

[Docket 34-95]

**Foreign-Trade Zone 84, Houston, TX
Proposed Foreign-Trade Subzone
Crown Central Petroleum Corporation
(Oil Refinery Complex) Harris County,
Texas**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Houston Authority, grantee of FTZ 84, requesting special-purpose subzone status for the oil refinery complex of Crown Central Petroleum Corporation (Crown), located in Harris County, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on June 23, 1995.

The refinery complex (341 acres) consists of 2 sites in Harris County, Texas: *Site 1* (200 acres)—main refinery and petrochemical feedstock complex located on the Houston Ship Channel, at 111 Red Bluff Road, Houston; and *Site 2* (141 acres)—Crown Tank Farm and Terminal, located at 1200 Red Bluff Road, Pasadena.

The refinery (100,000 barrels per day; 380 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, kerosene, gas oil, diesel fuel, residual fuels, and naphthas. Petrochemicals include methane, ethane, butane, propane, and propylene. Refinery by-products include sulfur and petroleum coke. Almost 80 percent of the crude oil (80 percent of inputs) and some feedstocks and motor fuel blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. Foreign merchandise would also be exempt from state and local *ad valorem* taxes. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the

address below. The closing period for their receipt is September 1, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to September 18, 1995.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

Foreign-Trade Zones Board

[Docket A(32b1)-10-95]

Foreign-Trade Zone 122—Corpus Christi, TX Subzone 122C Neste Trifinery Petroleum Services (Crude Oil Refinery); Request for Modification of Restriction

A request has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Corpus Christi Authority, grantee of FTZ 122, pursuant to § 400.32(b)(1) of the Board's regulations, for modification of the restrictions in FTZ Board Order 310 authorizing Subzone 122C at the crude oil refinery of Neste Trifinery Petroleum Services (Neste) in Corpus Christi, Texas. The request was formally filed on June 26, 1995.

The Board Order in question was issued subject to certain standard restrictions, including one that required the election of privileged foreign status on incoming foreign merchandise. The zone grantee has requested that the latter restriction be modified so that Neste would have the option available under the FTZ Act to choose non-privileged foreign (NPF) status on foreign refinery inputs used to produce certain petrochemical feedstocks and by-products (primarily asphalt at this time).

The request cites the FTZ Board's recent decision in the Amoco, Texas City, Texas case (Board Order 731, 60 FR 13118, 3/10/95) which authorized

subzone status with the NPF option noted above. In the Amoco case, the Board concluded that the restriction that precluded this NPF option was not needed under current oil refinery industry circumstances.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 2, 1995.

A copy of the application and accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: June 26, 1995.

Executive Secretary.

In accordance with sections 353.22(a) and 355.22(a) of the regulations, an interested party as defined by section 353.2(k) may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 19 CFR 355.22(a) of the Department's Interim Regulations (60 FR 25137 (May 11, 1995)), an interested party must specify the individual producers or exporters covered by the order for which they are requesting a review. Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin, and each country of origin is subject to a

separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B-099, U.S. Department of Commerce, Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping Compliance, Attention: Pamela Woods, in room 3065 of the main Commerce Building. Further, in accordance with § 353.31(g) or § 355.31(g) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Antidumping (Countervailing) Duty Administrative Review," for requests received by July 31, 1995. If the Department does not receive, by July 31, 1995, a request for review of entries covered by an order or finding listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries

at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute, but is published as a service to the international trading community.

Dated: June 26, 1995.

Joseph A. Spetrini,
Deputy Assistant Secretary for Compliance.
