

numerous issues concerning the protection of the San Miguel River's natural resources and the management of users, including commercial recreation users that operate under Special Recreation Permits issued by the BLM. The final plan will provide strategies for determining thresholds for commercial use and the means for rationing use should those thresholds be exceeded.

The BLM has determined that a moratorium on the number of commercial outfitting permits is needed to hold the commercial use at 1994 levels while the multi-objective plan is being prepared. The moratorium will allow BLM to direct full management attention to the planning process instead of spending significant amounts of time, personnel, and budget reacting to higher and higher levels of uncontrolled use and resources damage.

The moratorium will go into effect immediately and remain in effect until the final plan is approved. Only those commercial outfitters that had a valid permit in 1994, and properly met the requirements of that permit, will be eligible to obtain permits in 1995 and any future year until the plan is approved.

When the plan is approved, the moratorium will be lifted and constraints on the number of outfitting permits and/or the total number of user days associated with those permit, if any, will be implemented.

Sales of outfitting businesses and any transfer of permits that may apply during the period of the moratorium will be dealt with through BLM Manual H8372-1.

EFFECTIVE DATE: June 15, 1995.

FOR FURTHER INFORMATION CONTACT: Additional information concerning this moratorium on commercial outfitting permits in the San Miguel River Special Recreation Management Area and Area of Critical Environmental Concern may be obtained from Karen Tucker, Recreation Planner, Uncompahgre Basin Resource Area, Montrose District, 2505 South Townsend Ave., Montrose, Colorado 80401, (970) 249-6047.

SUMMARY: The U.S. Department of Agriculture, Forest Service, has filed two applications to withdraw approximately 8.94 acres of public lands, in order to return the lands to national forest status.
