

operating facilities primarily or inherently devoted to religious instruction or worship, or engaging in any form of religious proselytization; and

(7) providing a direct benefit to (a) a business organized for profit, (b) a labor union, (c) a partisan political organization, (d) a nonprofit organization that fails to comply with the restrictions contained in section 501(c) of the Internal Revenue Code of 1986, or (e) an organization engaged in the religious activities described in paragraph (6) above, unless Corporation assistance is not used to support those religious activities.

Eligible Applicants

Governors may apply on behalf of the following eligible entities: non-profit organizations, states, subdivisions of states, institutions of higher education. Governors are strongly encouraged to consult with and utilize the assistance of their State Commissions (or Alternative Administrative Entities.)

Extent and Duration of Program Is Subject to the Availability of Funds

The number of educational awards provided to approved programs and the duration of the Governor-sponsored national service programs are subject to the availability of appropriated funds.

Dated: June 20, 1995.

Terry Russell,

General Counsel, Corporation for National Service.

BILLING CODE 6050-28-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board Task Force on Joint Technology Issues

ACTION: Change in date of advisory committee meeting notice.

SUMMARY: The meeting of the Defense Science Board Task Force on Joint Technology Issues scheduled for May 30 and June 29, 1995, as published in the **Federal Register** (Vol. 60, No. 96, Page 26722, Thursday, May 18, 1995, FR Doc. 95-12243) will be held on June 26 and July 14, 1995. In all other respects the original notice remains unchanged.

Dated: June 19, 1995.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

[FR Doc. 95-15353 Filed 6-22-95; 8:45 am]

BILLING CODE 5000-04-M

Defense Science Board 1995 Summer Study Task Force on Technology Investments for 21st Century Military Superiority, Industrial Base Team

ACTION: Notice of advisory committee meetings.

SUMMARY: The Defense Science Board 1995 Summer Study Task Force on Technology Investments for 21st Century Military Superiority, Industrial Base Team will meet in closed session on July 20-21, 1995 at Science Applications International Corporation, McLean, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense (Acquisition and Technology) on research, scientific, technical, and manufacturing matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will focus on those R&D investments that must be made now so as to assure a technology base in the year 2000 capable of providing U.S. military superiority in the 21st century.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that this DSB Task Force meeting, concerns matters listed in 5 U.S.C. 552b(c)(4) (1988), and that accordingly this meeting will be closed to the public.

Dated: June 19, 1995.

L.M. Bynum,

OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-M

DEPARTMENT OF ENERGY

Extension of the Public Comment Period for the Draft Environmental Impact Statement on a Proposed Nuclear Weapons Nonproliferation Policy Concerning Foreign Research Reactor Spent Nuclear Fuel

AGENCY: Department of Energy.

ACTION: Extension of the public comment period.

SUMMARY: The Department of Energy is extending the public comment period through July 20, 1995, for the draft Environmental Impact Statement (EIS) on a Proposed Nuclear Weapons Nonproliferation Policy Concerning Foreign Research Reactor Spent Nuclear Fuel. All comments received by that date will be considered by the Department in the preparation of the

final EIS. Comments received after the close of the comment period will be considered to the extent practicable. The Department had earlier announced (60 FR 19899, April 21, 1995) that the comment period would end on June 20, 1995. Comments can be mailed to Mr. Charles Head, Office of Spent Fuel Management, EM-37, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, D.C. 20585-0001. For more information on the draft EIS please call 1-800-736-3282.

Issued in Washington, D.C. on June 20, 1995.

Mark W. Frei,

Acting Special Associate Deputy Assistant Secretary for Waste Management, Environmental Management.

BILLING CODE 6450-01-P

Amended Notice of Intent to Prepare an Environmental Impact Statement for the Continued Operation of the Pantex Plant and Associated Storage of Nuclear Weapon Components

AGENCY: Department of Energy.

ACTION: Amended Notice of Intent.

SUMMARY: The Department of Energy (DOE) issued a Notice of Intent for the preparation of a site-wide Environmental Impact Statement (EIS) for the Continued Operation of the Pantex Plant and Associated Storage of Nuclear Weapon Components (59 FR 26635, May 23, 1994). In that notice, alternatives involving the potential relocation of selected Pantex Plant operations to other sites were not fully defined. DOE published an EIS Implementation Plan (DOE/EIS-0225-IP, December 1994) which defined the proposed scope of the EIS and the process of identifying potential alternate sites. DOE has now identified the potential reasonable alternate sites for relocation of selected Pantex Plant operations which will be analyzed in the EIS, and is issuing this amended Notice of Intent to announce these modifications to the scope of the EIS and to solicit public comments regarding these changes.

DATES: DOE invites the general public, other government agencies, and all other interested parties to comment on the amended scope and content of this EIS. DOE is soliciting additional oral and written comments, suggestions, requests for information, and requests for public meetings no later than July 24, 1995. These comments will receive equal consideration to comments presented during the June 1994 scoping period.

Oral Comments

All interested parties are invited to record their comments, suggestions, and requests concerning this EIS by calling the Pantex Plant EIS Hotline at 1-800-788-0306. The Hotline will give instructions on how to record your comments.

Written Comments

Written comments to assist DOE in identifying significant environmental issues and the appropriate scope of this EIS, questions concerning the Pantex Plant or the other sites involved, requests to be placed on the Pantex Plant EIS mailing list, requests for copies of the Implementation Plan, requests to be placed on the EIS distribution list, and requests for public meetings should be directed to: Ms. Nanette Founds, U.S. Department of Energy, Albuquerque Operations Office, P.O. Box 5400, Albuquerque, New Mexico 87185-5400.

Written comments, suggestions, and requests can be submitted using the Pantex Plant EIS Faxline at 1-800-822-5499. Facsimiles should be marked: Pantex Plant EIS.

FOR FURTHER INFORMATION CONTACT: For information on DOE's NEPA process, please contact: Ms. Carol Borgstrom, Director, Office of NEPA Policy and Assistance (EH-42), U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585, 202-586-4600 or 1-800-472-2756.

ADDRESSES: In addition to those locations listed in the original Notice of Intent, copies of all written comments, transcripts of all oral comments, and copies of the Implementation Plan will be prepared and retained by DOE for inspection by the public at the following additional locations:

Pantex SWEIS Public Information Center, c/o Tetra Tech, Inc., 6900 I-40 West, Suite 260, Amarillo, Texas 79106, 806-355-9480

U.S. Department of Energy, Public Reading Room, Washington State University, 100 Sprout Road, Richland, WA 99352, 509-376-8583

SUPPLEMENTARY INFORMATION:

Program Changes

The Implementation Plan (Plan) summarized the comments received during scoping in June 1994, described the scope of the EIS, the alternatives that were planned to be evaluated, and the methodology for preparing the EIS. After publication of the Plan in December 1994, the proposed action and alternatives for relocating some of the Pantex Plant operations were

modified. These modifications are described below:

Relocating Pantex Plant Weapons Operations: In the Plan, DOE proposed to analyze the impacts of relocating some or all of the Pantex Plant operations to one or more sites. The Nevada Test Site was identified as the only alternate site for relocation of Pantex operations involving disassembly, modification, maintenance, or quality assurance of nuclear weapons components. Since the publication of the Plan, DOE has begun planning a

Stockpile Stewardship and Management Programmatic EIS (60 FR 31291, June 14, 1995) that will address the nuclear weapons complex requirements in the year 2005 and beyond. One of the anticipated alternatives of this Programmatic EIS is the possible relocation of the Pantex nuclear weapons operations to another site. Any decision on relocation of Pantex nuclear weapons operations will be made in the Record of Decision for the

Stockpile Stewardship and Management Programmatic EIS and not the Pantex site-wide EIS. Therefore, the Pantex site-wide EIS will not examine the impacts at any other site of relocating the Pantex nuclear weapons operations to that site. However, for completeness of analysis, the Pantex site-wide EIS will evaluate the impacts at Pantex of relocating these operations to another site. (See Implementation Plan, Section 3.2.3, Option A.)

Relocating Plutonium Pits Interim Storage Operations: The Pantex site-wide EIS will analyze alternatives to the interim storage of plutonium pits from disassembled weapons at Pantex pending decisions on their disposition. Initially, DOE identified four DOE sites as potential alternate pit storage locations pending future site identification activities. These were: The Nevada Test Site; The Savannah River Site in South Carolina; the Oak Ridge Reservation in Tennessee; and the Los Alamos National Laboratory in New Mexico. Based on further examination of more than 70 DOE and Department of Defense (DOD) sites, DOE has modified the list of alternative sites for relocating interim storage of plutonium pits. The Pantex site-wide EIS will now analyze relocating interim pit storage from Pantex to each of the following candidate sites: the Nevada Test Site; the Hanford Reservation, the Savannah River Site, and DOD's Manzano Facility at Kirtland Air Force Base in New Mexico. The Oak Ridge Reservation and the Los Alamos National Laboratory have been eliminated as reasonable

interim pit storage sites due to inadequate storage space.

Analysis of Storage of Depleted Uranium: DOE currently ships depleted uranium components from disassembled weapons to the Oak Ridge Reservation for routine processing and storage. The Plan identified four alternate sites for interim storage of depleted uranium components (See Implementation Plan, Section 3.2.3., Option B-3). However, DOE has determined that there are currently no reasonable alternative sites for the receipt of depleted uranium from disassembled weapons in the 5 to 10 year period covered by the Pantex Site-Wide EIS because of the lack of facilities to perform the routine processing (demilitarization or recycling) of this material at any site other than the Oak Ridge Reservation. Therefore, the processing and storage of depleted uranium will not be addressed in the Pantex site-wide EIS.

Potential New Missions: Pantex has been identified as a reasonable alternative location for actions being analyzed in other DOE EISs. Pantex is one of the reasonable alternatives for the proposed new tritium facility in the *Tritium Supply and Recycling Programmatic EIS* (60 FR 14433, March 17, 1995). Pantex is also under consideration for long-term plutonium component storage in the *Long-Term Storage and Disposition of Weapons-Usable Fissile Materials Programmatic EIS* (59 FR 31985, June 21, 1994). In addition, Pantex may be identified as an alternative for other defense missions during preparation of the *Stockpile Stewardship and Management Programmatic EIS*. The Pantex site-wide EIS will consider the potential receipt of such new activities in its cumulative impact analysis; however, decisions on where to locate these new missions will be made on the basis of the programmatic EISs, and not on the basis of the Pantex site-wide EIS.

Subsequent Document Preparation

After the completion of this additional public scoping process, DOE will prepare an addendum to the Implementation Plan and make it available in the public reading rooms. The addendum will record the results of the additional comment period. DOE intends to complete the draft EIS in December 1995 and will announce its availability in the **Federal Register**. DOE will solicit comments from the public, organizations, and other agencies on the draft EIS, and will consider all comments in its preparation of the final EIS.

Issued in Washington, DC, on June 19, 1995.

Tara O'Toole,

Assistant Secretary Environment, Safety and Health.

BILLING CODE 6450-01-P

Environmental Management Site Specific Advisory Board, Nevada Test Site

AGENCY: Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92-463, 86 Stat. 770) notice is hereby given of the following Advisory Committee meeting: Environmental Management Site Specific Advisory Board (EM SSAB), Fernald.

DATES: Saturday, July 8, 1995: 8:30 p.m.—12:30 p.m. (public comment session, 11:45 a.m.—12:00 p.m.)

ADDRESSES: The Joint Information Center, 6025 Dixie Highway, Route 4 Fairfield, Ohio.

FOR FURTHER INFORMATION CONTACT: John S. Applegate, Chair of the Fernald Citizens Task Force, P.O. Box 544, Ross, Ohio 45061, or call the Fernald Citizens Task Force message line (513) 648-6478.

SUPPLEMENTARY INFORMATION:

Purpose of the Board

The purpose of the Board is to make recommendations to DOE and its regulators in the areas of future use, cleanup levels, waste disposition and cleanup priorities at the Fernald site.

Tentative Agenda

Saturday, July 8, 1995

Final Report Approval

8:30 p.m. Task Force Administration, (Call to order, Approval of Minutes, Chair's Remarks)

8:50 a.m. Identification of Key Comments and Issues, Walk-through Final Report

10:00 a.m. Break

10:15 a.m. Resolution of Key Comments and Issues

11:45 a.m. Opportunity for Public Input

12:00 p.m. Approval of Draft Final Report

12:15 p.m. Wrap Up

12:30 p.m. Adjourn

A final agenda will be available at the meeting, Saturday, July 8, 1995.

Public Participation

The meeting is open to the public. Written statements may be filed with

the Task Force chair either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact the Task Force chair at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Designated Federal Official, Kenneth Morgan, Public Affairs Officer, Ohio Field Office, U.S. Department of Energy, is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments.

Minutes

The minutes of this meeting will be available for public review and copying at the Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585 between 9:00 a.m. and 4:00 p.m., Monday-Friday, except Federal holidays. Minutes will also be available by writing to John S. Applegate, Chair, the Fernald Citizens Task Force, P.O. Box 544, Ross, Ohio 45061 or by calling the Task Force message line at (513) 648-6478.

Issued at Washington, DC on June 20, 1995.

Rachel M. Samuel,

Acting Deputy Advisory Committee Management Officer.
