

numerous issues concerning the protection of the San Miguel River's natural resources and the management of users, including commercial recreation users that operate under Special Recreation Permits issued by the BLM. The final plan will provide strategies for determining thresholds for commercial use and the means for rationing use should those thresholds be exceeded.

The BLM has determined that a moratorium on the number of commercial outfitting permits is needed to hold the commercial use at 1994 levels while the multi-objective plan is being prepared. The moratorium will allow BLM to direct full management attention to the planning process instead of spending significant amounts of time, personnel, and budget reacting to higher and higher levels of uncontrolled use and resources damage.

The moratorium will go into effect immediately and remain in effect until the final plan is approved. Only those commercial outfitters that had a valid permit in 1994, and properly met the requirements of that permit, will be eligible to obtain permits in 1995 and any future year until the plan is approved.

When the plan is approved, the moratorium will be lifted and constraints on the number of outfitting permits and/or the total number of user days associated with those permit, if any, will be implemented.

Sales of outfitting businesses and any transfer of permits that may apply during the period of the moratorium will be dealt with through BLM Manual H8372-1.

EFFECTIVE DATE: June 15, 1995.

FOR FURTHER INFORMATION CONTACT: Additional information concerning this moratorium on commercial outfitting permits in the San Miguel River Special Recreation Management Area and Area of Critical Environmental Concern may be obtained from Karen Tucker, Recreation Planner, Uncompahgre Basin Resource Area, Montrose District, 2505 South Townsend Ave., Montrose, Colorado 80401, (970) 249-6047.

Authority for implementing this action is contained in 43 CFR 8372.3.

Dated: June 20, 1995.

Proposed Withdrawal and Opportunity for Public Meeting; Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The U.S. Department of Agriculture, Forest Service, has filed two applications to withdraw approximately 8.94 acres of public lands, in order to return the lands to national forest status. The lands had been occupied for homesite purposes and were excluded from the Tongass National Forest and restored to entry under the public land laws by Executive Order No. 5449, dated September 25, 1930, and Executive Order No. 5947, dated November 16, 1932, respectively. This notice closes the lands for up to 2 years to those segregations applicable to National Forest System lands; however, the lands are also affected by overlapping Public Land Order No. 5180, as amended, and will remain subject to the segregations established by that order until a further opening order is issued.

DATES: Comments and requests for a public meeting must be received by September 27, 1995.

ADDRESSES: Comments and meeting requests should be sent to the Alaska State Director, BLM Alaska State Office, 222 West 7th Avenue, No. 13, Anchorage, Alaska 99513-7599.

FOR FURTHER INFORMATION CONTACT: Sue A. Wolf, BLM Alaska State Office, 907-271-5477.

SUPPLEMENTARY INFORMATION: On June 7, 1995, the U.S. Department of Agriculture, Forest Service, filed applications to withdraw the following described public lands, to be managed and subject to the segregations established for National Forest System lands:

Copper River Meridian

(1) Fish Creek Parcel (AA-8964), located within the E $\frac{1}{2}$ NW $\frac{1}{4}$ of Sec. 23, T. 68 S., R. 99 E., as described in Executive Order No. 5947, this parcel contains approximately 5.00 acres.

(2) Farragut Bay Parcel (AA-11330), located within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 21, T. 55 S., R. 77 E., as described in Executive Order No. 5449, this parcel contains approximately 3.94 acres.

The areas affected by this order aggregate approximately 8.94 acres.

The homesite entries were never patented, therefore the exclusions are no longer appropriate. The purpose of the proposed withdrawal is to restore the lands to the Tongass National Forest,

and to be managed as National Forest System lands.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the Alaska State Director of the Bureau of Land Management at the address indicated above.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the Alaska State Director within 90 days from the date of publication of this notice. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting.

The applications will be processed in accordance with the regulations set forth in 43 CFR 2300.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the lands will be segregated as specified above unless the applications are denied or canceled or the withdrawal is approved prior to that date. The segregation made by this order shall overlap but not otherwise affect the segregation established by Public Land Order No. 5180, as amended.

The lands will be managed in accordance with the various acts that govern occupancy and use of National Forest System lands. Temporary uses which may be permitted during this segregative period would be for land use authorizations that are compatible with intended uses allowed under the discretion of the authorized officer.
