Notice Pursuant to the National Cooperative Research and Production Act of 1993—Microelectronics and Computer Technology Corporation

Notice is hereby given that, on May 24, 1995, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Microelectronics and Computer Technology Corporation ("MCC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, the changes are as follows: Digital Equipment Corporation, Marlboro, MA, has agreed to participate in MCC's TRICE Project; Express Star Systems, Austin, TX, has agreed to participate in MCC's Infosleuth Project; and EINet Acquisition Corporation, Austin, TX, has agreed to become an Associate Member. Bell Communications Research Corporation and Unisys Corporation have not renewed their Associate memberships with MCC.

On December 21, 1984, MCC filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on January 17, 1985 (50 Fed. Reg. 2633).

The last notification was filed with the Department on November 17, 1994. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on April 13, 1995 (60 FR 18857).

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Network Management Forum

Notice is hereby given that, on June 6, 1995, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301

et seq. ("the Act"), the Network Management Forum ("the Forum") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions to its membership. The additional notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, the identities of the new members to the venture are as follows: ISICAD, Anaheim, CA; LDSS Communications, Inc., Tulsa, OK; and SBC Communications Inc., St. Louis, MO are Corporate Members. DSI PTY Ltd., Toowong, Queensland, AUSTRALIA; Gruppe Fur Angewandte Informatik Ag, Herrenschwanden, SWITZERLAND; ISR Global Telecom, Orlando, FL; Samsung Electronics Co., Ltd., Seoul, KOREA; and TCSI, Berkeley, CA are Associate Members. National Aeronautics and Space Agency, Greenbelt, MD; Nova Lepidoptera Ltd., Ilford, Essex, UK; Open Technology Pty Ltd., North Sydney, AUSTRALIA; Stanford Telecom, Reston, VA; and Technology Partners International, Columbus, OH are Affiliate Members.

No other changes have been made since the last notification filed with the Department, in either the membership or planned activity of the group research project. Membership in this group research project remains open, and the Forum intends to file additional written notification disclosing all changes in membership.

On October 21, 1988, the Forum filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on December 8, 1988 (53 FR 49615).

The last notification was filed with the Department on March 14, 1995. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on May 24, 1995 (60 FR 27559).

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Cooperative Research and Development Agreement No. SC92/1074 Seismic Source Development

Notice is hereby given that, on May 26, 1995, pursuant to Section 6(a) of the National Cooperative Research and

Production Act of 1993, 15 U.S.C. 4301, *et seq.* ("Act"), the Participants in the Cooperative Research and Development Agreement No. SC92/1074 ("CRADA") titled "Seismic Source Development," have filed written notifications simultaneously with the Attorney General and with the Federal Trade Commission disclosing (1) the identities of the parties to CRADA, and (2) the nature and objectives of the venture. The notification were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the current parties participating in the CRADA are Amoco Production Company, Tulsa, OK; Chevron Petroleum Technology Company, Houston, TX; Conoco, Inc., Houston, TX; Exxon Production Research Production Company, Houston, TX; E-Systems, Montek Division, Salt Lake City, UT; Gas Research Institute, Chicago, IL; Pelton Company, Inc., Ponca City, OK; and Sandia Corporation, Albuquerque, NM.

The objective of this Project is to investigate the feasibility with respect to the technical definition and establishment of as well as the development of a downhole seismic source. The general objectives of the Project are to develop a seismic source having an advanced hydraulic system with high-temperature electronics along with a high frequency seismic receiver. This technology is useful to image the region between two boreholes, to determine the geologic structure, rock properties, and possibly the fluid saturation between the boreholes. The seismic source developed hereunder is positioned in one borehole and the seismic receiver is positioned in the other, to permit the generation of a topographic image of the earth. The results of the Project will be evaluated to demonstrate the potential for commercial use of the technologies developed thereunder and to identify which limiting factors might restrict this application.

Participation in this venture will remain open to all interested persons and organizations until the Project Completion Date, which is presently anticipated to occur approximately March 1, 1996. The Participants intend to file additional written notifications disclosing all changes in the membership of the group of Participants involved in this Project.

Information regarding participation in the Project may be obtained from Robert F. Heming, Chevron Petroleum

Technology Company, 2811 Hayes Road, Houston, TX 77082.

Drug Enforcement Administration

[Docket No. 94-58]

Lawson A. Akpulonu, M.D.; Revocation of Registration

On May 16, 1994, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Lawson A. Akpulonu, M.D. (Respondent), who currently holds DEA Certificates of Registration in Los Angeles, Culver City, South Gate and El Monte, California, proposing to revoke his DEA Certificates of Registration, AA9426481, BA3296286, BA3386679 and BA3295931, as a practitioner, pursuant to 21 U.S.C. 824(a)(5). Specifically the Order to Show Cause alleged: between January 1981 and December 1990, Respondent submitted false Medicaid claims to the California Medical Assistance Program and, as a result, Respondent obtained over \$15,000 to which he was not entitled; in March 1991, Respondent pled guilty to and was convicted of one count of Section 14107 of the California Welfare and Institution Code, presenting a false Medicaid claim, in the Municipal Court of Los Angeles Judicial District Court and as a result of such conviction, Respondent paid a \$5,000 fine and was placed on probation; and effective October 15, 1992, the Office of Inspector General, United States Department of Health and Human Services, excluded Respondent from participating in the Medicare program and in any State health care program pursuant to 42 U.S.C. 1320a-7(a), for a period of five years.

The Order to Show Cause was sent to Respondent by registered mail and Respondent submitted a timely request for a hearing. Pursuant to an order of the administrative law judge, the Government filed its prehearing statement. Although Respondent requested and was granted an extension of time in which to file his prehearing statement, he failed to file a prehearing statement or a second motion to extend the time to file his prehearing statement. Consequently, on October 20, 1994, the administrative law judge terminated the proceedings.

Pursuant to 21 CFR 1301.54(d) and 1301.54(e), Respondent is deemed to

have waived his opportunity for a hearing. Accordingly, the Deputy Administrator now enters his final order in this matter without a hearing and based upon the investigative file. 21 CFR 1301.57.

The investigative file reveals that the Division of Medical Quality, Medical Board of California, Department of Consumer Affairs, State of California (Medical Board) suspended Respondent's medical license and his privilege to handle controlled substances, effective April 14, 1995. Although the Medical Board had a pending accusation against Respondent based upon allegations which included those set forth in the Order to Show Cause, the recent suspension was based upon new allegations that Respondent had committed sexual battery against female patients while these patients were under sedation.

Since Respondent is not authorized to prescribe, dispense, administer or otherwise handle controlled substances in the State of California, the Deputy Administrator concludes that DEA does not have the statutory authority under the Controlled Substances Act to continue or renew the registrations if the registrant is without state authority to handle controlled substances. 21 U.S.C. 802(21) and 823(f). The DEA has consistently so held. See Roman Pla, M.D., Docket No. 86-54, 51 FR 41168 (1986); George S. Heath, M.D., Docket No. 86-24, 51 FR 26610 (1986); Dale D. Shahan, D.D.S., Docket No. 85-57, 51 FR 23481 (1986); and cases cited therein.

Since this suspension is extant, it is not necessary to make findings pertaining to the allegations in the Order to Show Cause. Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificates of Registration, AA9426481, BA3296286, BA3386679 and BA3295931, previously issued to Lawson A. Akpulonu, M.D., be, and they hereby are, revoked, and any pending applications for the renewal of such registrations be, and they hereby are, denied. This order is effective July 28, 1995.

Dated: June 21, 1995.

Stephen H. Greene,

Deputy Administrator.
