BILLING CODE 3410-11-M

Eagle Rock and Granite Timber Sales, Colville National Forest, Ferry County, Washington

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to prepare an environmental impact statement.

SUMMARY: On November 6, 1990, the Forest Service, USDA, published a Notice of Intent (NOI) in the **Federal Register** (55 FR 46693). The notice stated that the proposed action was to harvest 5.0 million board feet (MMBF) of timber and construct 6.0 miles of roads in the Eagle Rock timber sale, and to harvest 5.0 MMBF of timber and construct 7.0 miles of road in the Granite timber sale. Both timber sales were within portions of the South Fork O'Brien Creek, Rabbit Creek, and South Fork Rabbit Creek drainages on the Republic Ranger District and were to be sold in Fiscal Year 1993.

This revised NOI changes the name of this project to "Eagle Rock Ecosystem Restoration" with the Proposed Action changed to timber harvesting and prescribed burning, in which we propose to restore portions of the area to a sustainable forest condition. Road construction and reconstruction is still included in the Proposed Action.

The location of the revised project is now within Thirteenmile Creek, Ninemile Creek (formerly called Rabbit Creek), McMann Creek, Camel Creek, and other unnamed smaller drainages flowing westerly into the Sanpoil River between the Colville Indian Reservation and the town of Republic, Washington. The South Fork O'Brien Creek drainage is no longer included.

The revised Proposed Action includes timber harvest and subsequent prescribed burning or thinning on approximately 2,520 acres, prescribed burning without timber harvest on approximately 3,360 acres, and approximately 7 miles of road construction and reconstruction. The timber harvest portion of the project, called Eagle Rock timber sale, is now proposed to sell in Fiscal Year 1996. Burning treatments are proposed to occur over a five year period beginning in 1996.

The draft environmental impact statement (EIS) will be tiered to the Forest Land and Resource Management Plan as amended by Regional Forester's Forest Plan Amendments for Eastside Forests, May 24, 1994 and June 12, 1995. The revised date of filing the draft EIS is October 1995 and the final EIS in February 1996.

DATES: Comments concerning the scope of the revised analysis should be received in writing by July 24, 1995.

National Telecommunications and Information Administration Telecommunications and Information Infrastructure Assistance Program (TIAP)

AGENCY: National Telecommunications and Information Administration, Department of Commerce.

ACTION: Notice of partial rescission of funds for fiscal year 1995.

SUMMARY: The National Telecommunications and Information Administration (NTIA) previously announced the availability of \$64 million in funds for the Telecommunications and Information Infrastructure Assistance Program (TIAP) to promote the widespread use of advanced telecommunications and information technologies in the public and non-profit sectors.¹ By providing targeted, matching demonstration and planning grants, TIAP will help to develop a nationwide, interactive, multimedia information infrastructure that is accessible to citizens in rural as

well as urban areas. A partial rescission of \$15 million of the TIAP funds, however, was recently enacted by Congress.

SUPPLEMENTAL INFORMATION: By **Federal Register** notice dated February 10, 1995, the NTIA, within the Department of Commerce, announced that Congress had appropriated \$64 million for the TIAP for FY 1995.² The grant funds "may be used for the planning and construction of telecommunications networks for the provision of educational, cultural, health care, public information, public safety, or other social services."³

Out of the \$64 million originally appropriated for the TIAP, \$15 million was rescinded.⁴ This partial rescission reduces the TIAP budget to \$49 million for FY 1995. Accordingly, the Notice of Availability is hereby modified to reflect this change.

Except for the partial rescission reducing the TIAP funds to \$49 million, the Program Categories, Evaluation Criteria, Selection Process, as well as all other information announced in the Notice of Availability remain in effect.
