SUPPLEMENTARY INFORMATION:

Background

The Corporation is a federal government corporation that engages Americans of all ages and backgrounds in community-based service. This service addresses the nation's educational, public safety, human, and environmental needs to achieve direct and demonstrable results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service.

Pursuant to the National and Community Service Act of 1990, as amended, 42 U.S.C. 12501, et seq. (the Act), the Corporation may "support innovative and model programs, including * * * programs sponsored by governors." 42 U.S.C. 12653(b)(5). In addition, an individual can receive an educational award from the National Service Trust if, among other things, the individual "successfully completes the required term of service * * * in an approved national service position." 42 U.S.C. 12602. The Act defines an approved national service position to include six specific service positions and "such other national service positions as the Corporation considers to be appropriate." 42 U.S.C. 12573.

Because the Corporation's statutory authority for sponsoring these "innovative and model" programs is found in Subtitle H of the Act, rather than Subtitle C, some of the AmeriCorps program requirements found in Subtitle C may not necessarily apply to these programs. However, the Corporation has determined that to maintain the
