Applicant

The Applicant (Thomas) plans to construct a single family residence on Lot 28 on Hunters Point and Deer Field Drives, Lake Georgetown Estates Subdivision, Georgetown, Williamson County, Texas, and Applicant (Graci) plans to construct a single-family residence on each individual lot known as Lot 17, Lot 18, and Lot 19, Six Twenty Oaks Subdivision, Section 2, Travis County, Texas. These actions will eliminate less than one-half acre of land and indirectly impact less than one-half additional acres of golden-cheeked warbler habitat per residence. The applicants propose to compensate for this incidental take of golden-cheeked warbler habitat by placing \$1,500 per residence into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Proposed Action

The proposed action is the issuance of permits under Section 10(a)(1)(B) of the Endangered Species Act to authorize the incidental take of the golden-cheeked warbler.

The Applicant (Bette Craddock Pressler) plans to construct a single-family residence at the specific sites

indicated: Lot 5, Lot 6, Lot 4, Lot 3, Lot 1, and Lot 2, West Lake Hills, Travis County, Texas, (Permit numbers PRT-800438, PRT-800439, PRT-800440, PRT-800441, PRT-800442, and PRT-800443 respectively).

The proposed construction and operation of the single-family residences will comply with all local, State, and Federal environmental regulations addressing environmental impacts associated with this type of development. Details of the mitigation are provided in the individual Environmental Assessment/Habitat Conservation Plans. These conservation plan actions ensure that the criteria established for issuance of an incidental take permits will be fully satisfied.

Alternatives Considered

1. No action,
2. Proposed action,
3. Sale of the property, and purchase of another parcel,
4. Alternative site layouts,
5. Wait for issuance of the regional Section 10(a)(1)(B) permit,

Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plans, the Service has determined that these actions are not major Federal actions which would significantly affect the quality of the human environment with the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of Environmental Impact Statements on the proposed action is not warranted.

It is my decision to issue the Section 10(a)(1)(B) permits for the construction and operation of the single-family residences at the sites specified above in Travis County, Texas.
