

The Department has developed, in consultation with the Secretary of Agriculture, information on subsidies (as defined in section 702(h)(2) of the Act) being provided either directly or indirectly by foreign governments on articles of quota cheese. The appendix to this notice lists the country, the subsidy program or programs, and the gross and net amounts of each subsidy

for which information is currently available.

The Department will incorporate additional programs which are found to constitute subsidies, and additional information on the subsidy programs listed, as the information is developed.

The Department encourages any person having information on foreign government subsidy programs which benefit articles of quota cheese to submit such information in writing to

the Assistant Secretary for Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

This determination and notice are in accordance with section 702(a) of the Act.

Dated: June 26, 1995.

Susan G. Esserman,
Assistant Secretary for Import Administration.

Determination Not To Revoke Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Determination Not to Revoke Countervailing Duty Orders.

SUMMARY: The Department of Commerce (the Department) is notifying the public of its determination not to revoke the countervailing duty orders listed below.

EFFECTIVE DATE: July 3, 1995.

FOR FURTHER INFORMATION CONTACT: Brian Albright or Maria MacKay, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202)482-2786.

SUPPLEMENTARY INFORMATION:

Background

On March 31, 1995, the Department published in the **Federal Register** (60 FR 16620) its intent to revoke the countervailing duty orders listed below. Under 19 CFR 355.25(d)(4)(iii), the Secretary of Commerce will conclude that an order is no longer of interest to interested parties and will revoke the order if no domestic interested party (as defined in sections 355.2(i)(3), (i)(4), (i)(5), and (i)(6) of the regulations) objects to revocation and no interested party requests an administrative review by the last day of the 5th anniversary month.

Within the specified time frame, for these countervailing duty orders, we received either an objection from a domestic interested party to our intent to revoke or a request for review. Therefore, because the requirements of 19 CFR 355.25(d)(4)(iii) have not been met, we will not revoke these orders.

This determination is in accordance with 19 CFR 355.25(d)(4).

Lamb Meat From New Zealand; Termination of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Termination of Countervailing Duty Administrative Review.

SUMMARY: The Department of Commerce (the Department) is terminating the

1993–1994 administrative review on lamb meat from New Zealand because the countervailing duty order has been revoked effective March 31, 1993. The review was initiated on October 13, 1994, (59 FR 51939) for the period April 1, 1993 through March 31, 1994.

EFFECTIVE DATE: July 3, 1995.

FOR FURTHER INFORMATION CONTACT: Gayle Longest or Kelly Parkhill, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C., 20230; telephone: (202) 482–2786.

SUPPLEMENTARY INFORMATION:

Background

On May 22, 1995, the Department issued the final results of the administrative review for the 1992–1993 period of review, and revoked the entire countervailing duty order effective March 31, 1993 (60 FR 27082). The Department found that the GONZ had met the requirements for revocation of the countervailing duty order pursuant to 19 CFR § 355.25(a)(1) and 19 CFR 355.25(b)(1). Based upon certification by GONZ, as well as from the Department's previous two consecutive administrative reviews, the Department determined that the GONZ has abolished all subsidy programs for lamb meat for a period of three consecutive years. In addition, the GONZ has certified that it will not reinstate the abolished programs or substitute other countervailable programs. The Department further determined that there was no likelihood that the GONZ would substitute or replace formerly countervailable programs with new subsidies.

Prior to the Department's final determination to revoke the order, there was an opportunity for interested parties to request an administrative review of this order for the period April 1, 1993, through March 31, 1994. The GONZ submitted a request for an administrative review of this period on September 30, 1994 and the Department initiated the review on October 13, 1994 (59 FR 51939).

Since the Department revoked the order effective March 31, 1993, there is no basis for completing the administrative review covering the 1993–1994 period. Therefore, the Department is hereby terminating this review.

Dated: June 22, 1995.

Deputy Assistant Secretary for Compliance.

NOAA Pan-American Climate Studies (PACS), Program Announcement

AGENCY: Office of Global Programs, National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice.

SUMMARY: The Pan-American Climate Studies (PACS) Program is a contribution to the National Oceanic and Atmospheric Administration (NOAA) Climate and Global Change Program, and as such is designed to improve our ability to observe, understand, predict, and respond to changes in the global environment. This program builds on NOAA's mission requirements and longstanding capabilities in global change research and prediction. The PACS Program is a contributing element of the U.S. Global Change Research Program (USGCRP), which is coordinated by the interagency Committee on Environmental and Natural Resources. NOAA's program is designed to complement other agency contributions to that national effort.

DATES: Strict deadlines for submission to the FY 1996 process are: Letters of Intent must be received at the Office or Global Program (OGP) no later than August 2, 1995. Full proposals must be received at OGP no later than September 22, 1995. Applicants should receive notification of the suitability of their intended proposals by August 11, 1995. Investigators who have not received notification by that date should contact the program office. The time from target date to grant award varies with program area. We anticipate that review of the full proposal will occur during the fall of 1995 and funding should begin during the early spring of 1996 for most approved projects. April 1, 1996, should be used as the proposed start date on proposals, unless otherwise directed by a Program Manager. Applicants should be notified of their status within 6 months. All proposals must be submitted in accordance with the guidelines below. Failure to heed these guidelines may result in proposals being returned without review.

ADDRESSES: Proposals should be submitted to:

Office of Global Programs, National Oceanic and Atmospheric Administration, 1100 Wayne Avenue, Suite 1225, Silver Spring, MD 20910–5603, Attn: Michael Patterson

An Applications Kit can be obtained from: Grant Management Division, National Oceanic and Atmospheric Administration, 1325 East West Highway, Room 5426, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT:

Michael Patterson at the above address, 301–427–2089x12, Internet: Patterson@ogp.noaa.gov; or Stephen Piotrowicz, NOAA/Office of Oceanic and Atmospheric Research, 1315 East-West Highway, Rm 11560, Silver Spring, MD 20910, 301–713–2465, Internet: SPiotrowicz@oar.noaa.gov.

SUPPLEMENTARY INFORMATION:

Funding Availability

This Program Announcement is for projects to be conducted by investigators both inside and outside of NOAA, over a period of up to three years. NOAA believes that the Climate and Global Change Program will benefit significantly from a strong partnership with outside investigators. Current Program plans assume that approximately 50% of the total anticipated new resources available (\$0–5–1.0 million) in FY 1996 will support extramural efforts, particularly those involving the academic community. Actual funding levels may be subject to change depending on the final FY 1996 budget appropriation. For Federal Government investigators, funding will be provided through intra- or interagency transfers, as appropriate. For non-Federal investigators, the funding instrument will be a grant unless it is anticipated that NOAA will be substantially involved in the implementation of the project for which an award is to be made, in which case the funding instrument should be a cooperative agreement. Examples of substantial involvement may include but are not limited to proposals for collaboration between NOAA or NOAA scientists and a recipient scientist or technician and/or contemplation by NOAA of detailing Federal personnel to work on proposed projects. NOAA will make decisions regarding the use of a cooperative agreement on a case-by-case basis. Funding for non-U.S. institutions and contractual arrangements for services and products for delivery to NOAA are not available under this announcement.
