Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Survey of Pollution Abatement Costs and Expenditures, Annual Capital Expenditures Survey—Supplement for Pollution Abatement.

Form Number(s): MA-200, PA-2.

Agency Approval Number: 0607-0176.

Type of Request: Revision of a currently approved collection.

Burden: 44,375 hours.

Number of Respondents: 17,750.

Avg Hours Per Response: 2.5 hours.

Needs and Uses: The Census Bureau uses Forms MA-200 (Survey of Pollution Abatement Costs and Expenditures) and PA-2 (Annual Capital Expenditures Survey – Supplement for Pollution Abatement) to measure private industry's cost to meet increasing Federal, state, and local regulations for controlling pollution. We use the MA-200 to collect data on capital expenditures and operating costs for pollution abatement in manufacturing plants; the PA-2 is for nonmanufacturing plants. The data from these forms are an essential source for monitoring the impact of environmental programs on the U.S. economy and the responsiveness to these programs. The most significant revision being made to this collection is that the PA-2 is now

a supplement to the Annual Capital Expenditures Survey instead of the discontinued Plant and Equipment Expenditures Survey. Some changes have been made to instructions for both forms based on requests from respondents. Additionally, one check box was added to one question at the request of the Environmental Protection Agency.

Affected Public: Business or other for-profit.

Frequency: Annual.

Respondent's Obligation: Mandatory.
