The Classification Decision was published in the **Federal Register**, on February 1, 1983 (48 FR 2559). On December 27, 1983, because the applicant had failed to comply with the terms of the lease offer, the application was denied. No appeal was filed within the time allowed and the case was closed. Appropriation of any of the land described in this order under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38 (1988), shall vest no

rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locator over possessory rights since Congress has provided for such determination in local courts.
