POSTAL SERVICE

39 CFR Part 111

**Changes in Preferred Postage Rates—
 Second-Class Mail, Third-Class Mail,
 and Fourth-Class Library Rate Mail**

AGENCY: Postal Service.

ACTION: Postage rate changes.

SUMMARY: Public Law No. 103-123 authorizes annual changes in the reduced rates formerly financed by appropriations for revenue forgone. This action implements these changes for fiscal year 1996.

EFFECTIVE DATE: The Board of Governors has directed that the changes pertaining to postage rates be implemented effective 12:01 a.m., Sunday, October 1, 1995.

FOR FURTHER INFORMATION CONTACT: Ernest Collins, (202) 268-5316.

SUPPLEMENTARY INFORMATION: Under 39 U.S.C. 3626(a) and 3642, the Postal Service is authorized to make annual adjustments in the postage rates for second-class in-county per-piece rates, the nonadvertising pound rate and per-piece rates for special second-class publications, the per-piece rates for classroom second-class publications; the special bulk third-class rates; and the fourth-class library rates. These adjustments are necessary to "phase up" the institutional-costs contribution of this mail to the statutorily required level by fiscal year 1999.

The rates for the advertising portion of second-class science-of-agriculture publications (under former 39 U.S.C. 4358(f)), zones 1 and 2, will remain the same, at 75 percent of the rates charged on advertising in regular-rate publications, as specified by law. These rates will not change until regular second-class advertising rates change by a general rate case.

The pound rates for second-class in-county mail will remain the same; the advertising pound rates for second-class classroom and special nonprofit publications will remain the same (that is, the same advertising rate charged the

advertising in ordinary commercial publications). Consistent with current standards, the advertising rate on the advertising portion of the publication is charged only if the advertising portion exceeds 10 percent of the publication's content.

The Postal Service adopts the following amendments to the Domestic Mail Manual, which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.

Effective October 1, 1995, the Domestic Mail Manual is amended as follows:

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: On August 3, 1994, the Indiana Department of Environmental Management (IDEM) submitted a SIP revision request which addresses certain reasonably available control technology (RACT) requirements under the Clean Air Act (Act) applicable to all major sources of volatile organic compounds (VOC) located in ozone moderate and above nonattainment areas for which the United States Environmental Protection Agency (USEPA) has not issued or will not issue a control techniques guideline (CTG). The

If adverse comments are received on this action, USEPA will withdraw this final rule and address the comments received in response to this action in a final rule on the related proposed rule which is being published in the proposed rules section of this **Federal Register**. A second public comment period will not be held unless warranted by significant revisions to this rulemaking based on any comments received in response to this action. Parties interested in commenting on this action should do so at this time.

DATES: This action will be effective September 5, 1995, unless an adverse comment is received by August 4, 1995.
