National Telecommunications and Information Administration Telecommunications and Information Infrastructure Assistance Program (TIAP)

AGENCY: National Telecommunications and Information Administration, Department of Commerce.

ACTION: Notice of partial rescission of funds for fiscal year 1995.

SUMMARY: The National Telecommunications and Information Administration (NTIA) previously announced the availability of \$64 million in funds for the Telecommunications and Information Infrastructure Assistance Program (TIAP) to promote the widespread use of advanced telecommunications and information technologies in the public and non-profit sectors.¹ By providing targeted, matching demonstration and planning grants, TIAP will help to develop a nationwide, interactive, multimedia information infrastructure that is accessible to citizens in rural as

well as urban areas. A partial rescission of \$15 million of the TIAP funds, however, was recently enacted by Congress.

SUPPLEMENTAL INFORMATION: By **Federal Register** notice dated February 10, 1995, the NTIA, within the Department of Commerce, announced that Congress had appropriated \$64 million for the TIAP for FY 1995.² The grant funds "may be used for the planning and construction of telecommunications networks for the provision of educational, cultural, health care, public information, public safety, or other social services."³

Out of the \$64 million originally appropriated for the TIAP, \$15 million was rescinded.⁴ This partial rescission reduces the TIAP budget to \$49 million for FY 1995. Accordingly, the Notice of Availability is hereby modified to reflect this change.

Except for the partial rescission reducing the TIAP funds to \$49 million, the Program Categories, Evaluation Criteria, Selection Process, as well as all other information announced in the Notice of Availability remain in effect.

Assistant Secretary for Communications and Information.
