**SUPPLEMENTARY INFORMATION:** A Notice of Intent (NOI) to prepare an EIS on alternatives for receiving coal at TVA's Kingston, Tennessee, Fossil Plant in East Tennessee was published in the **Federal Register** on May 22, 1995. The NOI stated that comments would be received until June 30, 1995. It was not possible to hold a public meeting on the scope of the EIS during that timeframe, and project schedules allow for a longer public scoping period. Therefore, TVA is extending the EIS scoping period until July 24, 1995, to allow sufficient time to hold the public meeting and allow the interested public to comment on the suggested scope of the EIS alternatives and important issues.

A public meeting will be held on Thursday, June 29, 1995, at 7:00 p.m. Eastern Daylight Savings Time at Roane County High School, Cumberland Street, Kingston, Tennessee. The purpose of this meeting will be to gain information regarding important

environmental issues and alternatives to be addressed in the EIS. Written comments on these issues should be mailed to the address noted above. Oral and additional written comments will be received at the public meeting.

Dated: June 12, 1995.
