BILLING CODE 6210-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[ME-23-1-6827b; A-1-FRL-5214-5]

Approval and Promulgation of Air Quality Implementation Plans; Maine; Gasoline Marketing Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of Maine on July 6, 1994. This revision consists of regulations which require the implementation of reasonably available control technology (RACT) for controlling volatile organic compound (VOC) emissions from gasoline marketing operations. In the Final Rules Section of this **Federal Register**, EPA is approving the gasoline marketing regulations included in the State's July 6, 1994 SIP submittal. EPA is approving several of these regulations as a direct final rule without prior proposal because the Agency views them as noncontroversial and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

DATES: Comments must be received on or before July 31, 1995.

ADDRESSES: Comments may be mailed to Susan Studlien, Acting Director, Air, Pesticides and Toxics Management

Division, U.S. Environmental Protection Agency, Region I, JFK Federal Bldg., Boston, MA 02203. Copies of the State submittal and EPA's technical support document are available for public inspection during normal business hours, by appointment at the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region I, One Congress Street, 10th floor, Boston, MA and the Bureau of Air Quality Control, Department of Environmental Protection, 71 Hospital Street, Augusta, ME 04333.

FOR FURTHER INFORMATION CONTACT: Anne E. Arnold, (617) 565-3166.

SUPPLEMENTARY INFORMATION: For additional information, see the direct final rule which is located in the Rules Section of this **Federal Register**.

Authority: 42 U.S.C. 7401-7671q.

Dated: May 19, 1995.

John P. DeVillars,

Regional Administrator, Region I.

BILLING CODE 6560-50-P

40 CFR Part 52

[WI53-01-6914; FRL-5250-2]

Redesignation of the Forest County Potawatomi Community to a PSD Class I Area; State of Wisconsin

AGENCY: United States Environmental Protection Agency (USEPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: The purpose of this action is to propose approval and seek public comment on the request by the Forest County Potawatomi (FCP) Tribal Council to redesignate lands within the FCP Reservation in the State of Wisconsin to Class I under USEPA's regulations for prevention of significant deterioration (PSD) of air quality. The Class I designation will result in lowering the allowable increases in ambient concentrations of particulate matter (PM), sulfur dioxide (SO₂), and nitrogen oxides (NO_x) on certain of the FCP Community's lands.

DATES: Comments must be received on or before September 5, 1995. An informational meeting and public hearing on this proposal will be held on August 2, 1995. The informational meeting will start at 2:00 pm CDT and the public hearing will immediately follow it.

ADDRESSES: Written comments should be addressed to: Carlton Nash, Chief, Regulation Development Section, Air Toxics and Radiation Branch, United States Environmental Protection

Agency, 77 West Jackson Boulevard (AT-18J), Chicago, Illinois 60604.

An informational meeting on Class I PSD redesignations in general and a public hearing on the FCP redesignation request in particular will be held at the Indian Springs Lodge on Highway 32 in Carter, Wisconsin starting at 2:00 pm CDT on August 2, 1995. The hearing will be strictly limited to the subject matter of the proposal, which is that the proposed redesignation meets the procedural requirements.

Supporting information used in developing the proposed rule and materials submitted to USEPA relevant to the proposed action are available during normal business hours for public inspection and copying at the Air Toxics and Radiation Branch, Region 5, United States Environmental Protection Agency, 77 West Jackson Boulevard (AT-18J), Chicago, Illinois 60604. A copy of this information and materials is also available for inspection at the Crandon Public Library, 104 South Lake Avenue, Crandon, Wisconsin 54520-1458.

FOR FURTHER INFORMATION CONTACT: Constantine Blathras, USEPA Region 5 (AT-18J), 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-0671.

SUPPLEMENTARY INFORMATION: Part C Title I of the Clean Air Act (Act) provides for the prevention of significant deterioration of air quality. The intent of Part C is to prevent deterioration of existing air quality, in areas having relatively clean air—those areas designated pursuant to Section 107 of the Act, as "unclassifiable", or "attainment" relative to an areas National Ambient Air Quality Standard. These areas are referred to as "PSD areas". The Act provides for three basic classifications applicable to PSD areas located within the United States. Associated with each classification are increments which represent the maximum allowable increase in ambient air pollutant concentrations above a baseline concentration.

Part C initially designated as Federal Class I certain areas, under Section 162(a) of the Act, such as international parks, wilderness areas, national memorial parks, and national parks.¹ The PSD regulations provide special protection for Federal Class I areas. Class II applies to areas in which pollutant increases accompanying moderate growth is allowed. Class III applies to those areas in which

¹ The 1990 CAA Amendments included provisions to allow the boundaries of existing federal Class I areas to be expanded, but no new Class I areas were created.
