

In pursuing such position limit violations, the PHLX will apply the applicable position limit of the other exchange, together with any applicable exemption, interpretation or policy, to transactions in non-PHLX options by a PHLX member. When a PHLX member enters into an opening transaction on another exchange in a PHLX-listed option, the PHLX will continue to apply the position limits and exemptions set forth in the PHLX's rules.

The PHLX anticipates that the other options exchanges will file substantially similar proposals with the Commission.

The Exchange believes that the proposal is consistent with Section 6 of the Act, in general, and, in particular, with Section 6(b)(5), in that it is designed to remove impediments to and perfect the mechanism of a free and open market as well as to protect investors and the public interest by expanding option exchange position and exercise limit jurisdiction to uniformly cover excessive transactions.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The PHLX does not believe that the proposed rule change will impose any inappropriate burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either received or requested.
