## INTERSTATE COMMERCE COMMISSION

[Docket No. AB-33 (Sub-No. 89X)]

### Union Pacific Railroad Company— Abandonment Exemption—In McPherson County, KS (McPherson Branch)

Union Pacific Railroad Company (UP) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon its 12.6-mile line of railroad between milepost 518.0 near McPherson and milepost 530.6 near Lindsborg, in McPherson County, KS.

UP has certified that: (1) no local traffic has moved over the line for at least 2 years; (2) the line is not used to move overhead traffic; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (service of environmental

report on agencies), 49 CFR 1105.8 (service of historic report on State Historic Preservation Officer), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (service of verified notice on governmental agencies) have been met.

As a condition to use of this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 23, 1995, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>1</sup> formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),<sup>2</sup> and trail use/rail banking requests under 49 CFR 1152.29<sup>3</sup> must be filed by July 3, 1995. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by July 13, 1995, with: Office of the Secretary, Case Control Branch, Interstate Commerce Commission, Washington, DC 20423.

A copy of any pleading filed with the Commission should be sent to applicant's representative: Joseph D. Anthofer, 1416 Dodge St., Room 830, Omaha, NE 68179.

If the notice of exemption contains false or misleading information, the exemption is void ab initio.

Applicant has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. The Section of Environmental Analysis (SEA) will issue an environmental assessment (EA) by June 28, 1995. Interested persons may obtain a copy of the EA by writing to SEA (Room 3219, Interstate Commerce Commission, Washington, DC 20423) or by calling

<sup>1</sup> A stay will be issued routinely by the Commission in those proceedings where an informed decision on environmental issues (whether raised by a party or by the Commission's Section of Environmental Analysis in its independent investigation) cannot be made prior to the effective date of the notice of exemption. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any entity seeking a stay on environmental concerns is encouraged to file its request as soon as possible in order to permit the Commission to review and act on the request before the effective date of this exemption.

<sup>2</sup> See *Exempt. of Rail Abandonment—Offers of Finan. Assist.*, 4 I.C.C.2d 164 (1987).

<sup>3</sup> The Commission will accept a late-filed trail use request as long as it retains jurisdiction to do so.

Elaine Kaiser, Chief of SEA, at (202) 927-6248. Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

### Intent to Prepare a Draft Environmental Impact Statement (DEIS) for the Construction of a Detention Center in Oahu Island, Hawaii

**AGENCY:** Federal Bureau of Prisons, Justice.

**ACTION:** Notice of intent to prepare a draft environmental impact statement (DEIS).

#### SUMMARY

#### Proposed Action

The United States Department of Justice, Federal Bureau of Prisons has determined that a Detention Center is needed to provide Federal detention capacity in Oahu Island, Hawaii.

The four sites under consideration include the following:

Site A—An approximately four (4) acre tract located along Lagoon Drive and in close proximity to the Honolulu International Airport. The land is state controlled and is separated from Site B by Iolana Place. The land is currently being used as an airport employee parking lot.

Site B—An Approximately five (5) acre tract along Lagoon Drive and in close proximity to the Honolulu International Airport. The land is state controlled, and is separated from Site A by Iolana Place. The land is currently being used as an airport employee parking lot.

Site C—An approximately three (3) acre tract on the Makai side of Ualena Street, and bounded by Lagoon Drive and Ohohia Street (closer to Ohohia). The land is state controlled, and is also

near the Honolulu International Airport. The land is vacant and currently being used for the temporary storage of new automobiles.

Site D—An approximately four (4) acre tract at Fort Armstrong behind the INS Building on Ala Moana. The land is state (2½ acres) and Federally (1½ acres) controlled, and is currently being used for government employee parking.

The Federal Bureau of Prisons proposes to construct a 500 bed detention facility for individuals who are awaiting trial, sentencing, or having other business before the United States District Court. As such, the facility is considered an extension of the Federal judiciary and law enforcement activity.

The sites under consideration are of sufficient size to provide space for detainee housing, programs, services and support areas, as well as administration, staff training and parking.

#### The Process

In the process of evaluating the four sites, several aspects will receive detailed examination including: utilities, traffic patterns, noise levels, visual intrusion, threatened and endangered species, cultural resources and socio-economic impacts.

#### Alternatives

In developing the DEIS, the options of no action and alternative sites for the proposed facility will be fully and thoroughly examined.

#### Scoping Process

During the preparation of the DEIS, there will be numerous opportunities for public involvement. A public Scoping Meeting will be held at a time and location convenient to the citizens of Oahu. The meeting will be well-publicized and will be held at a time which will make it possible for the public and interested agencies or organizations to attend. In addition, a number of informal meetings will be conducted by representatives of the Bureau of Prisons with interested citizens, officials and community leaders.

#### DEIS Preparation

Public notice will be given concerning the availability of the DEIS for public review and comment.
