to a 7-day fishing week would provide additional fishing opportunity to commercial fishermen to increase access to chinook salmon.

In the annual management measures (60 FR 21746, May 3, 1995), NMFS announced a gear restriction in the 1995 recreational fishery in the area between Cape Falcon and Humbug Mountain, OR, that included the provision that all attractors, including divers, are prohibited. The State of Oregon has implemented regulations with a less restrictive provision that allows use of uncolored divers. Therefore, to make Federal regulations consistent with State regulations, in note C.2. of Table 2, on page 21756, the last phrase starting with "all attractors" is amended to read: "all attractors, such as flashers or colored divers, are prohibited; uncolored divers are not considered attractors."

Modifications of fishing seasons and gear restrictions are authorized by regulations at 50 CFR 661.21(b)(1)(i) and (iv), respectively. All other restrictions that apply to these fisheries remain in effect as announced in the annual management measures.

The Director Northwest Region, NMFS, consulted with representatives of the Pacific Fishery Management Council and the Oregon Department of Fish and Wildlife regarding these adjustments affecting the commercial fishery between Sisters Rocks and House Rock and the recreational fishery between Cape Falcon and Humbug Mountain. The State of Oregon will manage the commercial and recreational fisheries in state waters adjacent to these areas of the exclusive economic zone in accordance with this Federal action. In accordance with the inseason notice procedures of 50 CFR 661.23, actual notice to fishermen of the fishing season action was given prior to 0001 hours local time, May 18, 1995, by telephone hotline number (206) 526-6667 or (800) 662-9825 and by U.S. Coast Guard Notice to Mariners broadcasts on Channel 16 VHF-FM and 2182 kHz. Because of the need for immediate action in order to take advantage of the opportunity to harvest the quota, and to conform Federal regulations with state regulations, NMFS has determined that good cause exists for this notice to be issued without affording a prior opportunity for public comment. This notice does not apply to other fisheries that may be operating in other areas.

#### Classification

This action is authorized by 50 CFR 661.21 and 661.23 and is exempt from review under E.O. 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: June 13, 1995.

**Richard W. Surdi,**

*Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.*

BILLING CODE 3510-22-F

#### 50 CFR Part 675

[Docket No. 950206040-5040-01; I.D. 051595J]

#### Groundfish of the Bering Sea and Aleutian Islands Area; Apportionment of Reserve

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

**ACTION:** Apportionment of reserve.

**SUMMARY:** NMFS is apportioning reserve to certain target species in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to allow for ongoing harvest and account

for previous harvest of the total allowable catch (TAC).

**EFFECTIVE DATE:** 12 noon, Alaska local time (A.l.t.), June 20, 1995, until 12 midnight, A.l.t., December 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** Nick Hindman, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** The groundfish fishery in the BSAI exclusive economic zone is managed by NMFS according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at 50 CFR parts 620 and 675.

The Director, Alaska Region, NMFS, has determined that the initial TACs specified for the following species need to be supplemented from the nonspecific reserve to continue fishing operations and account for prior harvest: Pollock, Greenland turbot, and Pacific ocean perch (POP) in the Bering Sea subarea (BS); pollock, Greenland turbot, POP, and sharpchin/northern rockfish in the Aleutian Islands subarea (AI); Atka mackerel in the combined Eastern Aleutian District and BS subarea; Atka mackerel in the Central and Western Aleutian Districts; and Pacific cod, arrowtooth flounder, and the "other species" category in the BSAI.

Therefore, in accordance with § 675.20(b), NMFS is apportioning to TACs from the reserve for the following species: (1) For the BS - 93,750 metric tons (mt) to pollock, 700 mt to Greenland turbot, and 277 mt to POP; (2) for the AI - 4,245 mt to pollock, 350 mt to Greenland turbot, 1,575 mt to POP, and 765 mt to sharpchin/northern rockfish; (3) for the combined Eastern Aleutian District and BS - 2,025 mt to Atka mackerel; (4) for the Central Aleutian District - 7,500 mt to Atka mackerel; (5) for the Western Aleutian District - 2,475 mt to Atka mackerel; and (6) for the BSAI - 37,500 mt to Pacific cod, 1,534 mt to arrowtooth flounder, and 3,000 mt to the "other species" category.

These apportionments are consistent with § 675.20(a)(2)(i) and do not result in overfishing of a target species or the "other species" category, because the revised TACs are equal to or less than specifications of acceptable biological catch.

Pursuant to § 675.20(a)(3)(i), the apportionments of pollock are allocated between the inshore and offshore components: (1) For the BS - 32,812 mt
