SUPPLEMENTARY INFORMATION: The Administration for Children and Families (ACF) announces that competing applications are being accepted for Federal financial assistance to participate in intensive joint planning and development activities that would reinforce the concept of the temporary nature of welfare, and promote self-sufficiency and employment. An initial financial award for 12 months, for up to 8 sites will be made under this announcement. The Department will fund up to four (4) grantees who will be selected on a competitive basis to receive second year continuation grants for implementation of cultural change models. The recipients will be expected to enter into a cooperative agreement with ACF.

This program announcement consists of four parts. Part I provides background information about the Changing the Culture of Welfare (CCW) demonstration. Part II describes the activities supported by this announcement and application requirements. Part III describes the application review process. Part IV provides information and instructions for the development and submission of applications. The forms to be used for submitting an application follow Part IV.

Part I—Introduction

Current welfare reform proposals emphasize work, responsibility and the temporary nature of welfare. The focus of the Aid to Families with Dependent Children (AFDC) program is changing from providing benefits to preventing welfare dependency. There is growing consensus that AFDC benefits should be transitional, time-limited assistance, requiring a goal-oriented partnership between the welfare agency and the AFDC client. Such a partnership should be designed to help the client recognize the value of work and construct a plan to enter the job market and/or training to quickly achieve economic self-sufficiency.

Welfare reform initiatives in the 1980s and 1990s exemplify States' efforts to seek alternative methods of reducing welfare dependency. Reform has primarily been sought through waivers of statutory provisions, seen as barriers to achieving economic independence. In the welfare debate, another emerging issue has been the need for a radical culture change in the welfare system and the methods of assistance provided to the AFDC families.

Part II—Project Design

Purpose

The purpose of the demonstration project is to provide an opportunity for State/local IV-A agencies who: (1) want to design and implement cultural change strategies or (2) are already implementing cultural change strategies successfully but want to further expand their initiatives, to focus more strongly on work, and make the system more supportive of self-sufficiency efforts.

State and local welfare agencies are on the front line of the needed culture change since change must begin where the client meets the worker. In focusing on what the client needs to become self-sufficient, workers, supervisors, and administrators must view their jobs in a broader context. Workers must be empowered to participate in changing the culture of the welfare office and helping clients move from dependence to independence.

This culture change may be achieved by a variety of different approaches, including changes in management style, staff training, performance measurement and changes to the AFDC and JOBS rules which are perceived to impede the transition from welfare dependency to economic self-sufficiency.

Sites will need to create and test cultural change models and look at the impacts, costs, and benefits of their models. They will need to demonstrate how the model can be expanded and provide up-front delivery of services to promote employment opportunities and portray welfare as a transitional program.

They will need to also demonstrate how the job of the AFDC worker has changed, or will change, from one of determining eligibility and payment accuracy to one of financial consultant/customer service agent. This role includes working with the client to explore options and alternatives to public assistance, resources available in the community to meet immediate client needs, demonstrating the financial benefits of employment vs. receipt of welfare, and marketing (employment opportunities to the client, and clients to potential employers) etc.

Eligible Applicants

Financial assistance under this announcement is limited to State and local IV-A agencies. An application from a local IV-A agency must be approved by the State IV-A agency.

ACF is interested in providing financial support to IV-A agencies with experience in, or a demonstrated commitment to changing the culture of

welfare. Examples of cultural change include:

1. Training management and staff, as part of a overall process redesign geared toward employment and self-sufficiency, including customer relations training.
2. Improving and modifying technology to support the line worker's ability to service clients.
3. Implementing performance standards for evaluating staff with an emphasis on job placement standards as an important criteria.
4. Establishing new criteria and incentives to reward staff participating in and promoting cultural change activities.
5. Implementing a competency-based case management system.
6. Reclassifying personnel positions to upgrade eligibility determination staff.
7. Co-locating administrative and client service delivery staff working on AFDC and JOBS. Combining income maintenance and JOBS responsibilities in one worker.
8. Implementing more intensive interventions to accommodate harder-to-serve populations which would include individuals with learning disabilities and/or developmental disabilities.
9. Establishing with educational institutions such as community colleges, training institutions and local employers, short term competency-based training programs linked to actual jobs.

Minimum Requirements for Project Design.

In order to compete successfully in response to this announcement, the applicant should develop a plan which:

- Includes an outline and discussion of current, or planned culture change activities at the proposed demonstration sites. This outline should include a description of the specific features/components and services that are involved with, or impacted by culture change activities, relevant demographics of the demonstration site, and the level of agency commitment and community collaboration.
- Describes how the applicant proposes to expand existing culture change strategies and how these strategies will involve a coordinated, integrated approach among, at minimum, AFDC/JOBS staff.
- Demonstrates how this model will increase the experiential/research information we now have of what AFDC clients need to become self-sufficient.
- Demonstrates how the model (or parts thereof) can be replicated in other localities.

- Includes methods for measuring the effects of the demonstration on AFDC/JOBS participants, e.g. increased participation, employment/earnings; reduced welfare dependency.

- Describes how a cost/benefit analysis will compare the direct and indirect costs with the financial and non-financial benefits of the program from the point of view of the participants; the government (Federal, State, and local); and the taxpayer.

- Includes the applicant's approach for providing assistance and training to State and county demonstration project staff, as needed.

- Provides information about other (State, local, community) resources the site will use to support this effort, including financial support (if any) for the demonstration, in addition to Federal funding.

- Provides for travel to Washington, DC (2 times) and one site visit to another project for up to three people.

In recognition of the scope of the initiative, the potential difficulty in successfully implementing and operationalizing agency culture change, and the significance of the initiative for public policy, ACF has determined that a close, cooperative working relationship between the ACF and the selected States will greatly further the public interest. Therefore, the awards made under this announcement will be cooperative agreements between ACF and the selected State IV-A agencies. It is anticipated that ACF will be involved in the performance of the initiative in the following manner:

- ACF, working in cooperation with the State, will review and comment on the agency's cultural change strategies to ensure that the project meets specified goals and objectives.

- ACF will conduct site visits, teleconferences, and meetings, as appropriate, to provide technical assistance.

- ACF will facilitate information sharing and discussions across sites.

The above-cited areas of involvement are illustrative of the anticipated level of Federal involvement with the selected States in the initiative. The exact activities will be detailed in the Cooperative Agreement which will be developed with each selected State.

Project Duration

The length of the project should not exceed two years (24 months). This announcement is soliciting applications for two-year projects. Awards, on a competitive basis, will be for an initial one-year budget period for the design and planning of the project. Up to eight recipients of this initial award will

compete among themselves for the four (4) continuation awards. Four awards for project implementation, beyond the one-year budget period but within the two-year project period will be entertained, subject to availability of funds, satisfactory progress of the recipient, and a determination that continued funding would be in the best interest of the Government.

Federal Share of the Project

The maximum Federal share of the Project is not to exceed \$1.8 million for the two-year project period, subject to the availability of funds. The maximum Federal share for the first year budget period will be \$400,000 divided among up to eight recipients. The maximum Federal share for the second year continuation grants will be \$1.4 million divided among four recipients.

Matching Requirement

Applicants must provide at least five (5) percent of the total cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. The non-Federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$50,000 in Federal funds must include a match of at least \$2,632 (i.e., 5 percent of the sum of the Federal and the non-Federal cost of the project). The successful applicant's match must be met by the completion of the project period.

The recipient will be required to provide the agreed upon non-Federal share, even if it exceeds the required match stated above. Therefore, applicants should ensure that any amount proposed as matching funds is committed to the project prior to inclusion in its budget.

Anticipated Number of Projects to be Funded

Up to eight projects will be funded under this announcement.

Part III—The Review Process

A. Review Process and Funding Decisions

Timely applications from eligible applicants will be reviewed and scored competitively. Reviewers will use the evaluation criteria listed below to review and score the application.

In addition ACF may refer applications to other Federal or non-Federal funding sources when it is determined to be in the best interest of the Federal Government or the applicant. It may also solicit comments

from ACF Regional Office staff, other Federal agencies, interested foundations and national organizations. These comments along with those of the reviewers will be considered by ACF in making the funding decision.

In making a funding decision, ACF may give preference to applications which reflect experience in working with the cultural change strategies since such experience on the part of a recipient has the potential to substantially improve the development of a culture change model.

B. Evaluation Criteria

Using the evaluation criteria below, reviewers will review and score each application. Applicants should insure that they address each minimum requirement listed above.

Reviewers will determine the strengths and weaknesses of each application in terms of the appropriate evaluation criteria listed below, provide comments, and assign numerical scores. The point value following each criterion heading indicates the maximum numerical weight that each criterion may be given in the review process.

Review Criteria

(1) Knowledge of Changing the Culture of Welfare (25 points)

The applicant's proposal should demonstrate a good understanding of the project design and the tasks and objectives involved in the project. The application should provide: (a) evidence of organizational experience in changing the culture of welfare and/or (b) evidence of commitment to planning and implementing agency cultural change activities. The discussion should also reflect a clear understanding of "culture" change and the current emphasis on work and responsibility and transitional benefits.

(2) Approach and Project Design (30 points)

The application should include: (a) an outline of the project design which takes into account specific features the applicant wishes to address, the objectives, component(s) and services that will be impacted by the culture change strategies; (b) a description of how the applicant will involve agency staff (AFDC and JOBS) in the planning process, which staff (front-line worker/management etc.), and the level of staff involvement; and (c) the applicant's approach for providing assistance and training to agency staff to enable their full participation in the planning process.

(3) Public—Private Partnerships (15 points)

In order to maximize the potential resources of the community to provide options and alternatives to the public welfare system, the applicant should provide evidence of coordination and commitments by public, private, non-profit, community organizations and businesses to support changing the culture of welfare.

(4) Methodology (5 points)

The application should describe proposed methodology for measuring the effects of the planned demonstration on AFDC/JOBS participants and the extent to which the experiential/research knowledge will be increased.

(5) Staff Skills and Responsibilities (20 points)

It has been our experience that in order for demonstrations of this scope to be successful, the support and commitment of the administrators at the highest levels of the agency are necessary. Demonstrations such as this are under tight time constraints and require innovation and flexibility. For example, it may be necessary from time to time to provide exceptions to normal administrative processes or to establish expedited processes. Thus the support and commitment of senior official to accomplish the many tasks involved is critical. The application should discuss this issue and indicate the level of commitment to the demonstration which is proposed. The application should list key individuals who will work on the project along with a short description of the nature of their contribution. Summarize the background and experience of the project director and key project staff.

(6) Budget Appropriateness (5 points)

The application should demonstrate that the project's costs are reasonable in view of the anticipated results and benefits. Applicants may refer to the budget information presented in the Standard Forms 424 and 424A.

Applicants for projects to be administered by Federally-recognized Indian Tribes are also exempt from the requirements of E.O. 12372. Otherwise, applicants should contact their SPOCs as soon as possible to alert them of the prospective applications and receive any necessary instructions. Applicants must submit any required material to the SPOCs as soon as possible so that the program office can obtain and review SPOC comments as part of the award process. It is imperative that the applicant submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to: Department of Health and Human Services, Administration for Children and Families, Division of Discretionary Grants, 370 L'Enfant Promenade, S.W., 6th Floor, Mailstop 6C-462, Washington, D.C. 20447.

Refer to the beginning of this announcement under the heading

This is a standard form used by applicants as a required facesheet for preapplications and applications submitted for Federal assistance. It will be used by Federal agencies to obtain applicant certification that States which have established a review and comment procedure in response to Executive Order 12372 and have selected the program to be included in their process, have been given an opportunity to review the applicant's submission.

Item and Entry:

1. Self-explanatory.
2. Date application submitted to Federal agency (or State if applicable) and applicant's control number (if applicable).
3. State use only (if applicable).

9. Name of Federal agency from which assistance is being requested with this application.

10. Use the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested.

11. Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.

12. List only the largest political entities affected (e.g., State, counties, cities).

13. Self-explanatory.

14. List the applicant's Congressional District and any District(s) affected by the program or project.

15. Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate *only* the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 15.

16. Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process.

17. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes.

18. To be signed by the authorized representative of the applicant. A copy of the governing body's authorization for you to sign this application as official representative must be on file in the applicant's office. Instructions for the SF-424A*General Instructions*

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B. Section A. Budget Summary Lines 1-4, Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in *Column* (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For *new applications*, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The

amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5—Show the totals for all columns used.

Section B. Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a-i—Show the totals of Lines 6a to 6h in each column.

Line 6j—Show the amount of indirect cost.

Line 6k—Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7—Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal-Resources

Lines 8-11—Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included provide a brief explanation on a separate sheet.

Column (a)—Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b)—Enter the contribution to be made by the applicant.

Column (c)—Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

Column (d)—Enter the amount of cash and in kind contributions to be made from all other sources.

Column (e)—Enter totals of Columns (b), (c), and (d).

Line 12—Enter the total for each of Columns (b)-(e). The amount in column (e)

should be equal to the amount on Line 5, Column (f), Section A.

Section D. Forecasted Cash Needs

Line 13—Enter the amount of cash needed by quarter from the grantor agency during the first year.

Line 14—Enter the amount of cash from all other sources needed by quarter during the first year.

Line 15—Enter the totals of amounts on Lines 13 and 14.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Line 16-19—Enter in Column (a) the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Line 20—Enter the total for each of the Columns (b)-(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

Section F. Other Budget Information

Line 21—Use this space to explain amounts for individual direct object-class cost categories that may appear to be out of the ordinary or to explain the details as required by the Federal grantor agency.

Line 22—Enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied, and the total indirect expense.

BILLING CODE 4184-01-P

U.S. Department of Health and Human Services
Certification Regarding Drug-Free Workplace Requirements
Grantees Other Than Individuals

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

This certification is required by regulations implementing the Drug-Free Workplace Act of 1988, 45 CFR Part 76, Subpart F. The regulations, published in the May 25, 1990 Federal Register, require certification by grantees that they will maintain a drug-free workplace. The certification set out below is a material representation of fact upon which reliance will be placed when the Department of Health and Human Services (HHS) determines to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HHS, in addition to any other remedies available to the Federal Government, may taken action authorized under the Drug-Free Workplace Act. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or governmentwide suspension or debarment.

Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios.)

If the workplace identified to HHS changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see above).

Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 USC 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15).

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about:

(1) The dangers of drug abuse in the workplace; (2) The grantee's policy of maintaining a drug-free workplace; (3) Any available drug counseling, rehabilitation, and employee assistance programs; and, (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

(1) Abide by the terms of the statement; and, (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or, (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant (use attachments, if needed):

Place of Performance (Street address, City, County, State, ZIP Code) _____

Check if there are workplaces on file that are not identified here.

Sections 76.630(c) and (d)(2) and 76.635(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central receipt point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, S.W., Washington, D.C. 20201.

Food and Drug Administration

[Docket No. 95N-0182]

KV Pharmaceutical Co.; Proposal To Withdraw Approval of Two Abbreviated New Drug Applications and One Abbreviated Antibiotic Drug Application; Opportunity for a Hearing

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is proposing to withdraw approval of two abbreviated new drug applications (ANDA's) and one abbreviated antibiotic application (AADA) held by KV Pharmaceutical Co., 2503 South Hanley Rd., St. Louis, MO 63144 (KV). The grounds for the proposed withdrawals are (1) that the applications contain untrue statements of material fact; and (2) that based upon new information evaluated together with the evidence available when the applications were approved, there is a lack of substantial evidence that the drugs will have the effect they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in their labeling.

DATES: A hearing request is due on July 26, 1995; data and information in

support of the hearing request are due August 25, 1995.

ADDRESSES: A request for a hearing, supporting data, and other comments should be identified with Docket No. 95N-0182 and submitted to the Dockets Management Branch (HFA-305), Food and Drug Administration, rm. 1-23, 12420 Parklawn Dr., Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Harry T. Schiller, Center for Drug Evaluation and Research (HFD-366), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-594-2041.

SUPPLEMENTARY INFORMATION:

I. Background

On February 4, 1992, FDA attempted to inspect KV to determine whether or not the firm was following current good manufacturing practice (CGMP) regulations. The firm, however, refused to provide necessary records as required under the Federal Food, Drug, and Cosmetic Act (the act). (See sections 505(k) and 704 of the act (21 U.S.C. 355(k) and 21 U.S.C. 374).) The agency, therefore, obtained inspection warrants and inspected KV between March 11 and April 23, 1992. Despite the inspection warrants, KV failed to provide all of the documents requested. FDA conducted another inspection of KV between July 31 and November 3, 1992.

During the two 1992 inspections, the agency compared documents and data found at the firm with records previously submitted to FDA in support of KV's AADA and ANDA applications. The agency discovered that KV had submitted false and misleading information in the following applications:

1. AADA 62-047, Erythromycin Ethylsuccinate Oral Suspension, 200 and 400 milligrams (mg);
2. ANDA 71-929, Disopyramide Phosphate Extended Release Capsules, 100 mg; and
3. ANDA 86-538, Nitroglycerin Extended Release Capsules, 2.5 mg.

In support of the AADA and the two ANDA's listed above, KV submitted analytical data necessary for approval and continued approval of the applications, including stability data. During its inspections of KV, the agency discovered documents that showed that KV had made untrue statements in some of the stability data it had submitted in supplements and amendments to the applications. The documents also showed that KV had made untrue statements concerning stability data in

annual reports submitted to the applications.

In letters dated June 1, 1993, and November 12, 1993, FDA informed KV that the agency intended to downgrade the therapeutic equivalency rating of the products listed above in the agency's publication "Approved Drug Products with Therapeutic Equivalence Evaluations" (the "Orange Book") and to begin the administrative procedures necessary to withdraw approval of the products. Accordingly, as explained below, the Director of the Center for Drug Evaluation and Research (the Director) is proposing to withdraw approval of the products' applications.

II. Evidence That the Applications Contain Untrue Statements of Material Fact

The first ground for withdrawing the AADA and two ANDA's listed above is that the applications contain untrue statements of material fact (21 U.S.C. 355(e)(5)). This section presents FDA's general comments on untrue statements and materiality, and then sets forth the specific false and misleading information in the three abbreviated applications.

A. Untrue Statements

The untrue statements submitted by KV in its drug applications include both stability test results that are inconsistent with stability test results retained by the firm and selective or incomplete reporting of stability data.

1. Conflicts Between Information Submitted to the Agency and Information Retained by the Firm

The first type of untrue statement submitted in the drug applications listed above consists of data that differ from data and other primary source information discovered at the firm. The agency concludes in such cases that, in the absence of a satisfactory explanation, the discrepant information in the application is untrue.

Information in an AADA or ANDA, including the facts and data covered by this notice, is generally derivative information. Such information is often a restatement, summary, or copy of original data or other underlying information such as that found in laboratory notebooks not specifically included in the application. The agency believes that original or underlying data generally have a higher degree of reliability because they are the primary sources of the information that are usually created contemporaneously with the event the information describes. Restated, summarized, or copied information submitted in the
